LOCAL AND OTHER INTELLIGENCE

Pendleton Business Men.

A person who visits Pendleton only semi-occasionally is naturally surprised to see the rapid advancement made in the business concerns of the town. Within the last year it has doubled.

THE PENDLETON HOTEL

Has, as all are aware, changed hands and is doing a business second to no hotel this side of Portland. The proprietors are good accommodating gentlemen and are receiving a well deserved, good paying patronage. In addition to this place, where the weary traveler can find rest and refreshment,

THE BON TON RESTAURANT

Has been opened by Mr. A. Lapierce formerly of Stine House, Walla Walla, and is truly a first class restaurant. Mr. Lapierce is a landlord born, and knows exactly how to cater to the wants of the public. Everybody is well pleased with

THE PENDLETON DRUG STORE

Whose proprietors have on hand and constantly receiving direct from San Francisco, fresh drugs, medicines, paints, oils, books and stationery, etc. This house compares favorably with any similar house in Portland or elsewhere. Within the year a long felt want of Pendleton has been supplied by Jesse Failing who has opened a first-class

FURNITURE STORE

On Main Street, where everything in the furniture line can be had as cheap as in Portland. The drinking public and those who like a quiet place to take their "nips" are accommodated at

STEVE'S SAMPLE ROOMS,

Where the irrepressible Steve has quietly located himself to meet the wants of all such in connection with the Bon Ton Restaurant.

If anything is wanted in the line of a first-class saddle and harness shop, it can be found at the shop of

FRANK GEAY

Who keeps none but first-class workmen and first-class material.

ALEXANDER & CO.,

One year ago, flung their banner to the breeze and have, by fair dealing, pushed forward over all opposition, and are now doing a first-class mercantile business, and are as firmly established at the "rock of ages."

When it is cold, all take something to warm them up, and when it is hot, it is absolutely necessary to have some cooling beverage, and no better place can be found than the

MATLOCK SALOON,

Where pure liquors can always be had.

Wm. Switzler has sold out and in his place can be found

LEHMAN BLUM,

In the dry-goods, clothing, grocery and general merchandise line with a full and complete stock which he is selling remarkably low.

We also find on the corner at the old stand, Mr. Rothchild, but within the past year he has taken unto himself, not a wife, but a partner, and

ROTHCHILD & BEAN

Are to be found doing a splendid business, and are daily selling an unprecedented amount of all kinds of the best goods ever brought to this market.

In passing farther on up the street towards our office we find the

HARDWARE STORE

Of G. W. Webb, crammed and jammed with all kinds of goods in that line, and a full and complete stock of stove and tinware. Mr. Webb has also supplied himself with a full stock of guns, pistols and cartridges, all of which he is selling at figures that defy competition.

MR. J. HEXTER,

Has, during the year, increased his stock of goods and is now doing a business that he may justly feel proud of. His stock is complete for a country store and gives satisfaction to all who favor him with their patronage. In connection with his store is the popular

MILLINERY ESTABLISHMENT

Of Mrs. Hexter, who at all times can be found at her post ready to wait on her customers. Anything in the millinery line can be found here and at prices to suit the times.

MRS. CARDEN

Has also opened a millinery shop in town and does all kinds of work in that line with neatness and dispatch. All work done by her is fully guaranteed to give satisfaction, as she knows just what she is doing and how to do it. But notwithstanding these two well regulated establishments, the increased and growing demands of the town have induced those two enterprising and energetic ladies, Mrs. Hendryx and Mrs. Spaulding, to open another establishment known as the

LADIE'S BAZAAR,

At the former residence of Mrs. LaDow on Court Street, where they have and are receiving the largest and most thorough and complete stock of millinery goods in Oregon east of Portland.

The genial and courteous Frank Depuy has taken charge of the

PIONEER, LIVERY AND FEED STABLE

On Court Street opposite Court House, and stands always ready to take proper care of stock of all kinds left in his care. Frank knows just how to take care of stock and always does it.

Israel Hathaway does the honors at the

NOTION STORE

On the corner of Main and Court Streets, and within the year has increased his business to keep pace with the demands and now has a first class business.

By this time you are no doubt a little dry or would like to smoke a fine cigar or amuse yourself by playing a game of billiards. If such is the case we advise you to step into the popular saloon of

JACOBSON & CO.,

"Set em up," and then if you have worn out the soles of your boots following us around go back to

LENNOX'S BOOT AND SHOE SHOP

And get your boots half-soled, for the proprietor can and will make them as good as new for you and will send you on your way rejoicing and you will be able to follow us down the street to

SPARKS SALOON,

And as we are almost exhausted we will step in and take something with you, for we know Sparks always keeps something good. This house, like the others, is doing a rushing business.

Adam Stang at the

CENTENNIAL BREWERY,

Opposite Bon Ton Restaurant, is making a large quantity of that healthful beverage, lager beer, and that of the very best quality. We advise all visitors to Pendleton to call at this brewery and sample some of Adam's beer. It is splendid.

Leaving this place, crossing over the bridge, you arrive at the

STAR BREWERY,

Lang & Stevenson, proprietors, where you will also find best of the best quality and in quantities to suit. Also

BOTTLED BEER

Equal in all respects to the best St. Louis beer. Also pig's feet, oysters, sardines and cigars.

Crossing back over the bridge, all hands in the blacksmith shop of

SHERSHALL & DUNSOM

Are busy shoeing horses, repairing farm implements, etc., etc., all of which is done in the best workmanlike manner and on short notice.

On Main Street opposite the Court House, a want of long standing to the people of Pendleton has been supplied by Robbins & Benson.

AT THE STAR MARKET,

Where the choicest meats are supplied at reasonable prices. These gentlemen have purchased a fine lot of

STALL FED CATTLE,

And furnish the very best meats in the market

THE MEDICAL DEPARTMENT

Is presided over by Drs. Pruett, Whitcomb, McKay and Ashford, all first-class physicians and fully up with the times in medical science.

NECESSARY EVILS.

L. Everts, J. A. Geyer, Wm. Ewing and Turner & Bailey are found always on hand ready to give good advice for a consideration and attend to all kinds of legal business. This, if you take our advice, is the poorest paying business you can engage in and we advise you to keep clear of lawyers.

If your teeth need repairs, or you are suffering with that dread disease,

THE TOOTH-ACHE,

Go to Dr. Lindsay, the dentist, and get first-class work done. Dr. Pennington has withdrawn for the present and has gone to Walla Walla for a few days.

At the corner, near the bridge, G. W. Bailey may be found at all times ready to attend to any and all

LAND BUSINESS

For settlers who are seeking homes in our midst.

Captain Isaac furnishes the town

FIRE-WOOD,

And now is the time to speak for wood for next winter. The Captain gives full measure and piles his wood clear, so when you buy a cord you get it.

THE PENDLETON PLANING MILL

Is doing an extensive business in that line, and have added to their establishment lately a furniture business and secured the services of a first class cabinet maker. Bentley & Hawn do their customers right.

The firm of

MAYS & ZEIGLER,

Carpenters, builders and joiners are second to none on the coast. They are first-class workmen, and do first-class work. They also manufacture a first class quality of home-made furniture, and do undertaking to order.

We also find the banner of

RUTKENDALL & GODKIN

Hanging out to view. These gentlemen are both experienced workmen, and will fit out their patrons with anything desired that can be made of wood, from a base ball bat to an elegant bed-room set or dwelling house. Undertaking and paper hanging a specialty.

PENDLETON FLOURING MILL,

Is said by those who know, to be one of the very best mills on the Pacific Coast. Byers & Co., the proprietors, have within the year past put an addition to their mills, doubling its capacity. It needs no word of praise from us, as all who patronize this mill once, return, saying: "It is good enough."

"SPRING TIME HAS COME,"

And with it the time to have your houses painted and put in order, and to do this and to do it correctly, so that your houses will be beautified and made pleasant, at a comparatively small cost it is necessary to go to the paint shop of R. Moreno, opposite Court House next door to G. W. Webb's.

There are quite a number of other who are doing a small one-horse business in town, but of very little importance, as they keep their light bid under a bushel. Their business never increases and it ought not to.

SPRING.—The hills around Pendleton are green and spring like. They are beautiful indeed.

MILLINERY.—Mrs. John Lemon has opened an extensive millinery establishment in Portland.

GONE.—Mrs. Livermore, Lot's better half has gone to Portland on a visit. Lot plays croquet with the ladies now, every day.

ANOTHER "AD."—See "ad." of J. M. Dowling under "New To-day" and if you need any hauling, patronize him.

ARRESTED.—Sheriff Sperry arrested L. Roberts, in Benton county, the other day, charged with appropriating a gun belonging to a man at Milton.

H. B. Luce has sold the Hillsboro *Independent* to H. G. Guild, a gentleman former engaged in newspaper publishing in Canyon City.

Caraquin jackets of a material different from the dress, are much in vogue. To be effective they require waistcoat and full ruffles of lace.

ON A VISIT.—Mrs. Morrow wife of Hon. J. L. Morrow, of Heppner, spent the week visiting her friends in Pendleton.

CLOSED.—Prof. Arnold's high school closed yesterday. We are not apprised as to when another term will begin or whether at all.

BALL.—Eureka Lodge, I. O. O. F., will give a grand ball on the 25th inst., the day preceding the 60th anniversary of the introduction of Odd Fellowship in America. A good time is anticipated and the best of music has been engagod. See posters.

DEPARTED.—Mr. and Mrs. Blum took their departure for San Francisco on Thursday last. Mrs. Blum will spend several weeks visiting friends while her Liege Lord will purchase his spring stock of goods and return at an early day. Bon voyage and safe return.

BUSINESS.—Stoves, tinware, axes, picks, spades, shovels, hoes, rakes, hammers, carpenter tools, guns, pistols, cartridges, saws, belts, ropes, brooms, axe handles, nails, scales and everything usually found in a first class hardware store or stove and tinshop, at G. W. Webb's all of which he is selling at bedrock prices.

ROAD TO GRANITE.—The proprietors of the "Monumental Mine" have purchased a mill and will proceed at once after the mill arrives to put in position to crush the rich ore now awaiting its arrival. A large and extensive trade will necessarily spring up in that locality at an early day and if our people act wise and have a good practicable wagon road opened from this place to the mines, we will be largely benefited, for this is on the line of the most practicable route from navigation to the mines. Steps should be taken at once to construct the road and get it in readiness for shipping the machinery for the mill over it before some other route is selected. This freight can now be hauled via Canyon City but it can be secured over this route if our business men do their duty. Later—Mr. Church secured about $700, subscribed in Pendleton for the purpose of opening this road, which, with what can be obtained elsewhere, will secure the road.

"GOT A HEAD ON HIM."—A man by the name of Brown went out to the Jewell ranch the other day, and, like the strennus, was a little full. So he took it into his head that he would run the ranch just a little while, for luck and pitched into a man by the name of Mohr and abused him elegantly and finally pulled him off the wagon. Some of the boys then pulled Mohr off Brown, our hero, who immediately started for town and reported that he had been thrown from a horse, his foot hanging in the stirrup, and in this condition he says he was dragged several hundred yards. W-l, we suppose he must have thought he was thrown on the rocks or struck by lightning, for he had an elegant head put on him and looked as if he had been toting it for a battering ram.

DONATIONS.—We are under many obligations to Dr. J. B. Lindsay for a nice ham, one of his own putting up. It was sweet and delicious. Also, we tender our thanks to Jas. Whittemore, of Birch creek, for his contribution. Another splendid ham was added to our larder and our housewife made happy. Mr. Whittemore brought in a wagon load of as nice hams, shoulders and sides as was ever our fortune to see. Don't take our word for it but go to L. Blum's where they were left and try one of them. They are the best, all in all, we ever saw.

A PUBLIC BENEFACTOR.—Lot Livermore is a public benefactor and ought to be voted a gold medal by the citizens of Pendleton for his valiant service in the hog business. Another one of these pests of society, that the owner had turned loose to prey upon his neighbors gardens, fell a victim to Lot's unerring aim the other day. There is nothing so mean as a hog in town except the owner. Here's our hat off Lot; you have, by your prompt action in this matter, endeared yourself to all the good people of Pendleton.

CHURCH ORGANIZED.—Revs. Oglesby, Berger, Yonkum and Warren of the M. E. Church, South, returned from Butter creek on Monday last, whither they had been on a preaching expedition. They informed us that the meeting resulted in capturing 12 prisoners (sinners) who surrendered unconditionally. All of whom took the oath of allegiance and enlisted in the army of the Lord and give promise of doing valiant service for the cause they formerly opposed. A Church was organized with a fair prospect of doing some good.

HIS WORK STOPS.—Dr. A. R. Pennington, the dentist went to Walla Walla last Tuesday morning where he will remain a week or ten days before returning to Pendleton. Parties desiring dental work done, either at Weston or Walla Walla would do well to see the Doctor as he is a first class dentist, as all his work at this place fully shows.

RAISY MILITIA.—Capt. Scotland's Co. of State Militia now numbers 60 men. The Captain has regular drill days and are ready for any emergency that may arrise. If the redskins are after trouble they can have it to their hearts content should they decide to go on the warpath this spring.

GONE BELOW.—Mr. Rothchild of the house of Rothchild & Bean went to Portland a week ago to replenish their stock of goods. Mr. Blum to k his departure for the same purpose on Thursday last and Mrs. Hexter goes to-morrow. Messrs. Spaulding and Hendryx will also leave for San Francisco next week to be gone sever al weeks.

TEACHERS INSTITUTE.—Prof. Arnold has selected Weston as the place to hold the Teachers Institute. A good selection. A good turn out is anticipated. Educators and all persons interested in education should attend and make the Institute a great success. Prof. Powell State Superintendent of Public Instruction will be in attendance.

THANKS.—We extend our thanks to Cas Matlock for 2 bottles of ale and 1 of St. Louis beer, also to Mr. Lapierce for a nice dish of pigs feet and chicken. We also had an invitation to dine at the Pendleton Hotel the other day by the enterprising proprietors, and assure the traveling public that no better table is set this side of Portland, than is found at the Pendleton Hotel.

CURTUX.—There is an old dirty stinker down street who is too mean to take a paper, yet he borrows (?) THE EAST OREGONIAN of his next door neighbor as soon as it is distributed, and says that no decent person will read it. Let the old brute alone, he will soon smother himself in his own filthiness.

LOCAL.—Read Blum's new "ad." He proposes to introduce here the proper system of business and give purchasers the benefit of cash transactions. He has marked down all his goods to the lowest cash figures. Give him a call at Bill Switzler's old stand.

LEFT FOR HEPPNER.—Miss Sallie Tilbitt left on the stage last Tuesday morning for Heppner where she proposes to remain during Spring and Summer. Her "fellow" here mourneth and refuses to be comforted because Sallie is not where he can see her every day.

FAIR WARNING.—All accounts formerly owing to the firm of A. H. Porter & Co. must be settled immediately either by cash or note. Those remaining unsettled May 1st, will be given our attorneys with orders to collect with additional costs.

apr5-1w SCOTT & RALEY.

COME PAY UP.—All persons indebted to the undersigned are requested to come forward and settle up. The amounts from each are small but in the aggregate to me considerable. I must have money and this is the last call. I. HATHAWAY.

apr1-1w

THANKS.—Rothchild & Bean have our thanks for a nice lot presented us this week. It is a good lot and this firm have plenty of the same kind for sale, cheap. If you are bare-headed go there to get a hat.

A coal mine has been struck near Heppner, on account of which we will give next week.

Go to Larone's gallery to get your pictures. "Ad." next week.

When you go buggy riding, be sure you go.

NEW "AD" — Deals & Hewison of the Heppner Flouring Mills are turning out as good flour as is manufactured any where and the people of that section of the country will not longer be placed under the necessity of traveling 50 miles to obtain their breadstuff. The proprietors are both thorough business men and this enterprise will open up a large scope of agricultural country. Hitherto the people of that section have raised but little wheat for the simple reason that it was cheaper to buy flour than to haul wheat such a distance to get it manufactured.

Again, the form of Death is in our midst. Again, we yield to the direction of the All-wise and bow submissively to th inevitable. Think not that the last thoughts of little Delbert lie in the speechless tomb; his playful and infant days among us will remind us that he has lived and still lives, decking the Saviour's crown. An indulgent father, an affectionate mother, and a host of relatives and friends live to mourn the little one who has passed beyond where "joy knows no bounds." Good-bye Delbert, until all of us meet "where there is no death nor device." We sympathize with the bereaved parents over the loss of their little one.
