Stocks Advance Only to Recede

New York, Jan. 26 (AP)—The stock market did no better than hold steady today.

A pre-noon buying flurry gave the price list a lift for a while but there was no follow-through to the demand and many gains faded away.

Most changes were in small fractions, with gains and losses well divided.

Turnover reached a rate of only about 1,200,000 shares for the full session.

Ahead a good part of the day were U.S. Steel, Studebaker, Sears Roebuck, Avco, Greyhound, Motorola, Armour, American Telephone, General Electric, Gulf Oil, and Johns-Manville.

Holding back were Inland Steel, General Motors, Chrysler, Goodrich, Dow Chemical Union Carbide, Philip Morris, and U.S. Gypsum.

Matthews to Be Called Back

Washington, Jan. 26 (AP) — Chairman Tydings (D., Md.) today agreed to call Secretary of the Navy Matthews before the senate armed services committee next week for questioning about the ouster of Admiral Louis Denfeld as navy commander.

Senato Knowland (R., Calif.) was pressing a formal demand for Matthews' appearance when Tydings broke in:

"That won't be necessary."

Later the chairman promised to "do all in my power" to have the navy secretary appear "next Monday or Tuesday" at closed session of the committee.

Prior to the committee meeting today Knowland and other republicans claimed enough democratic support to force the session with Secretary Matthews. Tydings had opposed it.

Knowland and other republicans, including Senator McCarthy (R., Wis.) have been sharply criticising Matthews for his testimony that Admiral Denfeld never was issued a commission for a second two year term as chief of naval operations.

Fortune Smiles on Farmers in 6 States

Washington, Jan. 26 (AP)—Farmers in only six states—among which Texas was the only major producing state—took in more dollar volume from their marketings in the first 11 months of last year than in the corresponding period of 1948.

The agriculture department so reported today. Its monthly farm income report showed that in the other 42 states farmers found their revenues down 10 per cent or more on the basis of the 11-month comparisons.

The states with higher farm income, in addition to Texas, were Delaware, Florida, Arkansas, New Mexico and Arizona.

Texas moved into top place in the country from the January-through-last November period with total income of $1,905,182,000 California took the second spot with $1,850,761,000, with Iowa slipping from the front the front position down to third with $1,808,543,000.

The agriculture department report of farm income from other states included: Washington $472,466,000 and Oregon $308,690,000.

Adams, tolltaker, said a buck and a doe stepped gingerly across the river about 300 yards east of the bridge, traversing an area that had been broken open only yesterday by an ice-breaker tug.
