OREGON SENTINEL.

JACKSONVILLE

SATURDAY, APRIL 25, 1885.

The Silverton Appeal announces that Hon. John H. Mitchell will return to Oregon in June to reside permanently, and welcomes him home. Thousands of others will join in the welcome.

It is a fact worthy of note, and one of which the Republican party may well feel proud, that though the administration has changed hands after twenty four years of rule, yet after a thorough sifting by the new heads of the departments, no frauds have been found.

The imbroglio in Europe is still simmering. Stocks fluctuate in the London markets according as the news for peace is favorable or unfavorable. The Russians are putting their coasts in a state of strong defence. If to gain time is what Russia desires she is succeeding admirably.

Secretary Lamar, in the case of the state of Oregon laying claim to certain lands in township 41, Lakeview land district, under the swamp land act, decides against the state and in favor of the settlers. The land in question embraces 1600 acres and the case has been pending for several years. The secretary's views accord with those of the former land commissioner, McFarland.

Senator Fair of Nevada, speaking of the stoppage of silver coinage says: "What the President thinks about it does not amount to much. It rests with Congress and Congress will not suspend the coinage. There is practically no such surplus of silver as represented. Nearly the amount of $46,000,000 lying in the treasury vaults is in reality in circulation by means of certificates. This agitation about silver is kept up like a great many other schemes in Congress by men who want to show how much they know. It is all for effect."

That all pertaining to the welfare of the immigration now coming into our State, and to ourselves, be systematically and well done, the State board of immigration is asking each county of the State to organize a local board of immigration. You have seen the board's letter. You know that the legislature has regarded this matter of immigration of eminent importance. The legislature has given a certain amount of money for the board's use. We should get as much good from this money as possible. These local boards are necessary to properly complete what the legislature has begun. As real economy is getting the most good from the money we do and spend, in nothing can Jackson county display more economy, and same time be so quickly benefited financially, and as largely so, as an immediate move in this matter. If we have advantages, and will make them known, many people will invest in this county, and the result will be good. Just as the state board of immigration is of good to the whole state, so in proportion will be a local board of immigration to Jackson county. Other counties are awakening in this matter, and that Jackson county be not behind, and backward it is for us to organize a local board of immigration through our commissioners at their next meeting in May. There is no use living in a country one thousand years before we see it developed, when it can be developed in our day and generation. A writer in the "Times" of last week says, there are thousands of people in our own state that know nothing of what we have in Jackson county; and we believe it. Rogue River valley is level. To see it is to admire it. The valley is very valuable for fruit—too valuable for common farming. Most of the fruit lands are the cheapest lands, because fruit has heretofore had the lowest consideration. We can raise many kinds of fruit which for goodness can not be beaten. We have a splendid climate. No part of the state is equal to it, and in her climate Jackson county is a millionaire. There are some men having nothing else to do, and inclinations to do worse, say they can't live on climate. Yet it is the life of some men, and they will invest thousands of dollars in it. It is worth millions of dollars to us. All in all this county is such that to make it known is to hurry forward its importance. We should have a local board of immigration whose duty it will be to gather and to keep on hand in Portland for inspection samples of our produce. Make known the country and to give personal attention to immigrants free of charge. There is no man awake who fails to see the great duty this county owes to itself in this matter [illegible] consideration. Let us have this lo[illegible] organized by the com[illegible] ing.

Jackson County.

Bro. McEroy of the Grant's Pass "Courier," sat in our sanctum yesterday and being a new-comer to Southern Oregon we asked him what he thought of Jackson county. His answer was as follows and he says he means every word said:

"It can be no longer doubted that Jackson county most assuredly is the Eden of Southern Oregon, at least from an agricultural stand point. The extensive and fertile valley of Rogue River present a fit theme for the pen of the poet and the pencil of the artist. To the emigrant hailing from the bleak and chilly clime of the Northwestern States where the climate is almost unbearable this part of Southern Oregon extends a most cordial welcome. Some one has spoken of a terrestial paradise fanned by the balmy zephyrs of an eternal spring and clothed in a gorgeous sheet of ever blooming flowers and rich in the melody of nature's choicest songsters. We may truly fancy that this poetical description was intended for this country and but a extension of Rogue River valley. But to those who have dwelt here for even the past few years will bear us out in what we have said. While the snow of last winter covered the Willamette valley from 16 to 24 inches no snow laid on the ground in this valley. For splendid water, pure air and magnificant scenery Rogue River valley stands peerless and alone."

It is the opinion of the 'practical' politicians among the New York Democracy that the appointment of Pearson as Postmaster, gives the governorship to the Republicans this Fall. "Over 1,700 places given the mugwumps in one lump! Why, they more places than they can give us votes!" exclaimed one leading Democrat on hearing of the appointment. That's a fact, and that's what's going to upset the Democratic prediction of long continued Democratic power; mark our prediction!

Josephine Circuit Court.

The following proceedings says the "Times" took place in the circuit court for Josephine county, at the April term hereof:

NOBBY CLOTHING STORE.—Ashland Oregon is the place for every man and boy, old or young, to buy their Fall and Winter clothing and furnishing goods because you can buy better goods for your money and you will live long and prosper, but if you go and pay the old fashioned prices for goods and then get sloshy clothing you are liable to swear because you are cheated, catch cold because the goods are sloshy and will not keep you warm, and then die, and then what will become of you. Go to the Nobby Clothing Store by all means, take no such chances. Tailor shop in connection. So you can get anything you want in the clothing line. *

CHILD'S SNOW FLAKE.—Every lady, wishing a clear, delicate complexion, should use Child's Snow Flake. It nourishes and freshens the skin, removes Tan and Sunburn, and, the natural appearance imparted, renders it impossible to detect its use. Warranted perfectly harmless. Sold by all druggists, or by the manufacturers, John A. Child & Co., Druggists, Portland, Oregon. Mail orders promptly attended to, Price 50 cents.

WANTED.—A position by a man and wife to take charge of a hotel in any portion of Jackson county. Long experience is their recommendation and good references can be given if required. Call on or address SENTINEL office, Jacksonville, Oregon. *

HIDES WANTED.—The undersigned will pay the highest cash price for bear skins and all other kinds of furs, deer skins, etc. Call around before selling.
