For the last time, Democrats of Umatilla county, before the election, we appeal to you and we trust that we shall not appeal in vain. An important crisis in Oregon politics is at hand. A full ticket State and county officials is to be elected. It depends on your votes who shall fill these offices and who shall be your servants. If we divide our forces defeat awaits us, but if we all pull together, our success is assured. We have a crafty enemy who will not hesitate to do anything to overthrow our over throw. Their emissaries are now scouring the country, using every means fair or foul to defeat us. Every effort is being made to divide and rule the party and party Democrat is called Democrat. Will you be wheedled by the devil at his will? or will we can you say unto them, get thee behind us Satan. Remember who was elected President of the United States and then remember the people were defrauded out of their choice by Republican Democrat Hayes and at S to 7 court, and remember these are fresh in your minds go and vote for your last Democrats. Republicans are all liberty in these days and Democrats or Independents are called Democrats and still be considered Republicans. There is no Republican ticket in the field or none that was put there by a Republican convention. Remember and see that there is no Republican ticket in it. Know where you are going and see that it is all right. Vote the whole ticket, vote it straight. Do not allow yourself to be humbugged into the support of a bastard ticket, for we must admit that the opposition or so called Independent ticket is a bastard. It differs only in name though it bears the impress of our Democratic Marshal friend over the way, and is merely like Nesmith's mule, without ancestry or hope of posterity. Let us then lay aside every petty difference and rally to the support of our own ticket and not go off longer after strange Gods. It is a shame in a county where there are 250 majority Democratic for us to be so foolish as to allow a few gaping Republicans and some headed office seeking Democrats to scoop us up. We won't believe Democrats will suffer it when there is no match of stake. Again we implore you to come out and vote and let your ballot be for Democracy and the right. If you are a Democrat if you will only stop and consider what you are doing you will vote straight. Never kiss the hand that smites you. Remember that our present County Clerk got his present position at the hands of a Democratic court by appointment and in order to perpetuate himself in office introduced the sticker business two years ago. Will you vote for him?

The three worthies to the front. I. C. Dioaway has had his battle rubbed and attempts to kick a little at the drubbings he has been receiving. It need be this he has no conscience, surely. He says there is no Mitchell money in his pocket, that he has not received any money from *Mitchell* or any candidate. We never said he had but we do say that he came up the river from Portland with C. P. Crandell and old Ben Simpson. That Crandell and Simpson went to Walla Walla. That money has been disbursed there for the purpose of influencing the election in this county. That Dioaway received a portion and does his share of the fund. That money is to be used in Milton and Weston precincts on election day. Dioaway has the money with him and showed it to more than one person in Pendleton and told them that it belonged to an election fund. These are the charges we make against Dioaway and he has not denied one charge we made except to say in a roundabout way that it is false. He it was that two years ago when he started. Lake reports about Mr. Sloan, said when taken to task about it that he knew it was false but that he thought he had a right to tell any kind of a lie to carry the election. He also says that we made other accusations as false as the above. That we suppose may be true for no one doubts the truth of the statement that he is using others money drawn from the corruption fund, not from his candidates for they are too stingy to let go anything. He is a beautiful bird. Read the charges we made against I. H. Sharon and then read his evasive denial. If the poll books referred to come to him open and he did not open others why did he go to the express office for sealing wax to reseal them? Why not have them open. He talks about more mud and catching flies, etc. Again he and Dioaway left here on Thursday evening for Weston and Milton. They made these statements in the papers and armed themselves with a carpet bag full of them and posters and started out. Before leaving they ordered Friday not to allow the paper distributed till Friday, that the EAST OREGONIAN must not get hold of them till after the Heppner stage had gone, although these papers were mailed on Thursday and that is their regular issue day. Why were we afraid for us to see your pap? Of course as there is no competition again this election day it was done to prevent any reply to telling the voters in the west end of the county. In this we have made a mistake, we send Cover subscribers from now on, press this time. And let us say old Hay and Field know we made his interest our road to that date is a money of old. At it Hay sometimes, Dioaway is quite good and old friend. He is a rather good boy and will do well from Lane. He is a young lawyer and a very small man. Lake is a man of that stock that he cannot do more by any means will allow to do to compromise equity such business as person he is with. He is quite accommodating and is want to know is everybody to Republican to be accommodated. He is a dry old bird, it was one for Dioaway and Simon Lake to find.

Democrats in every precinct should be careful to read every name on the ticket for just before voting it. Our ticket has been invaded and proof sheets of the Democratic ticket for Umatilla county have been obtained by Ross Twiddle and down Friday, who is well up to tricks to cause to duplicating the head of the ticket and put in different places on the ticket whether names of certain Republicans are on it and thus secure from the unwary peeling and hence our ticket is to be which we otherwise would not vote for. This game has been done before by the Republicans and Independent party. Remember the sticker business in the last election in Umatilla county. Republicans Good Templars and Democrats voted the sticker and thus put the names of Democrats on the ticket there on which to defeat the regular nominees. Democrats, Republicans and Good Templars voted the Dolson ticket. Think it over and be careful. Don't let any one deceive you. Vote for the Democratic ticket and see that your neighbor does the same. Remember the sticker business in Umatilla county. Remember the sticker business in the last election in Umatilla county. Republicans, Good Templars and Democrats
