LOCAL AND OTHER INTELLIGENCE

Dr. Rosas has established himself among us. Read ad. under "New To-day."

We are in receipt of a complimentary ticket to a grand ball to be given at the New Umatilla House, the Dalles, (Hudley & Sinnot proprietors) on the evening of the 12st inst.

A Mr. Welhoit in coming up the river the other day, while attempting to move some freight on board the steamer at the Dalles, stepped overboard and came near drowning, but was finally rescued a wetter if not wiser man.

An Immense Stock of Trees.—We learn that Philip Ritz has 800,000 trees this season, and that he will begin with his digger about the first of November. We believe he has the very best assortment on the Pacific coast. n8t6

Billiards.—Some of our amateur billiard players may like to know how the game is played by such players as Slossan and Schafer, who are now playing a match game of 3000 points. The first evening after getting well under headway they ran respectfully: Slossan 365, Schafer 378, he reaching the first 1000 points, while Schafer was 862. Average on runs Schafer 52, Slossan 45. The game is ended, Schafer making 3000 to Slossons 2640.

Episcopal Denomination.—Services in the Episcopal Church will be held as follows, for the month of November. On the second and fourth Sundays in the morning; on the third Sunday in the evening. There will be no service on the fifth Sunday. All are cordially invited to attend these services.

Methodist Denomination.—Preaching 1st and 3d Sundays of each month; Sunday school at 10 o'clock; prayer meeting Wednesday evening. Strangers made welcome. J. C. Kirkman, Pastor.

Baptist Denomination.—Preaching at the First Baptist Church every second and fourth Sunday in each month, at 11 a. m. and 7 p. m., by Rev. W. H. Pruett, pastor. Sunday school every Sunday morning at 10 o'clock. Prayer meeting every Thursday a 7 p. m.

Acquitted.—Sheriff Eakin returned last Wednesday from Eastern Oregon with Mr. Johnson who was so unfortunate as to have a couple of forged notes in his possession. There being no justice of the peace in Eugene the preliminary examination was held in this city, before Justice Lafferty, last Thursday, when it was easily proven that J. A. Peak, who escaped on a former trial, had sold the notes in a bona fide business transaction, the notes bearing his, Peak's, indorsement. After the examination Johnson was honorably discharged. Peak has left the country.—*Weekly Republican.*

We are glad to hear that Mr. Johnson was acquitted. This is the man who was so long detained in our jail waiting for Sheriff Eakin.

Attempted Stage Robbery.

From Mr. John A. Jones we learn the following particulars in reference to an attempted robbery on the Blue Mountains about twenty miles from Pendleton on the Meacham road.. Early Tuesday morning John Ladd a livery man at LaGrande started with his team, to bring to Pendleton, Mr. Jones, W. A. Rice and Maj. Downing, a paymaster in the army. It was generally known that a large amount of money would be brought by these men, but it was also supposed that this money would be on the stage. The stage it seems had thirteen passengers of their own, and came in company with Ladd to the Meacham Station. Here the stage stopped to change horses, while Ladd with his passengers and the money drove forward. After proceeding eight miles or so, they came to a steep hill, at the foot of the hill Ladd passed the lines to Mr. Jones and jumped out to walk up, and Mr. Rice followed suit, leaving Maj. Downing and Jones in the wagon. Ladd and Rice walked faster than the team, and were about 40 yards ahead, when two masked men stepped out from trees on either side the road, stuck their guns in Ladd and Rice faces, and uttered the words of the Wandering Jew "go on," of course they moved on. The robbers then descended the hill and to the inmates of the wagon pronounced those words, "go on," and they went, not standing upon the order of their going, they soon overtook Ladd and Rice, who got into the wagon and Ladd taking the reins, ran the team to the top of the hill. About this time the stage had arrived at the foot of the hill and thirteen men weary from their ride and to help the horses, filed out of the stage, and commenced stringing out up the hill. The would be robbers were foiled and they slunk into the timber, probably as badly defeated men as ever robbed a stage or cut a throat. It is hoped a reward will be offered for them, which shall induce some detective to work up the case, arrest and punish them.

Personal.—Nearly every one remembers about the Reith Boys leaving this county with their band of sheep last spring and driving them to Montana. It was such an unusual thing to take sheep from out of this county in large bands by any one who had made it a business for years to raise the finest wooled sheep in the country, that it was a matter of comment by nearly all persons who knew of the movement. Lout. Reith is now near the Flat Head agency with all the band numbering 10,000 or upwards, sheep in good condition. We notice by a Montana paper that the flock is the very best in that territory. Success to the enterprise.

Heard From.—From a private letter from "Munsey" Bull, we learn that he has gone into business again, having purchased the third interest in three different newspapers, viz: The *Resources of Oregon and Washington Territory*, the *North Pacific Rural Spirit* and the *Journal of Education*, all published in the city of Portland. We wish "Munsey" the best of success in his great undertaking, and have no fears but what he is capable of performing the vast amount of duties which are connected with journalism in a city of the population of Portland. "May you live long and prosper."

Scouts.—The white soldiers who endured the fatigues and hardships of last summers campaign with Lieuts. Farrow and Brown, have departed to join their different companies. The hand shaking of the Indians with Lieut. Brown and men, was truly a picture. In France it would have been called fraternizing The Indians were resolved that they should be long remembered by their white comrades, and each one of them came forward and pronounced the "cmod-bye" feelingly. May a bright future be open to the Lieut. and all his command.

Dr. Summerville, after an absence of several weeks, returned a few days ago to our town and will probably go into business here. While absent he visited Prineville and informs us that our old friends Till Glaze and Oliver P. Jackson are both doing a thriving business at that place. Till dispenses liquid fluids and Oliver is proprietor of the Jackson House. To all who may travel that way we say go see these boys. Till will give you something good to drink and Oliver will supply you with a good meal.

Whispering Thompson.—J. G. Thompson has been engaged all summer hauling freight from Umatilla to this place, taking flour manufactured at Byers & Co.'s Mill for a load to return to the Landing. He has changed the order of his business somewhat and is now hauling grain from the farm of J. S. White on the hill opposite Pendleton. Where White has raised 40 bushels of club wheat to the acre.

Personal.—Col. P. B. Philip's portly form may be seen on our streets nearly every day. He is soliciting subscriptions to the S. F. *Chronicle*, and the impression is out that he can out canvass any man of his inches, in the state. If any of our readers meet this gentleman and he draws a *Chronicle* on you, subscribe immediately and save time, for you will be sure to do so in the end.

Monumental Mines.—The mill will be running by the 10th of this month and we are informed by a man, direct from there, that the superintendent, Chs. S. Miller declares that he is going to take out enough gold and silver, within the next 60 days to clear the mill and all expenses heretofore made and have a surplus on hand. "So mote it be."

Sickness.—Mr. Jno. C. Arnold's child Bertie is very low with typhoid fever, also a child of Mr. VanDorn. This is something new for our town. Nearly all the sickness heretofore among children has been from diphtheria. We hope this new disease will be more easily cured than the scourge which visited us last fall and winter.

Sheep.—Now as the storms of winter are approaching, we see the shepherds busy in bringing their bands of sheep from the mountains, where they have been kept during the summer, and putting them on their winter ranges. No less than 10000 head of sheep have passed through town within the past week. All look fine.

Box Ton Hotel.—Whether it is the gentlemanly book keeper and longster, J. N. McDonald, that keeps up the rush at the Box Ton, or whether it is the accommodations received at the hands of the proprietor is a conundrum. We know the rush is there and give up the conundrum.

Mr. Stencel brought to our office a sample of potatoes raised by him on Cabb Slough, that were planted on the 20th of June, they were a fine specimen of potatoes, and show the productiveness of Butter creek and its tributaries. They can be seen at our office.

Fruits.—Don't forget to call on R. Alexander & Co. and try some of the canned fruits put up by Ransom Wells, and if you desire the very best quality of winter apples leave orders with them for Mr. Wells to furnish them.

John Cambell, the partner of the thief who stole Stansbury's horses, near Heppner, and who was killed by the deputy sheriff, has had his trial, found guilty, and sentenced by the court to 3 years in the penitentiary.

The Flouring Mill, at Dayton, Oregon, was destroyed by fire on the 2d inst. The mill was valued at $15,000.

Report of the Grand Jury.

IN THE CIRCUIT COURT FOR THE COUNTY OF UMATILLA STATE OF OREGON.

To L. L. McArthur Judge of said Circuit Court: We, the Grand Jury for the present term of the court, beg leave to report that we have investigated all the crimes and complaints brought to our knowledge, and have found and returned 13 true bills.

We have had complaints made to us of the conditions of the roads and bridges on the road between this place and Heppner, in Umatilla county, and also of the road leading from Weston to Milton, Umatilla county, Oregon. And we would recommend that the County Court make an order directed to the supervisors of said road districts commanding them to see that the bridges on the said roads be repaired and worked so as that the county may not be sued for damage.

We have examined the County Clerk's books and find kept them in a neat and systematic manner. We find the books of the County Treasurer well, and as far as we are able to judge, properly kept. Have examined the jail and the persons kept therein, and find that they have been properly and humanely treated, but would recommend that the jail be kept in a more cleanly manner, and would further recommend that the County Court provide a new stove as we deem the one now in use unsafe.

We note with pleasure the much needed improvements in and about the court house.

Have examined the sheriff's books and they appear to be properly kept, and we have no recommendations to make.

We would most respectfully call the attention of justices of the peace to the evil of binding men to appear before the Grand Jury without sufficient evidence to sustain an action; also of not placing the bonds of those who are held to answer at a sum sufficient to warrant their appearance.

All of which is respectfully submitted. Done and dated in Pendleton, in said county this 4th day November, 1879.

Wm. M. Steen, Foreman.

S. H. Christian,
Clerk of Grand Jury.

Centerville, Nov. 4, 1879.

Misses Milly Stafford, Edith Coppick and Annie Stafford for the past school month ending October 29th, have stood at the head of their respective classes in Centerville. Misses Martha Coppick and Willie Glasscock and Master Isham Davis, are close after them and also deserve praise.

H. S. Garfield, Principal.

State vs. E. Wilson, has at last got to trial, Thursday. After exhausting the regular panel of jurors and only obtaining two who were considered competent jurors, a new panel was summoned of twenty-six, out of this number ten were found who did not know defendant, and we hope now that the State and defendant will each have a fair show. One thing is certain defendant either had too few or too many friends on the regular jury list.

Debating Club.—The young men of Heppner have formed a debating society for the mutual benefit of its members. We hope it will not go by the board as did one formed in the alluvial city of Pendleton a short time since.
