THE OREGON SENTINEL

OVERLAND TELEGRAPH.

[From the Sacramento Union.]

New York, June 13th.—The *Post's* Washington special dispatch says: Information has been received of the arrival of the rebel Secretary of State (Benjamin) at Bermuda. It is reported that Breckinridge and Trenholm have also escaped out of the country.

New York, June 16th.—The *Times* special dispatch says: Eight thousand troops left for home today. The last of Sherman's army left for the West this afternoon.

It appears that Buckner and Price surrendered without the consent of Kirby Smith, who issued an order at Houston, Texas, intending to struggle to the last for better terms; but being abandoned by the Texas troops, he counseled the rest to return to their families and resume the occupation of peace. It is reported that Smith with fifteen thousand troops and $1,000,000 in gold has gone to Mexico.

A. J. Hamilton, of Texas, is appointed Provisional Governor of that State, and James Johnson Provisional Governor of Georgia. The form of the proclamation is similar to those heretofore issued appointing Provisional Governors for North Carolina and Mississippi. The duties prescribed are the same.

New York, June 17th.—The *Herald's* correspondent in the Gulf Department says: On June 21 the rebel General Kirby Smith and Magruder were received on board the United States steamer Fort Jackson, Captain Sands, off Galveston—when articles of surrender for all the rebel Trans-Mississippi forces were signed by Smith. On the 5th Captain Sands and other officers proceeded up to the town, landed and received its surrender.

Generals Sheridan and Canby were in New Orleans June 10th. The former was engaged in organizing and forwarding forces for the occupation of Texas. Wellman's corps arrived at Mobile, and was ordered to move toward Texas. Custer's cavalry is already en route thither. The Thirteenth Corps, under Granger, and a portion of the Ninth Corps, under Steele, expected to start for that region in a few days.

Washington, June 18th.—The Government has received documentary proofs incontrovertible, of the guilt of Jeff Davis in the matter of labouring and most brutal treatment of Union prisoners.

The British government has withdrawn its recognition of Confederate vessels of war, and issued orders prohibiting them to enter any British port. France has also removed restrictions on naval intercourse, and has withdrawn from the confederate's character as belligerents.

Portsmouth, Va., was on Friday last turned over to the civil authorities, after having been under military rule for nearly four years. Other Southern cities will speedily be surrendered by the military to the civil authorities.

New York, 19th.—The Herald's correspondent says Maximilian has given a liberal subsidy to the Vera Cruz and New York steamship line, and Ben Holliday's line from Mazatlan to San Francisco.

An American company has the exclusive privilege of building and running horse railroads in the city of Mexico.

Patents for a large number of American inventions have been granted.

There are now in Mexico about forty thousand European troops. Of these 26,000 are French—mostly Zouaves; 8,000 Austrians and four thousand Belgians.

Duke Gwin has completely collapsed. He is still in Mexico, where he has been for several months. Maximilian never granted him an interview, and never passed word or letter with him. He is quite ignorant of his existence, while Gwin is debarred from crossing the threshold of the palace. Maximilian is every day talking with other Americans about important enterprises for developing the resources of his empire.

WASHINGTON TERRITORY.—Very full returns of the late election in Washington Territory have reached me. Mr. Dennyy is elected to Congress by a majority that will fully reach 1,100. Two years ago the Copperheads carried the Territory by two hundred majority. Considering that the number of votes polled does not probably exceed four thousand, we believe the present political change is without a parallel.

But in the next issue of the Oregon copperhead papers we expect to be told, as usual, that "Abolitionism is fearfully on the decline."—*Oregonian.*

It is stated that Maj. Gen. Ord, late commander of the Army of the James, is assigned to the command of the Department of Oregon, with his headquarters at Portland.

CURE YOUR COLD

SAVE YOUR LUNGS.

NEWELL'S PULMONARY SYRUP

Has Cured Thousands

AND

It Will Cure You.

"A cough is generally the effect of a cold, which has either been improperly treated or entirely neglected. When it proves obstinate, there is always reason to fear the consumption, as this shows a weak state of the lungs, and is often the forerunner of consumption."—Buchanan's Domestic Medicine.

STOP THAT COUGHING

Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try some thing else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

Newell's

Pulmonary Syrup,

Is really the VERY BEST remedy ever compounded for the cure of coughs, colds, Sore throat, asthma, whooping cough, bronchitis and consumption. Thousands of people in California and Oregon have been already benefitted by its curative powers.

WHAT KILLED HIM?

Dr. Hall, in his "Journal of Health," speaking of the death of Washington Irving asks the above question, and adds: "He might well have remained with us for years to come, had it not been for advice kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.

HE HAD A COLD!

which by some unpublished prescription, had been converted into an asthma. Who gave that prescription, or what it was, the outside world may never know." Let me say to Dr. Hall that that 'prescription' was not

Newell's Pulmonary Syrup.

Keep it in the house, use it freely, give it to your children upon the slightest indication of a cold, and you will think and speak of it as all do who have become acquainted with its merits.
