LOCAL AND OTHER INTELLIGENCE.

LADIES BAZAR.—Mrs. Hendryx has added to her popular millinery store dressmaking of all descriptions.

THE MINCE PIE—Presented to printers of this office by Miss Lou Blatchley, this week, was very highly appreciated. We thank you.

MR. CAMERON,—Agent for Faulkner, Bell & Co., is in town and wishes to be interviewed by all the wool growers of the county.

DR. OGLESBY—Has made his final exit from our county, taking with him the balance of his stock. Wasco will gain a good citizen and Doctor, while we loose. Good-bye Doc.

Catholic services next Sunday at Milnarkey's Hall, 11 o'clock A. M.; and the following Sunday there will be service at Heppner at 11 A. M., and at 7 P. M.

L. L. CONRADY.

The following explains itself: "Centerville, Or.,—Enclosed please find a mess of new potatoes grown here in Centerville in John Gerkins garden. Respectfully yours,

B. F. SWAGERTY."

W. F. KREMER, M. D., Physician, Surgeon and Accoucheur. Office over postoffice, Pendleton, Oregon. Special attention to diseases of the eye and ear and general surgery. apr1014

GRASSHOPPERS.—Myriads of these pests are hatching out all over the country. Unless they mature quickly and emigrate, it is feared they will destroy everything in the country.

M. H. ARDERY—The old bedrock Democrat and journalist, now edits the Idaho *Democrat*. He will make it lively for the Republicans between this and November or we are much mistaken.

RED STORE.—Israel is on hand. You pay your money and you take your choice. Soda, crackers, canned fruits, nuts, limes, oranges, raisins, Yankee notions, etc. His place is worth visiting. Go and see him.

STORMS AND FLOODS.—The most terrible storms and floods ever witnessed, have visited California and the Sierras within the past week. By the common course of nature we may expect the storm and high water here at any time.

CLEAVE'S DRAMATIC TROUPE—Have played to crowded houses from the time of their arrival in town about two weeks ago and still our theatre going people fill the house every night. This beats any ad. on paper because it shows they are appreciated.

LUMIX.—Last week we struck off some posters for James Whitlemore, describing his stallion that is to stand on Birch creek this season. On the posters we printed the name Tunis Charley, should have been Lumix Charley. Birch creekers please read this.

BASE BALL.—Last Saturday the Centerville boys met the P. B. B. C. on their own ground and after a very spirited game, which was witnessed by hundreds, the Centerville boys came out first best by two. 'Twas a good game and all enjoyed it, players and spectators. Our club must practice if they would win.

MRS. HEXTER.—Who has given the people such universal satisfaction in all her dealings, now announces that she has received a couple assortment of ladies goods. Calls special attention to her new stock of hats. Does all kinds of plain and fancy sewing and millinery work.

FISHERMEN.—There has been a strike all the spring among the fishermen on the Lower Columbia, they ask 60 cts. a fish, employers refused over 50 cts. The strike is now ended and the fishermen have gone to work at old rates, 50 cts. per salmon The run thus far is very light and the salmon interests of the state is fast fading away.

Willis Corl is again a free man. He was arrested nearly a year ago, charged with assaulting one. Barney Prine, marshall of the city of Weston, and has been under bonds since. He was most ably prosecuted and defended and the jury acquitted. Willis and all his friends, and they seem to be legions, left the court room happy.

PERSONAL.—In noticing the attorneys who attended court last week we omitted the name of a very distinguished attorney, and we beg the gentleman's pardon. We speak of N. B. Humphreys of Albany. After helping to keep parties from the penitentiary he took his way to the Palouse country. Treat him kindly and return him soon.

Go to G. W. Webb's hardware store and tin shop combined and examine his large stock of Goodspeed, Gem, Victor Range and Persian cooking stoves that just arrived; also shovels, picks, irons, planes and tools of all descriptions for miners and carpenters use, which he proposes to sell at greatly reduced rates for the next sixty days. apr1714

Terrible Fire in Happy Canyon.

Rube Oliver, who is serving as a juror, got word from home last Sunday that his hay stack took fire, and that about 15 tons of good hay was burned. In a stable near by were two horses which Mrs. Oliver and son succeeded in getting out of the stable—Mrs. Oliver's clothes being considerably burned. His corral, roller, wagon, rack, etc., were burned. Loss probably about $400—which Rube looses without whining—one reason of which is that Mrs. Oliver showed the true old Stonewall Jackson stock in the emergency. Rube says she is a cousin of the distinguished General. Pluck goes a long way in this world and is admired as much in woman as in man. Had she not been true grit Rube would have had to add a good span of horses to his other losses.

ED. "E. O."—The Democrats of Linn county send greeting to the Democrats of Umatilla county, in the happy and wise selection of T. J. Lucy, as candidate for sheriff of Umatilla county. We are at a loss to know which to congratulate most, Tom, over his well deserved preferment, or the people of Umatilla in securing the services of such a faithful, honest and efficient officer. If the other candidates on the ticket are as creditable as Tom, (and we have no doubt they are) then we predict the election of the whole ticket by an overwhelming majority. The Democrats of the valley are in fine spirits over the prospect of carrying the State in June and November, and are sanguine of electing the president this fall. Let every Democrat feel that he has a duty to perform. Let each Democrat use his best endeavors to secure at least one vote for our ticket. See that every Democrat comes to the polls to vote. Look out for Republican tricks as they "will do anything but commit murder to beat the Democrats." DEMOCRATS.

Last Sunday was a day long to be remembered in this vicinity. The Adventist creed had been spread on Friday; this made, including Dr. Dean Clarke's services, five different churches all in full blast, and all well attended. About 40 o'clock in the morning a couple of guests from Heppner attempted a buggy ride; it lasted about an hour; both men thrown from the buggy and each somewhat bruised. The horses running till they gave out and lay down and let the buggy run on over them for a shade, where they rested for some time. They were finally liberated, one a little lame and the other a little more so. The buggy considerably broken was brought to town. Men took a bath and extra drink and are doing well. Next came about 150 Indians who had been the guests of Hon. Tishawampo's property, gaily dressed and with plenty of money, which was soon put in circulation. Next a wild cow driven by two boysses appeared in the streets, and after making the crowd climb the fences, stairs, and hunt open houses, took her onward course to the slaughter house. This is Sunday in Pendleton.

A Mammoth Log Drive.

Last Tuesday the first of the mammoth log drive of M. Berrigan & Co., commenced arriving in the boom in the Calapooia above this city, and by ten o'clock next day it was all in, filling the creek for almost a mile, the log drivers following up the rear end with their boat. About 6,000,000 feet of logs were put in the Calapooia near its head in the mountains above Brownsville, but on account of a bad stage of water in the stream, about 1,500,000 feet were left above Brownsville, and the remainder have been brought to this city for the use of Allen, Robinson & Co. Their mill will now start up in a few days and run on full time, and they will then be able to supply the demand in this locality for lumber. The logs in the boom are perfect beauties, and the lumber into which they will be worked will of course be first class

And why cannot the Umatilla be made to do as good work as the Calapooia? It is our opinion that Mott Farrow will have demonstrated the fact that it can within the next month.

From the Skagit.

SPLENDID REPORTS FROM THE DIGGINGS—NEW TOWN—CALIFORNIA CAPITAL GOING INTO MINES.

[Special dispatch to the Oregonian.]

SEATTLE, April 22.—Expensive reports from the Skagit country are just received per steamer *Josephine*. Recent reports have increased in favor with every additional exploration, until at length all doubt in regard to the richness and extent of the mines, appeared to have vanished from the minds of our people.

The river is now so high that steamboats go up within a few miles of the mines, 35 miles above the former landing, reducing the time from Seattle to the diggings to 5 days. A new town site has just been laid out on the Skagit opposite the Sauk river site, it has one mile of frontage on the river and extends one mile back. San Francisco capitalists, it is reported, are securing hydraulic claims through their agents in the vicinity of Ruby creek.

Skagit gold is selling in this city for $17 per ounce. Rich diggings are reported to have just been struck near the tunnel house below the mouth of Ruby creek. In places the snow is still very deep, while many canyons are completely blocaded by heavy snow slides.

Jake Tower's interest in a block in the town of Milton was sold Wednesday last by the sheriff. E. Ingle was the purchaser at $65. If the bringing of Dr. Blalock's flume into Milton has a tendency to increase the price of property, Ingle has certainly got a very cheap bargain, provided he has acquired a good title. There being few bidders present we opine the title must be in dispute.

Worth Inquiring Into.

Application has been made for a writ of habeas corpus before the U. S. District Court, in the case of Ah Lee, the Chinaman sentenced to be hung. The warrant for such application is the 14th Amendment to the Constitution, its being claimed that under that amendment the Federal Court is justified into inquiring into the legality of the State Courts. Before the U. S. Court goes into a critical inspection of the legality of the State Courts, would it not be well for the Court to inquire into the validity of the 14th Amendment itself. That so-called amendment was ratified by Territories while under military rule, and the States of which as States, was denied by all of the departments of the Federal government. The first thing in order for the Courts is to inquire into the legality of its supposed warrant for granting the writ. —*Standard.*

"True Blue."

From the *State Rights Democrat*: We were misinformed as to the Democratic nominee for Sheriff of Umatilla county when we stated it was the present Sheriff, J. L. Sperry. However, the mistake is not a bad one, since it is a Linn county Democrat anyway—Mr. T. J. Lucy, who for many years lived at Harrisburg, in this county, and has been a subscriber to the *Democrat* for fourteen years. If the solid Democracy of Umatilla county want to place one of the "Old Guard" on duty they will stand steadfast to T. J. Lucy.

Those Who Suffer

From nervous irritations, itching, uneasiness and the discomforts that follows from an enfeebled and disordered state of the system should take DR. HYDE'S GOLDEN BLOOD SYRUP and cleanse the blood. Purge out the lurking distemper that undermines the health, and constitutional vigor will return.

—THE—

OREGON KIDNEY TEA.

Read the following testimonials, not from persons 2,000 miles away, whom no one knows, but from well known and trustworthy citizens of Oregon, whose names with their own hands, can be seen at our office:

HARRISBURG, Oregon, December 31, 1879.

The Oregon Kidney Tea has done my wife as much if not more good than any of the many remedies she has tried for pains on the back, and I believe it to be a good remedy for the diseases of which it is recommended to. A. N. COX.

HARRISBURG, Oregon, December 31, 1879.

Some three months ago I was attacked with a severe pain in my back. I bought a package of the Oregon Kidney Tea, and by the time I had used one-half of it was entirely relieved and have not been troubled since. I do heartily recommend it to all who may be afflicted in a like or weak back, as a prompt, safe and good remedy. H. J. WINTER.

Business Locals.

Notice.—I have placed all my book accounts in the hands of Wm. Overbulter for collection; and all business transactions in future will be attended to by him for me. H. A. KATHAN.

Farms for Sale.—Embracing 320 acres situated on Umatilla river about 15 miles below Pendleton. One farm has under fence about 100 acres, the other 40 acres under fence. Good houses, good orchard and good out houses. The farms join. For further particulars inquire at place of the owner. H. G. YOAKUM.
