TOWN AND COUNTY.

Notice.—There will be a meeting of the subscribers to the capital stock of the Oregon City Printing and Publishing Company, at the County Clerk's office, on Saturday, the 29th of December, 1866, at 7 o'clock P. M.

By order of the INCORPORATORS.

Oregon City, Nov. 24th, 1866. 5:4w

BULLETIN CORRESPONDENCE.—An occasional correspondent of the San Francisco *Bulletin*, writing from Oregon recently, paid our city the following tribute: "The next town in importance to Portland, in Oregon, is Oregon City, which is situated on the right bank about 25 miles from the confluence of the Willamette and Columbia, and just below the falls. This is the oldest settlement in the State. Being situated at the extreme limit to which vessels from the ocean could ascend, it became very early a trading point with the natives. The romantic and the practical are finely blended in the appearance of the town and its environs. The falls of the Willamette, an excellent view of which may be obtained from a bluff overlooking the city east, are about 40 feet in height. The water descends into a narrow chasm, through which it boils and surges with a violence nothing can withstand. Oregon City has not until recently been of much promise, but a fine woolen factory, lately established there, has had a wonderful effect upon the condition of the town. A machine shop has been started, and another, as well as a paper mill, are being erected, and considering that the water power is equal to any on the continent, the conclusion is natural that the place will sooner or later become the Lowell of Oregon, if not of the coast. One of the most interesting features here is the basin, as it is called, of the Transportation Company—a reservoir constructed of wood, of sufficient size to contain a large number of steamboats. Formerly the up-river steamers landed some distance above the falls, and passengers and freight were conveyed from one boat to the other on a railroad about three-fourths of a mile in length. By building this basin just below the falls, which do not extend the entire width of the stream, the necessity for the portage is obviated, and a warehouse spans the distance between the two landing places. A lock is in contemplation which will enable them to run the same steamers the whole length of the river."

THE AURORA COLONY.—The practical benefits arising from the well directed efforts of a colony of people in Oregon, may be observed by the workings of the colony in the southern part of this county and the northern part of Marion county—at what is known as "Dutchtown"—Aurora, proper. The main body of this colony was left in the State of Missouri, but they are soon expected to join their friends here. During the war they were situated in the midst of the troubles, and suffered much during its continuance. This induces them to move to Oregon, where their associates have been long settled and are perfectly satisfied. The coming emigration will bring an accession to the wealth and increase the number of our German friends to fifteen hundred, and more sociable and worthy inhabitants cannot easily be found. The chief factor of the settlement, Dr. Kile, received a fine planing machine from San Francisco, on the last trip of the steamship *Montana*. The people are in a very thriving condition and pursue their avocations with becoming industry. There is nothing more valuable than their saw mill and sash and door factory attached. Dr. Kile, since his residence in Oregon, has shown himself an able business man as well as a good physician and governor among his people.

WOOLEN MILLS OF THE PACIFIC COAST.—There are six woolen mills in operation in Oregon, which consume annually about 1,025,000 pounds of wool. The Trullinger factory of this county, and a small factory in Douglas county have never before been taken into estimate. They will work up about 50,000 lbs. of wool annually. In California two large mills are in operation now, one is in process of erection, and another contemplated. We have no accurate information of the amount of wool annually consumed in California, but it will probably equal—no more—the amount consumed in Oregon. This would give 2,050,000 pounds of wool, made into blankets, casimeres, flannels, &c. These goods command ready sale, and are considered superior to the Eastern manufacture.

A GENUINE IMPOSTOR.—When Cook, the man on crutches, was here, he visited us, as was stated last week. While in our presence he told at least six lies—one of which was that the *Unionist* of Salem would "take back" on Monday last what it had said about him the previous week. "The poor ye always have among you," but as to this *poor fellow*, we warn the public against him. No doubt he is a cripple, but that need not be an excuse for his forever begging, lying, and deceiving people. He no doubt has much more solid cash than many upon whom he calls for aid.

WINTER IS UPON US.—Our friend J. H. Gist, of Canemah, has reminded us in the pleasantest manner possible, that

Barren winter, with his nipping cold,

is upon us. From this day henceforward until the vernal equinox, the days will be drear, and to add protection to shelter it will be necessary to have wood. This, Mr. Gist is prepared to furnish—

He will bring thee this;
Yea, and furred moss beside,
To winter thy corse.

See advertisement.

SPRUCE PAILS.—Our whilom friend R. G. Aldrich, formerly of St. Paul, Minnesota, we found recently at Astoria getting out timber for a large and extensive pail and tub factory at San Francisco. The thought occurred to us that if California must call on Oregon for the raw materials in this branch of business that it would be just as well to start a factory at home. California is now old enough to take care of herself, and Oregon ought to do better than to ship raw materials even for the making of spruce tubs, when she has such valuable facilities for the purposes of manufacturing as may be obtained at Oregon City.

PAPER STOCK.—The Paper Manufacturing Company of this city now have on hand about 400,000 pounds of material with which to begin operations. A portion of the machinery has been fitted and tried. It works in the most satisfactory manner.

CITY COUNCIL.—The regular monthly meeting of the City Council will be held on monday evening.

OREGON CITY MERCHANTS.—There are few places of the size of Oregon City that can boast of more enterprising merchants. Commencing at the upper end of Main street, we may enumerate, in the dry goods trade, six firms with whom the public can deal on as favorable terms as any in the State, not excepting Portland. These are: Wm. Barlow; Charman Bros.; S. Ackerman; I. Selling: J. R. Ralston, and J. Myers & Bro. Their purchases are made in the best markets of the country, and as corroborative of our statements, let the reader but give them a call. For groceries—call upon Wortman & Sheppard. E. B. Kelly, L. Diller, E. D. Kelly, or like energetic citizens. For stoves and tin-ware, look at the stock of C. W. Pope & Co. For books, etc., don't forget that pioneer of the "craft," Mr. J. Fleming. Our assurance to our readers is, that if they will follow our directions we will never misguide them. We are posted.

LYCEUM ORGANIZATION.—The projected Lyceum in this city was orzanized on last Tuesday evening, by the election of officers as follows:—Thomas Charman President; Maj. Magoon, H. Foster Vice Presidents; B. Killen Secretary. A question was proposed by Mr. Duncan, viz: *Resolved*, That Chinese labor is beneficial to Oregon—who also surprised his friends by taking the lead enthusiastically in support of the question. Mr. S. D. Pope assumed the lead in the negative. The subject would be continued last evening. From the fact that there were present some who do not take a general interest in the affairs of this city, or encourage societies of this character very greatly, it was surmised that the springing of this question was intended more particularly as a 'feeler' in this community, than for argument—time will tell.

PUBLIC HOUSES.—The card of the "Bennett House," Salem, appears in our columns to-day. The proprietor, Ex-Gov. L. Jay S. Turney late of Washington Territory, is now proprietor of the "Bennett," and he will most undoubtedly feed and treat any hungry traveler or pleasuee-seeker tip-top, who visits Salem, by calling at the "Bennett." We would also invite the attention of our readers to the card of M. O'Connor, the popular host of the What Cheer, at Portland. This House is so well known that not one word of comment is necessary from us, to induce any who have ever called there to go again. The Lincoln House at Portland, is also a very desirable Public House. The new proprietor, Mr. Matthieusen, late of Victoria, is quite attentive to his guests, and we recommend his house to the patronage of the public. Oregon has some really well kept hotels, and the above enumerated are three of them.

CHOP HOUSE.—If any of our friends should ever be so unfortunate as to be left behind at Portland, sometime when the steamer starts for Oregon City precisely at the hour, we advise them to seek the chop house of Mr. Wm. Rickards, one door *south* of Washington street, on First. He can "stay your stomachs" with an excellent meal. And he will "do" you equally as well before starting for the boat in the morning, if you will call upon him. His place is kept open all night.

THE RIVER.—The Willamette is now in excellent boating condition. The *Fannie Patton*, *Active*, and other steamers of the Company, now leave Oregon City regularly for above, every morning except Sundays, going up as far as Corvallis at least. The fine new steamer *Alert*, Capt. Kellogg, made a special trip to Portland on Wednesday, and we hear will take the place of the *Senator* next week. The boat now leaves Portland for Oregon City at 7 o'clock A. M.

STARR WHISKY.—Messrs. L. M. Starr & Co. of Portland, having passed the minutia, and at great expense refitted their establishment for the manufacture of the celebrated brand of Starr whisky, are now engaged largely in the making of an article, which, if people will drink, is recommended for use. Being home made, and from a firm with the reputation of the one referred to, Starr whisky certainly ought to be looked upon in a favorable light.

THANKSGIVING DAY.—Thanksgiving day, the 29th, was observed in this city with one accord. There were services in most of the churches, and the attendance was large. Business throughout the city was generally suspended, and the family hearth and festive board were both duly regarded.

SOMETHING NICE.—The lady readers of the ENTERPRISE will find something really nice by calling at Ackerman's. He has just opened a case of new style cloth circulars, imported expressly for the ladies who desire to appear well.

GOOD TEMPLARS FESTIVAL.—The Lodge of Good Templars in this city have recently held two festivals at their hall, the proceeds will be devoted to the furnishing of the hall in excellent style.

Oregon Lodge No. 3. I. O. of O. F.—Meets every Wednesday evening at 7 o'clock, in the Masonic Hall. Members of the order are invited to attend. By order N. G.

REDINGTON & CO.'S COLUMN.

REDINGTON & CO.'s
Essence of Jamaica Ginger.

THIS VALUABLE PREPARATION, CONtaining, in a highly concentrated form, all the properties of the Jamaica Ginger, has become one of the most popular domestic remedies for all diseases of the stomach and digestive organs.

As a tonic it will be found invaluable to all persons recovering from debility, whether produced by fever or otherwise, for whilst it imparts to the system all the glow and vigor that can be produced by wine or brandy, it is entirely free from the reactionary effects that follow the use of spirits of any kind.

It is also an excellent remedy for females who suffer from difficult menstruation, giving almost immediate relief to the spasms that so frequently accompany that period.

It gives immediate relief to nausea, caused by sea-sickness, etc. It is also valuable as an external application for Gout, Rheumatism, Neuralgia, etc. REDINGTON & CO.

GRAEFENBERG
UTERINE CATHOLICON.

If faithfully used according to directions will cure every case of Diabetes, and greatly mitigate the troublesome effects caused by a relaxation of the outlet of the bladder. It is a most successful remedy for Gravel and other diseases of the kidneys and bladder, and for Female diseases is unequalled.

The Catholicon uniformly cures Prolapsus Uteri, Whites, all Irregularities of the Monthly period, Suppression, Incontinence of urine, Bloating and Dropsical swellings, and all diseases of pregnancy. The specific action of this medicine is immediate and certain upon the Uterine and abdominal muscles and ligaments—restoring them to as healthy a state as those of childhood and youth, so that patients who have used the Graefenberg Company's Uterine Catholicon cannot sufficiently express their gratitude for the relief afforded.

REDINGTON & Co., Agents,
416 and 418 Front street, San Francisco.

WHY WILL YOU DELAY?

We are sorry that there are persons who suffer on day by day, month after month, and year by year, when friends and neighbors have been cured of the same malady that afflicts them. Now it has been proved by substantial evidence that SCOVILL'S BLOOD AND LIVER SYRUP will cure the worst cases of scrofula, Canker, Rheumatism, Neuralgia, etc.; yet still there are those who neglect this sure and valuable remedy. To such we say, try the syrup be convinced.

REDINGTON & Co., Agents,
416 and 418 Front street,
San Francisco.

STOP THAT COUGHING

SOME OF YOU CAN'T, AND WE PITY you. You have tried every remedy but the ONE destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S Pulmonary Syrup

is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefitted by the surprising curative powers of

NEWELL'S Pulmonary Syrup

and with one accord give it their unqualified approbation. We now address ourselves to all who are unacquainted with this, the greatest Panacea of the age, for the healing of all diseases of the Throat and Lungs, assuring you that

NEWELL'S Pulmonary Syrup

has cured thousands and it will cure YOU if you try it.

This invaluable medicine is pleasant to the taste; soothing, healing and strengthening in its effects; entirely free from all poisonous or deleterious drugs, and perfectly harmless under all circumstances.

Certificates from many prominent citizens of San Francisco accompany every bottle of

NEWELL'S Pulmonary Syrup

Throughout this Coast a great deal of suffering is experienced from Rheumatism. Weeks and even months of protracted and aggravated misery is endured by the victims of medical inefficiency and ignorance, which could be cured just as speedily as was MR. SPARROW, whose testimony is given below, and is only the echo of hundreds of other cases. DR. BOURNE cures without medicines, which accounts for his extraordinary success. No. 10, Masonic Temple, Post street entrance:

SAN FRANCISCO, Sept. 6, 1861.

DR. BOURNE:—Last Winter I was nearly dead, by an attack of inflammatory rheumatism. I suffered the most excruciating pains for about five weeks, without any hope of relief, when a friend hearing of my illness, called to see me, and assured me that if I would stop "drugging and dosing" and go to you, that you would have me walking about the streets in three days. Sure enough, although I was utterly helpless, and conveyed to your house in a carriage, and carried into it by three stout men, and by them lifted into the bath, yet, on coming out of it, I largely assisted myself, doing much towards dressing, and, without assistance, walked from the bath to the carriage. On the fourth day I discharged my carriage and walked, with a friend's aid, the entire distance to your house (nearly a mile) and home again, and so on until cured. I felt myself a well man. And now I am happy to do you this little service, of publicly certifying to the simple truth, leaving it to do its work among my friends and acquaintances as may chance to see this.

Your friend,
JOSEPH SPARROW.

CONSUMPTION!
An Interesting Letter.

Very few persons, even among physicians, would have been willing upon any terms to have been in the condition of the writer of the following letter on the 14th of February last. I will anticipate somewhat his report of the facts by saying that on the 15th of August he made me a visit, "the very picture of good health." Time, which tries and proves all things, has sufficiently tested this case, and shown that neither relapse nor collapse have followed, the cure is perfect, and can be cited among the scores of similar cases the result of my improved mode of treating diseases without medicine.

G. M. BOURNE,
Water Cure Physician,
No. 10, Masonic Temple, Post street.

SACRAMENTO, April 20, 1865.

DR. G. M. BOURNE—Dear Sir:—It is with pleasure and satisfaction that I now let you know of my good health. Looking back upon what I have passed through, it seems as if I had been lifted from the grave, and I think it my duty to acknowledge to you and the world the benefit I derived from water treatment as administered by you in your celebrated baths. It was in August 1864, when disease developed itself with a severe cough. I then took medicine, getting worse with chills, fevers, loss of strength, and was pronounced consumptive. This set me to thinking, and finally I determined to leave my business and go to the Sandwich Islands, having been informed that I could not be cured here. I went to San Francisco, and while waiting for a ship called upon Dr. Bourne, who stated that a trip to the Islands would probably result disastrously, was wholly unnecessary, as I could be speedily cured at his establishment. I placed myself under his treatment, and in one week was so much improved I thought I could risk returning home and do my duty as Engineer on the Central Pacific Railroad. The Doctor objected, but I thought I knew better, and returned to duty. In about two weeks my cough returned, and I kept getting worse, and contrary to Dr. Bourne's injunction never to take medicine again, committed that folly, and soon was so completely run down that I could scarcely walk; so, as a last resort, I concluded once more to try the Water Cure. I went to San Francisco—few of my friends expecting me to return; in fact I thought my return doubtful. On arriving at Dr. Bourne's establishment (Feb. 14, 1865) I was not able to get into the bath without assistance, but in a few days I began to recover myself again. I remained with him only six weeks, when I felt a "wiser and better man," without the aid of medicine. I have now been at work several weeks, and find that I am gaining every day and at present bid fair to be stouter than ever before. Persons visiting the Doctor's establishment find it just what it should be, both in the Ladies' and Gentlemen's Departments, and I cannot say too much in praise of the Doctor's kind attentions to his patients.

This letter I write for the benefit of all the afflicted, to be used as the Doctor decides, and should it be the means of directing any to his care and treatment who (as they assuredly will) find relief, I will be paid for my trouble. JAMES CAMPBELL,
Engineer Central Pacific Railroad.

SAN FRANCISCO, Aug. 22, 1865.

Advised by the undersigned, Mr. James Campbell, of the Central Pacific Railroad, (who was then in a most deplorable state of ill health) placed himself under the care of Dr. Bourne, the Water Cure Physician. Some six months afterward he visited the city, when I accidentally met him at Dr. Bourne's establishment, and am happy to say, restored to the enjoyment of good health, and in fine spirits.

JOHN SULLIVAN.

☞ Dr. Bourne treats all diseases of the throat, chest and lungs—which includes diptheria, bronchitis, incipient consumption, pleurisy, croup, etc.,—with great success. Great relief is afforded in advanced stages of consumption. Rheumatism, paralysis, neuralgia, fever and ague, dropsy, etc., etc., are also cured quickly, pleasantly and economically. No medicine whatever.

Dr. Bourne takes the liberty to publish the above as many persons had prophesied his relapse into his former condition, on returning to his duties, of the writer of an "Interesting Letter," whose statements concerning the cure of a well defined case of consumption have recently attracted so much attention to the Water Cure, as improved upon and practised by Dr. Bourne. This additional testimony must prove satisfactory to all reasonable minds. It should be remembered that Dr. Bourne uses no medicines whatever, and that his patients almost universally are those who failed to receive relief from the medical practitioners; yet they are cured with great rapidity, and in a pleasant and agreeable manner.
