LOCAL AND OTHER INTELLIGENCE.

COUNTY COURT.—The proceedings of the County Court consisted principally of doings in regard to roads and Supervisors thereof and the allowances of bills; either of which branches of subjects treated by that body are altogether too long for us to think seriously for one moment of publishing. The amount of bills allowed for jurors, witnesses, etc., is probably greater than at any preceding term (the total amount of which we hope to give next week). We select a few items from the records which we can give without inconvenience:

Mr. Sparks was licensed to retail liquor in Pendleton for six months.

D. Theodore was licensed to retail liquor in Umatilla for one year.

T. C. Benson qualified as Assessor by filing bonds in the amount of $5,000.

C. M. Mallory was appointed Constable of Upper Willow creek precinct.

J. H. Turner resigned the office of School Superintendent and Prof. J. C. Arnold was appointed to fill the vacancy.

The county paid Geo. T. Berry $250 for a bridge constructed by him across the Walla Walla river, title to the bridge vesting hereafter in the county.

S. L. Morse was paid $250 for constructing a bridge across the McKay—a valuable improvement.

If we had the space we would like to publish the amounts allowed witnesses, etc., in criminal cases prosecuted both in the Circuit and Justices' courts. It would just simply astonish the tax-payers. When witnesses earn all the way from $15 to $28 (which they did in the Wilson case tried last term of court) in one case, it is natural to conclude that being a witness is a good business. A continuation of criminal business as it has been for the past three terms of court will soon bankrupt this county, and it behooves some power to stop it and stop it right away. It is proper to remark that the Justices' fees in State cases in this county are taxed up very reasonable—much less than is usual. But we would suggest that a limit be placed on the number of witnesses to be subpœned in State cases, this being a source of great expense to the county; prosecuting witnesses, and occasionally attorneys are extravagant in this line when their clients do not have to pay the costs, but the county does.

DIED,—At Pendleton, January 15, 1876, SHERMAN DRAKE, aged 7 years, eldest son of James A. and Josephine G. Drake. The parents of deceased, together with Mr. Drake's father, left Canada November 21, seeking a new location. In Omaha they met Jacob Frazer, who recommended them to come to this county and settle, which they did. On arriving in this place, among strangers and with a sick child, everything looked gloomy. Their loneliness culminated on the death of their boy. Mr. D. requests us to return his thanks publicly to those many kind persons (and also the attending physician, Dr. Whitcomb) who so kindly lent their assistance to the family in the hour of their direst need. The family have removed to Birch creek, where for a while they will reside on the farm of Mr. Frazer.

We are in receipt of the "Report of the Superintendent of Public Instruction of Idaho Territory," printed at the Statesman office, Boise city. The work mechanically reflects credit upon the office from which it emanates. The contents of the work indicates great labor on the part of the Superintendent. The number of children between 5 and 18 years in the Territory for 1876 foots up to 3,852; the number attending school, 2,724. Total amount of receipts for the year 1876, with balance on hand at the close of 1875, $36,215 42; out of this amount was expended for teaching, etc., $16,590 55. Several counties failed to report to the Superintendent.

"Shep," of the Bedrock Democrat complains about the violation of promises to "bring wood on subscription." Why, Shep, we are astonished; you are located within five or six miles of splendid timber and can't get wood. You ought to be down here, where promises are always fulfilled. We are reminded of this by hearing the "chug" of good dry wood as it was being unloaded from Dr. Dickerson's wagon, just in accordance with promise. He be the kind of subscribers wee'uns have got down here.

RELIGIOUS.—Rev. P. A. Smith of Waitsburg will preach in Pendleton on the evening of Wednesday the 24th inst. Rev. Smith is a Universalist; a young man, and is spoken of as a fine pulpit orator.

E. R. Burke will make his Pendleton friends a visit as soon as Spring opens. He is now a resident of Dayton, W. T.

I. C. Disosway returned from Portland this week.

Arthur, son of G. W. Webb, is on a visit to his parents in Pendleton.

John Bowman is progressing rapidly with his mammoth barn.

The electoral vote for President is to be counted at Washington on the 14th of February.

W. R. Dunbar will address the Good Templars on Monday night at Milarkey's Hall.

J. G. McCoy will give a ball at his residence near the Meadows on the evening of February 22.

The Masons of this section will give a grand ball in Pendleton on the evening of February 22.

Nell Flaherty, the noted running mare, once owned by George Coggan, died some days ago near Victoria.

George M. Birdsall, for selling whisky to an Indian in Pendleton, got 30 days in jail at the hands of Judge Deady.

"Himes, the printer," 5 Washington-st., Portland, sent us a beautifully printed calender for 1877. Thank you!

Dr. LaDow was one of the committee on resolutions at a Democratic meeting held in Astoria on the 8th of January.

Arnold's Addition to Pendleton is looking up. Mr. M. Willis has just enclosed a new and to-be comfortable house.

A lodge of the Knights of Pythias was organized at Astoria last Wednesday; at least it was so announced in the Astorian.

The "beautiful snow" in a limited quantity visited us Thursday; but the temperature was such that it melted mostly away.

Commodore Vanderbilt died in New York on the 4th, aged over 80 years, with a property valued at over eighty millions of dollars.

TO-NIGHT.—W. R. Dunbar, G. W. C. T., I. O. G. T., will pay Alta Lodge a visit tonight. All members are expected to be present.

The Pendleton Brewery will commence brewing beer on Monday, January 20, and about the 5th of February the sale of the same will be commenced.

The bell purchased for the Episcopal Church in Pendleton is now in Portland. As soon as navigation opens on the upper Columbia the "high-toned" instrument will be forwarded.

INSTALLATION.—The officers elect for the present term, Damon Lodge No. 4, Knights of Pythias, will be installed on Wednesday evening next. The attendance of all members is required.

John C. Work, formerly of Portland, wrote a letter from the Black Hills which is published in the Dalles Tribune. He gives a glowing account of the present and future of that country.

The measles are decidedly plenty in town, unless Frank Beagle monopolized the entire stock, which is very likely, as we were informed that he had 'em tremendous hard and plenty.

The Astorian is entitled to great credit for the labor and talent displayed in the statistical table published by it week before last. Astorians ought to feel proud of the newspaper published in their growing town.

"Pap" Craig (which means A. P. Craig of Pendleton, and not Pap Craig of Union town) has purchased the lots east of the north end of Judge Bailey's lots on which he resides, and will erect an addition to the small house now on the premises. "Pap" can then live at home and cozily too.

A protracted meeting has been in full blast for the last two weeks. A dividend of converts was declared which resulted as follows—Methodist Church north, 2; Methodist Church south, 3; Baptist, 1. The sinners hereabouts were too obdurate and rock-like to soften under the influence of gospel teaching.

GAY TIME.—The Knights of Pythias Lodge in Walla Walla had a gay time at the installation ceremonies. It was public; they had a supper; Deputy Supreme Commander N. T. Caton delivered an impressive address giving a history of the founding, rise, progress, aims and objects of the order. James McAuliff succeeds Mr. Caton in the high office he has so ably filled.

STATE CASE.—J. M. Huffman was charged about two years ago with stealing a keg of butter valued at $37 50 and afterwards burying the same. After an absence of two years the accused was arrested and taken before Justice Thompson on Birch creek and tried. The testimony did not sustain the charge and Huffman was discharged. J. H. Turner appeared for the defendent; no appearance for the prosecution.

DECLINED.—It seems that over in the Milton country some trouble between two brothers culminated in an action at law; a correspondence in regard to the subject is on our table, without signature, saying a few rough things. Of course we cannot assume the responsibility of publishing it, therefore it goes into the waste basket. If the writer will not assume the responsibility of its publication by sending his name, it is cowardly in him to ask that the editor do so.

TREASURER'S REPORT.—Geo. W. Webb, Treasurer of Umatilla county, made his semi-annual report to the county court just adjourned; which report shows the following amounts, in the several funds named, now on hand:

State fund	$ 3,126 40
Incidental fund	153 13
Irreducible school fund, coin	411 89
" " " co.ord'rs	969 77
" " " notes	16,808 95
Common school fund, coin	909 14
" " " currency	326 28
County funds, county orders	3,249 26
" " currency	454 86
" " coin	279 96

The W. W. Union gives the following statistics in regard to the Walla Walla and Wallulu railroad:

During the year there had been transported to Wallula over the railroad 9,201 tons of wheat, 3,902 of flour, 485 tons barley, 157 tons flax seed, 65 tons wool, 1,454 tons of miscellaneous freight. During the same period there had been carried over the road 4,035 tons of up-freight, making a total of 19,299 tons of freight transported over the road during the year. The passenger traffic averaged 4 and 34-100ths passengers per day for every day the road was in operation. The road paid all expenses for the year, including the yearly interest, besides reducing the indebtedness $26,000, with the earnings of the road.

HIGH - SCHOOL!

THE UNDERSIGNED, Having purchased the Moore property on the corner of Court and Cottonwood streets, Pendleton, Oregon, has repaired and fitted the building for a school house, in which the next term of Pendleton High School will be opened on

MONDAY, JANUARY 1, 1877.

It is fully determined to make this a permanent school, and second to no other of the same grade in the State. Arrangements will be made to accommodate all who may desire to attend so as to obviate the necessity of sending off to distant points at a very great expense, those who wish to pursue a regular course of study.

Terms of Tuition per Qr.

Practical Course.....$10
Higher " 12 50

Payable on or before the middle day of the term. The practical course includes only the branches of study required by law to be taught in the Common Schools of Oregon; any pupil pursuing a branch of study not so included will be deemed in the Higher Course.

Time will be counted from the day of admittance into the school to the close of the term, unless by previous specific agreement; and no excuse for absence will be considered unless occasioned by protracted sickness of two or more consecutive weeks' duration.

Tuition must be settled promptly when due, either in U. S. coin or good n tes bearing interest. A deduction of five per cent. will be made on all bills paid during the first week of the term.

Board can be had either at the hotels or private families at reduced rates for regular pupils; the undersigned will also furnish hole, free from rent, to young men who may wish to build houses and board themselves, which can be done at small expense.

JNO. C. ARNOLD, Principal.

THE EAST OREGONIAN.

PENDLETON, UMATILLA CO., OREGON

This paper is published in really one of the best counties of the State, and which yet contains much valuable public land. The paper can be made a valuable auxiliary to the more speedy growth and settlement of the county, provided a generous support is accorded it by those who have positive interest in the welfare of this portion of the State. The very hard times and great scarcity of money will deter many from subscribing for the paper, who under ordinary circumstances, would willingly assist in maintaining the enterprise, by buying their MONEY'S WORTH of NEWS, both home and foreign. The duty of all is to subscribe, first, for a copy for home reading, and then to send at least one copy to a friend in the States, that it may then be circulated among those who desire to better their condition by immigrating to a better country. It is a notorious fact that Oregon papers sent East have brought hundreds of families to our State. Besides those friends left behind prefer a paper sent to them every week rather than a letter semi-yearly. Really it is in the power of all to subscribe, as we stand ready to receive from those who cannot pay money, ALL KINDS OF PRODUCE of the farm from a load of hay down to a turnip. It is not begging that we are, but simply reminding people of their duty, to themselves, their friends and the public.

To those doing business in the country the necessity, or rather benefit of advertising, ought to be apparent. Let our country paper make a good showing of business men; let it reflect the business of the country, and then those abroad can form a correct idea of what we are and what we are doing; besides the advertiser will get HIS MONEY BACK indirectly fourfold.

JOB PRINTING.

The EAST OREGONIAN job office can turn out as good plain business and social cards as any office in the State; having a fast Euggles card press in good order and condition, card printing is made a SPECIALTY. The large assortment of wood and other type renders the office complete for poster printing, which we are always ready to do with celerity and certainty and at very low prices. Any business man in the country desiring any kind of job work done, will please address us and get terms—and we pledge ourselves he will have no occasion to send to Walla Walla or Portland. Years of experience, and an acknowledged skill in job printing prepares us to assert that we can give entire satisfaction.

LOCAL ITEMS.

The settlements and towns of Umatilla county are so distant from the county-seat, and from one another, that the expenses of employing a reporter in each would be too great for the small business we expect to do for a year; therefore we would deem it an especial favor if persons in each town and settlement would send us each week all local items and occurrences in their town or settlement. Items which are sometimes considered trivial read well when in print. Young men and women who desire to cultivate their powers of composition, and learn to write in a terse, brief and plain manner can avail themselves of this invitation, and benefit themselves, the public, and render us a great favor. In these columns we hope to bring the people of all parts of the county closer together, to let the people of each section know what the people of other sections are doing—and this we cannot accomplish without assistance from one or more persons from every town and settlement in the county. Therefore we say
