Democratic State Convention.

A Democratic State Convention is hereby called to meet at Albany, on Wednesday, April 7, at 1 o'clock, P. M., for the purpose of nominating a candidate for Congress, three candidates for Supreme Judges, Judges for each of the several judicial districts and Prosecuting Attorneys, and the election of six delegates to attend the National Democratic State Convention, and to transact such other business as may properly come before the Convention. The Convention will consist of 169 delegates, apportioned among the different counties as follows:

Baker	6	Linn	15
Benton	7	Marion	13
Clackamas	8	Multnomah	15
Clatsop	4	Polk	6
Columbia	2	Tillamook	1
Coos	5	Umatilla	10
Curry	4	Union	6
Douglas	11	Wasco	9
Grant	4	Washington	4
Jackson	8	Yamhill	8
Josephine	3		
Lake	3	Total	169
Lane	10		

It is recommended that no person cast more than two votes, either by proxy or otherwise at said Convention, and a full representation is most earnestly requested. The Committee suggests that the primaries, unless otherwise ordered by the proper local committees, be held on Saturday, March 20th, and the County Conventions on Saturday, March 27th.

By order of the Democratic State Central Committee. JOHN F. MILLER, Chairman.

A. NOLTNER, Secretary.

The Inaugurated Chasm.

We clip from the Weston *Leader* the following:

"County Division Central Committee.—To-day this body will meet at Pendleton and inaugurate a chasm that cannot be bridged over."

Apart from the attempt at witticism, we should think this Convention was calculated to perform some great feat; and it is our purpose to try and ascertain what this great feat is that is to be accomplished. Inaugurate a chasm, and in what? Why, to our obtuse mind it means the disintegration of the Democratid party. Now to use one of Mark Twains sayings, we would say to the Weston *Leader* men, "you are not the Democratic party, but a very useless appendage of that party" and regular Johnny Bull's.

Have you not started out with the assertion that you would publish a Democratic newspaper?

Are you not true to the treason and infidelity that marks the average Johnny Bull?

Have you not gone the way of the aristocracy of England and tried to raise division and discord among the common people, who are natural born Democrats, and proposed to work with and have placed in the stead of these disorganizers, Wm. Steen and C. McMorris, who would not let a chance slip to open a chasm in the Democratic ranks, that could not be *bridged over*? Now we will see who these great chasmers are, and then try to find out what they accomplished. Wm. Steen, of Weston, Chs. McMorris, of Weston, ringleaders of Republicans and the Republican party of this county for years. Then there was Jones, a good Democrat but we are satisfied he feels as though he was in the wrong coach. Mansfield, who we hope and expect to see work with the good old Democratic party yet, and two other gentlemen whose names do not now recur to us, all from the thriving little towns of Weston and Centerville. None from Heppner, none so far as our knowledge goes, from any other precinct except those named, and these few men are (according to the *Leader*) to open a chasm in the Democratic party that can't be bridged over. Well you all ask what was done. No one in this town knows, though we are promised the information after this noble fraternity reach Weston, probably waiting to confer with the astute editors of the *Leader*, and see if it is best to set the charge off immediately or wait the result of the Democratic Convention, which meets to-day. Whichever and whatever time the match is to be applied to the fuse, which is attached to the charge, to produce the chasm we know not. And for what is this chasm to be opened? Why to send a good Republican to the Legislature, as the first result and help in the end to turn the state body and soul over to the Republican party—should they shout themselves hoarse for Grant and the third term or for Blaine and Conklin, they could not improve upon the course taken to make an irreparable chasm in the party. Now what are the grievances of which the divisionists complain that cannot be adjusted within the party? Is the election of a Division Sheriff necessary to enable the people who desire it, to petition the Legislature to divide the county equably? Certainly not. When such a petition is presented to the Legislature it would be the bounden duty of the Democratic Legislator to refer the whole thing back to the county for a vote, and here you have it all in a nutshell. No Legislature would divide the county permanently unless they were thoroughly convinced that it was to the interest of the majority of the citizens of the county and when they were so convinced no Legislature would hesitate to divide and the whole matter could have been accomplished in a straight forward manner, first, by standing in with the Democracy and then send a petition as numerously signed as possible, asking for a division, and 99 chances to 100 the petition would have been favorably considered. But the main object of the *Leader* could not be obtained in this way. What it wants is to elect at least one Republican to the Legislature (probably Mr. Steen) and then it is willing to farm out the county offices to any one who helped forward their particular scheme. If the *Leader* can so humbug the Democracy as to make them believe that the Representative would not carry out the wishes of their constituents, then indeed they will have not only inaugurated a chasm, but they make an irreparable breech, that cannot be healed by the time to vote for President. The drawing off of a few Democrats from their fealty to party, is the entering of a wedge which may culminate in the defeat of the Democracy of the State in the presidential race. But this is not all; men hold their lives by a very slight tenure. In the course of nature men are apt to die. Suppose this case, that one of our Senators should "shuffle off this mortal coil" (which we hope they may not) the vacancy caused would no doubt be filled by this Legislature that we are now striving to elect. And suppose Mr. Steen or Chas. McMorris were elected as representatives, would their vote be cast for a Senator who advocated pure and unadulterated Democracy? We unhesitatingly say no. It seems to me that all reasonable Democrats will see that the action of the *Leader* is calculated to destroy the Democracy and build up Republicanism. We have no doubt the County Convention will nominate good men and we have no doubt despite all the blow and bluster of the *Leader* and its emmissaries, that the ticket will be elected triumphantly.

County Convention.

To-day the County Democratic Convention meets at this place. We hope and expect as we said last week, that wisdom will rule; that our nominees be good men; that the Representatives shall be men who will represent the true interests of all their constituents, and who will entertain and respect all petitions which may be sent to the Legislature who will in all cases act as instructed instead of acting for their own local interest and the balance of the officers who are to be nominated have their duty plainly laid down by the law, and we should nominate such men as can and will follow the law in all cases. By exercising good discretion we can elect all of the ticket. No wire work is required. Nominate the very best, and after the nomination go home and elect them.

UMATILLA, Or., March 22, 1880.

ED. "E. O."—DEAR SIR:—Being a Democrat, and for a long time reader of the E. O., I cannot refrain from expressing my surprise, and that of every intelligent Democrat with whom I have conversed upon the subject, at the declarations published in the Weston *Leader*, of last week, saying that the Division Committee would at their meeting make an "irreparable chasm" in the Democratic party of Umatilla county. We once knew a small boy split a tumble-bug's ball with the point of a quill, but when children boast that they will split a mountain with such a diminutive intellectual darning-needle as is represented by the forces on the *Leader*, we simply stand astounded, and ask what next? But we prophesy that the Democracy of Umatilla will stand solid and united for principle and victory. "United we stand."

On motion the nomination of precinct officers was proceeded with. Rev. T. S. Burnett was nominated for justice of the peace, and G. W. Titsworth for constable.

Milton Democracy.

RESOLVED, By the Democracy of Milton precinct in Convention assembled;

1st, That we cordially invite all to participate with us who desire the success of Democracy.

2nd, That we depreciate the idea of local interest, sectional questions or non-essential issues dividing the Democracy of Umatilla county.

3rd, That all questions of political interest or public utility and importance can better be adjusted in and by a harmonious action of the Democratic party, than by the formation of new or assumed party names; and that we have full confidence in the wisdom, integrity and ability of the Democracy of this county to legislate upon all questions of public importance appertaining to the general welfare of said county.

4th, That wisdom and justice dictate that that line of policy should be pursued which does the greatest good to the greatest number, and we hereby pledge ourselves to labor to obtain that most desireable end, regardless of local interest or sectional preferences.

5th, That these resolutions be published in the EAST OREGONIAN.

Hillsboro Hoodlums.

On Wednesday evening, says the *Standard*, Captain M. C. Wilkinson, the military instructor at the Pacific University, Forest Grove, at the invitation of Rev. Mr. Royal, pastor of the Methodist Church at Hillsboro assisted at the services and at the conclusion of the sermon made one of his characteristic speeches. Among the congregation were a number of young who took exceptions to the captain's remarks and evinced their displeasure in a very insolent manner. After the services had been completed, as Captain Wilkinson was leaving the vestibule of the church he was struck on the back of the head by some blunt instrument by one of the young hoodlums, who after striking the blow succeeded in making good his escape before he was recognized. The captain fell senseless and it was some little time before he was restored to consciousness, when he was taken to his home at the Grove. The action of the entire gang of hoodlums cannot be too bitterly denounced, and it is to hoped the would-be-assassin may be apprehended and the proper punishment meted out to him. The reports in circulation yesterday that Capt. Wilkinson had been very seriously injured grew out of above facts, but his wife writing to friends in the city says his injury is not of a serious nature.

This is the Capt. who turned the Gatling gun loose on the Columbia river in 1878, and made a few good Indians.

Highlanders have a habit when talking their English, such as it is, of interjecting the personal pronoun "he" where not required, such as "The king he has come." Often, in consequence, a sentence is rendered extremely ludicrous. A gentleman says he lately listened to the Rev. Mr.——, who began his discourse thus: "My friends you will find my text in the First Epistle General of Peter, fifth chapter, and eighth verse: 'The devil he goeth about like a roaring lion, seeking whom he may devour.' Now, my brethern, for your instruction, I have divided my text into four heads. Firstly, we shall endeavor to ascertain who the devil he was. Secondly, we shall inquire into his geographical position, namely, where the devil he was, and where the devil he was going. Thirdly, who the devil he was seeking. And fourthly and lastly, we shall endeavor to solve a question which has never yet been solved—what the devil he was roaring about."

Mr. Beecher Wants to be Taxed.

In the course of his sermon, Feb. 29, Mr. Beecher said: "But there is one great question which demands immediate attention. The crying sins of this community are lying and dishonesty. Men who in outward appearance are pious and God-fearing, resort every day to lying and cheating to avoid paying their taxes. This has become peculiar to Brooklin, and especially to property holders. We must pay our taxes if we are to maintain social order and the public welfare." "I," he continued, "am in favor of taxing churches and ministers, and everything else except charity and State institutions. Plymouth Church and its property ought to be taxed as well as any other property in the city, and there is no reason why a man who draws such a salary as I do should not be taxed just as heavily as if I were a bank President."

Our Girls.

WOMAN'S MISSION IN LIFE.

How consoling to the mind oppressed by heavy sorrow is the voice of an amiable woman! Like sacred music, it imparts to the soul a felling of celestial serenity, and as a gentle zephyr, refreshes the wearied sense with its soft and mellifluous tones. Riches may avail much in the house of affection; the friendship of man alleviate for a time the bitterness of woe; but the angel voice of a woman is capable of producing a lasting effect on the heart, and communicates a sensation of delicious composure, which the mind has never before experienced, even in the moments of its highest felicity. A woman has no natural gift more bewitching than a sweet laugh. It is like the sound of flutes on the water. It leaps from her in a clear, sparkling rill; and the heart that hears it feels as if bathed in the cool, exhilarating spring. Have you ever pursued an unseen fugitive the trees, led on by a fairy laugh now here, now there, now lost, now found? We have; and we are pursuing that wondering voice to this day. Sometimes it comes to us in the midst of care, or sorrow, or irksome business, and then we turn away and listen, and hear it ringing in the room like a silver bell, with power to scare away the evil spirits of mind. How much we owe to that sweet laugh. It turns prose to poetry; it flings flowers to sunshine over the darkness of the wood in which we are traveling; touches with light even our sleep, which is so no more than than the image of death, but is consumed with dreams that are the shadows of immortality.
