GOOD MEN WANTED.

A FEW ENERGETIC AND RELIABLE men can find permanent and profitable employment, by addressing the undersigned either personally or by letter. It is true not every one who engages in the business which we have to offer succeeds; but not every one succeeds in any business. It all depends upon the man who undertakes it. A poor man will take a good look in a good healthy, and make nothing for himself, and spoil the ground for a good agent; but such a person cannot make a living at any thing. We certainly do not want him to work for us. On the other hand we have had smart, active, wide-awake men take a look which others would pass over as worthless, and make thousands of dollars out of it.

Besides our own publications we have a good standard stock of Books, Maps, Engravings, &c., which are sold exclusively by subscription. We are constantly adding new and attractive works to our list. A representative of the firm is always at the East to make terms. As we buy largely for cash we obtain the very lowest prices; and as we have a well established and thoroughly organized subscription business, and a corps of intelligent, experienced canvassers constantly in the field, we have the choice of all new works as they are published. We are willing to do the business for a small profit as we buy for cash and sell for cash, and allow the agent who has most of the work to do a large profit. We supply agents at from two-thirds to one-half of the retail price. Subscription Works are not for sale in any bookstore in the United States. Several important works pertaining to the Pacific Coast in active preparation will be published by us and sold only by subscription. The right kind of men who are willing to work for it, can make money selling books by subscription. Full information may be obtained from
