Democratic State Convention.

A Democratic State Convention is hereby called to meet at Albany, on Wednesday, April 7, at 1 o'clock, P. M., for the purpose of nominating a candidate for Congress, three candidates for Supreme Judges, Judges for each of the several judicial districts and Prosecuting Attorneys, and the election of six delegates to attend the National Democratic State Convention, and to transact such other business as may properly come before the Convention. The Convention will consist of 109 delegates, apportioned among the different counties as follows:

Baker	6	Linn	15
Benton	7	Marion	13
Clackamas	5	Multnomah	14
Clatsop	4	Polk	8
Columbia	2	Tillamook	1
Coos	5	Umatilla	10
Curry	2	Union	6
Douglas	11	Wasco	9
Grant	5	Washington	6
Jackson	8	Yamhill	8
Josephine	3		
Lake	3	Total	109
Lane	10		

It is recommended that no person cast more than two votes, either by proxy or otherwise at said Convention, and a full representation is most earnestly requested. The Committee suggests that the primaries, unless otherwise ordered by the proper local committees, be held on Saturday, March 20th, and the County Conventions on Saturday, March 27th.

By order of the Democratic State Central Committee. JOHN F. MILLER, Chairman.

A. NOLTNER, Secretary.

The Democratic County Convention for Umatilla County, Oregon, will be held in the Court House in Pendleton, on Saturday March 27th, for the purpose of electing ten delegates to the State Convention, to be held at Albany, on Wednesday, April 7th, and to nominate candidates for county officers. Primary meetings will be held at the usual places of voting on Saturday, March 20th, at 1 o'clock P. M.

Precincts are entitled to representation as follows:

Centerville	5	Lens	2
Weston	7	Heppner	6
Milton	6	Lower Willow ck	3
Greasewood	3	Meadows	3
Pendleton	8	Umatilla	3
Alta	4	Cottonwood	3
Upper Butter creek	3	Midway	3
Lower Willow creek	3		

By order of the Democratic Central Committe. JNO. C. ARNOLD, Chairman.

Judge Field's name is prominently mentioned by some of our out State papers, and very generally in the east, for the Presidency. Being a Pacific coast man and an able lawyer, besides a thoroughly honest man, it would be rather unnatural for us not to have a partiality for him, besides we know that his nomination would be a sure sign that the entire Pacific Coast would be Democratic this Fall. There is probably no man in the United States that would carry the Pacific Coast States as certainly as Judge Field.

RAILROAD CONNECTION.—The Northern Pacific railroad company are grading between Wallula and Ainsworth intending to connect at the first named point with the road of the O. R. & N. Co. This piece of road will be put in operation at an early day; it will in fact probably be the first section completed, as the connection will be necessary for further business. A ferry will be put on Snake river.

What do the people of Centerville, Milton and Heppner think of the line for division as established by the Weston *Leader*, which runs on the range line two miles above Pendleton? Can't the object be seen.

BLALOCK WHEAT GROWING COMPANY.—W. F. Courtenay, B. W. Griffin, N. G. Blalock, J. C. Colby and Wm. J. Meriner have filed papers of incorporation with the Secretary of State, their object being to farm on a large scale east of the John Day river near the Columbia in Wasco county. The company consists of thirty-five picked men, most of them good, practical farmers. They have secured all the land in Townships 2, N. R. 19 and 20 East, and will have sixty men on the ground within a few days, building fences, houses, plowing etc. The company propose plowing about one thousand acres this spring to be sown next fall to raise seed for the next year, at which time they propose to seed from ten to twelve thousand acres.

A SUPREME COURT DECISION.—In the Supreme Court of the State of Oregon, January term: George Allen, appelant, against Edward Hirsch: This was an application to the judge of the Circuit Court of Marion county by George Allen, of Wasco county, for a peremptory writ of mandamus to compel the State Treasurer to pay three state warrants held by him. It appears that the judge of the Circuit Court decided that the law creating the debt, "An act to provide for the construction of a wagon road up the south bank of the Columbia river from near the mouth of Sandy, in Multnomah county, to the Dalles, in Wasco county," unconstitutional, and Mr. Allen appealed to the Supreme Court of the State, which decided that it was constitutional, and ordered that the order be reversed, the cause remanded for further proceedings, and the costs to be paid by the state. From this decision it will be seen that these road warrants are payable at the State Treasurer's office whenever he has any money belonging to this fund.

BIRCH CREEK, March 4, 1880.

ED. "E. O."—Inasmuch as all owners of cattle are interested in knowing the movements of rodeo companies, would state that that the Pilot Rock Rodeo Company met at that place on Monday the 1st inst., and decided to postpone starting out on the cattle hunt to a future period; that is, for all to meet together at Pilot Rock, Oregon, Monday, March 15th, 1880, at 10 o'clock, at Sylvester & Durie's store, and if the weather should not be too stormy, for all hands to start out the next morning (Tuesday.) They contemplate starting out by way of Vinson & Newman's to somewhere about the mouth of Clark Canyon on Willow Creek, where they expect, or at least hope to meet the Butter Creekers and make arrangements with them to work in concert together that would result in the mutual benefit of both companies, so that a larger scope of country can thereby be taken in at one scoop.

In obedience to the request of several members of Pilot Rock Company I briefly communicate the above facts to you for publication, which you are kindly solicited to do in case you deem the matter of sufficient public interest to warrant you in the same. Yours respectfully,

JOHN ALLEN.

From "Hillside" Farm.

DEAR OREGONIAN:—On this, the evening of the Father of our country's birthday, I sit down to write, because I feel an inclination to do so, with the hope of amusing and pleasing you, as I want you to know where I have been during the winter almost gone, whom and what I have seen and enjoyed.

The first I have to offer is that long talked of and never endless subject, to stockgrowers of Eastern Oregon—the weather. We have had various kinds, from a hurricane, accompanied with sleet and rain, down to a gentle zephyr that sighed like a yound maiden first in love. (How does that last stanza compare with the effusions of Joaquin Miller?) Yes, old "Boreas" put in his appearance about the first of December, and has been "boring" us ever since.

Stock in this country are looking remarkably well, in fact, no doubt, owing to the large amount of hay that is yearly put up by stock-growers, and right here let me say that this is the "boss" country for grass.

Although winter has been upon us for some little time, it has not detracted in the least from enjoyment, as sleighing parties, sociables and good old-fashioned dances have been quite the go, and I assure you, as country folks enjoy ourselves hugely, as all formalities are laid aside and each and all enter in for a truly good time. I like country life and its people, and right here I propose to hang out my banner and tenderly gear and care for all the orphan calves that are left me by the benevolent cow-boys on their pilgrimage with their vast herds eastward. ("Put that in pard, it'll please the boys.")

About one month since I had occasion to visit my old stamping ground, Union, and while there met many friends and acquaintances. As a printing office always draws me like a magnet I naturally found myself in the sanctum of my old friend and former pard, E. S. McComas. In the last year "Mc." has erected a fine office, one that would do credit to a town of much larger size. The office formerly used is now put in shape, and kept in first-class style as a restaurant, under the supervision and control of his better half, Mrs. Mc. Union can also boast of a good hotel kept by "mine host," Dan Moore. The large brick brewery lately erected by Messrs. Zelber & Striker is a masterpiece of work, and I can safely say, outrivals anything of the kind east of the mountains. There are many other fine business houses in Union, but I speak particularly of those as ye undersigned was born hungry and dry.

Although I have not been in LaGrande this winter, I hear from there frequently through the columns of the *Gazette*, and times with the good folks there are as usual. If my hens shell out well in the spring I propose visiting LaGrande and taking the *Gazette* man down a bucket of eggs. Price, 25cts per dozen.

About four miles from LaGrande is situated the fast growing town of Island City. It has come greatly into note during the past year, and owes its popularity in a great measure, to the owners of the town site, Messrs. Caviness & Sterling also C. Goodenough, a fine business man and accommodating gentleman. Island City may yet cause her sister towns to look well to their laurels.

Dear OREGONIAN, I hope ere many months to give you a friendly shake of the hand, as I am liable to drop into your sanctum sanctorum (most holy place) at any time. Your little town has many charms for me as there I know I have "tried and true" friends. I see by your paper, which comes to me weekly, that your little city is still on the up-hill grade, and believe me you have my earnest wishes for your continued prosperity. "Thems my sentiments."

Desiring not to tax your patience too much I will now draw this epistle to a close, and from here, "Hillside" Farm, I extend an invitation to the OREGONIAN corps to come and see us. Remember at our house the latch-strings always dangles on the outside

"JAP."

P. S.—Love to all the boys and I would say girls, but Mrs S. is looking over my shoulder J.

PORTLAND, Feb. 23, 1880.

ED. "E. O."—DEAR SIR:— There may be an occasional one in your bunch grass country that would like to look over the future of our western slope of Oregon, together with common incidents of the day.

As you will see from the Portland papers a N. P. R. R. is in contemplation from Portland to run easterly in the direction of Goose Lake, which may connect with the Central at a proper point, running through a fine agricultural and grazing country; a large portion of which is now settled. This road will open up a broad field for new settlers extending southerly to the U. P. R. R. The completion of the N. U. and N. P. R. R.'s, with the narrow guage to run so as to drain all of the southern portion, will give us a chance to get to market from any and all sections of the country; which will encourage all branches of industry, the tendency of which is to build cities, towns, villages, churches, school houses, and to fill them after they are built. This done, and we count A1 alongside of any other section of the globe. We want our people to go to manufacturing more of such things as is used at home. We have a good water power, and in abundance as could be desired, and mechanics to work it. And the present railroad enterprises will soon give us a population sufficient to justify judicious investments in all the different sections of our country.

I guess we have a few who still cling to the idea of political agrandirement; they are to be known whenever met, some with their best duds on, put forward by certain journals as Hon's. When the different sets are all arranged in the field then we, as a people, have the right to speak, one and all, asking the suffrage of the people, cannot this year expect to run through successfully unless they can show pretty good records for the passed. The people are waking up and it is time. Let the different political organizations select their best men, having an eye to honesty and qualification, and the people will be fairly dealt with—otherwise they will not. We do not aspire to any office, so we can with an impartiality cast an eye over the field.

We are now having fine sunshine, which will soon give life to business of all grades, which is much needed with favorable weather. The sound of the carpenters hammer may soon be heard from all directions, which will add from one to two thousand more new houses to our thriving city during the coming season. NUF.

The Drawback on Tin.

A private letter from Hon. John Whiteaker to the editor of *The Astorian* under date of the 6th says: "The bill providing for drawback on tin-cans will pass, and become a law. The committee to whom it was referred have ordered a favorable report which is equivalent to the passage of the bill in the house." A letter to the same effect, that the bill will be favorably considered in the senate, has been received from Senator Slater.

ED. "E. O."—Everyone wishing for the weather to moderate so that the farmers could go to seeding; with that exception everyone is happy.

The annual school meeting was held last Monday for the purpose of electing a director and a clerk. Mr. L. M. Waters was unanimously chosen director and Mr. Monroe Ferguson clerk. Mr. Cochran retiring with a good record.

Mr. F. M. Crockett visited our neighborhood a few days ago.

We have a candidate for sheriff—Mr. W. M. Blakely, who is a man of true Democratic principles, never swerving from the path of duty; a man who has for his motto —"Truth and honesty in his dealings with his fellow man." He is everywhere known as a man whose word is as good as his bond. Such a man deserves the support of the people.

Mr. G. Brown has his house completed. Who is the lucky one, girls?

There are some friends of Mr. Rothrock visiting him. They are looking for homes in Eastern Oregon. Hope they will find them in our vicinity.

There was a small party at Mr. Ferguson's a few days ago. I guess they had a good time. More by-and-by.

A TAX-PAYER.

MR. ED. "E. O."—I have just read through the Weston *Leader*, one of the pieces signed "O. Mosier." I want to reply to it through your columns.

He says Jesus was immersed. Well, he may have been and he may not have been. Now I don't believe that Christ taught either to immerse or sprinkle. His doctrine was to love one another, and he gave very many instances of it. He loved the little children and when he took them in his arms he did not ask if they had been immersed or sprinkled, but he did say, of such is the kingdom of heaven. I think St. Paul was about right when he said, let every man be fully satisfied in his own mind. It was on a different subject, to be sure, but it will apply equally well to baptism. He was speaking, at the time, of the regard some people had for holy days. All that was needed was to be fully satisfied which was the better day.

I think men make a grand mistake when they commence to read the bible for the purpose of making it conform to any particular dogma of a particular church. There are now over 1,000 christian denominations. Some sprinkle, some immerse, and some do nothing of the kind. Yet all of them pretend to practice the precepts laid down by Christ when he was on the earth. Why, Christ taught nothing but love. Mr. Mosier will easily recollect the time the adulterous woman was brought before Christ and asked by her accusers what should be done with her, saying that the law commanded such to be stoned. Jesus said, let him that is without sin cast the first stone, and they all left but the woman, who was asked where her accusers were, and she replied that they had gone. He said I don't accuse you; go and sin no more. He did not say go and be immersed or go and be baptized—his was a mission of love and not of forms—but human minds have made the form of worship. He said when you pray enter into your closet and pray in secret. He did not say go and be baptized.

But I am making this longer than I intended, and I will end by showing the absurdity of Mr. Mosier's arguments in favor of baptism by immersion.

He says, "We learn from Mark 1.5, that John baptized the Jews in the river Jordon." Not by, but in the river Jordan. He says that Greek and Latin and English Lexicons all agree on this point. And John said I indeed baptize you with water, etc., and now he comes to the argument: "And it came to pass in those days that Jesus came from Nazareth of Galilee and was baptized by John into Jordon." "The preposition into denoting an entrance governed the object—Jordon in the accusative case. Therefore by the action denoted by the word baptize John put Jesus into the object Jordon."

Now by a parity of reasoning we can say that Jesus went up into a mountain to pray. Mountain, by all Greeks, Latins, Romans and English, means a high elevation of land; it is not the snow that is on it that makes it a mountain, it is not the timber, it is a high elevation of land. Jesus went up into the mountain, not on the mountain, don't you see? The preposition into denoting an entrance governed the object mountain in the accusative case; therefore by the action denoted by the word pray Jesus went into the object, mountain. How senseless!

Brother Mosier, let us not quarrel over the peculiar beliefs we may have. You believe in immersion; I, in sprinkling. Some think both are needless. When Christ fed the multitude he did not inquire about the baptism, but he preached to them to love one another.— "Blessed are the pure in spirit;" not those who had been baptized. Too much weight is put upon those rites and ceremonies. When you preach, preach the love of Jesus, not the terror of torments—not the terror of death, but pure unadulterated love, and let each man judge by the light given him by Jesus whether he will be baptised or not.

In Memoriam.

HALL OF WESTON LODGE, No. 65, A. F. & A. M., Feb. 20, 1880.

We, the committee appointed to draft resolutions expressive of the feelings of the Lodge on the death of brother P. H. Howel, beg leave to report the following:

Whereas, The Supreme Grand Master of the Universe having in his inscrutable wisdom taken from us our estimable Brother, P. H. Howel, in the maturity of manhood and usefulness; therefore, be it

RESOLVED, That we deplore the loss of Brother P. H. Howel and offer to his bereaved widow and family the assurance of our sympathy in this sad event.

RESOLVED, That to the widow and family of our deceased brother, we tender our heartfelt sympathy in the sad bereavement that has placed them in a condition of such sorrow; feeling that he has demitted to join that Lodge not made with hands eternal in the heavens.

RESOLVED, That the members of Weston Lodge, No. 65, A. F. & A. M., wear the usual badge of mourning for thirty days, and that the Lodge be draped in mourning for the same period.

RESOLVED, That a copy of these resolutions be published in the EAST OREGONIAN and Weston *Leader*. GEO. HAYES. JOHN S. WHYTE. GEO. H. REED.

The county debt has not been increased, as the *Leader* says, but greatly reduced within the last year. The expenses of the county have been accumulating while the taxes are being collected preparatory to paying off the debt. These erroneous statements of the *Leader* will all be corrected in due time and their fallacy fully shown.

In Memorium.

To the W. M., Wardens and Brethern, of Pendleton Lodge, No. 52, A. F. & A. M.

We your committee to draft resolutions on the death of our esteemed brother, John Teel, member of this lodge, fraternally submit the following.

Whereas, It has pleased Almighty God the Supreme Grand Master, to remove from our midst, our well beloved and esteemed brother, Jno. Teel, a Master Mason and member of this Lodge, and to transfer him from labor here, to rest and refreshment in the Supreme Grand Lodge above, where the Grand Architect of the Universe forever presides, and where we all shall be united in everlasting bonds of fraternal love; therefore, be it

RESOLVED, that while we bow in humble submission, to this dispensation of Divine Providence, we are led to consider more deeply the momentous truth that we must in like manner pass away and should therefore be ever ready for the summon.

RESOLVED, That, in the death of our Bro, Jno. Teel, masonry at large has lost one of its brightest ornaments and this lodge one of its most useful members, one who at all times endeavored to illustrate the usefulness and beauty of the order; one who was not only a Mason in name, but whose daily life was that of a Mason, and the community, one who merited the esteem and friendship of all those with whom he had occasion to associate in the business of life.

RESOLVED, That we sincerely mourn with his bereaved family, relations and friends, and offer them our sincere sympathy and condolence in their affliction and loss, and hope that He in whom we put our trust, may grant them comfort in this their time of sorrow, and give them strength and confidence to look forward to a happy reunion and blessed immortality.

RESOLVED, That the thanks of this Lodge are due to R. N. Stanfield, of Umatilla, who ministered to our deceased Bro., during his last illness and to J. E. Hackett, who rendered important services to his family of early his death and to others who did all in their power to alleviate the sufferings of our deceased Brother, during his last illness and his family, during the time of their dire distress.

RESOLVED, That as a token of respect for the memory of our deceased Brother, the members of this Lodge wear the usual badge of, and this Lodge be draped in mourning for thirty days.

RESOLVED, That these resolutions be spread on the minutes of this Lodge, a copy furnished to the family of the deceased, a copy to the EAST OREGONIAN and Pendleton *Independent* for publication.

Committee: S. ROTHCHILD. D. W. BAILEY. A. P. SWILL.

We hear of six candidates for sheriff, two for clerk, five for county judge, one for assessor and the balance are said to be dark horses waiting for lighting to strike them. If any candidate can secure the votes of all the other candidates, his election is certain.
