LOCAL AND OTHER INTELLIGENCE.

Sunshine weather.

THE M. E. Church General Conference, at Cincinnati, has elected their new Bishops: Rev. Cyrus D. Foss, D D; Rev. I. F. Hurst, D D; Rev. H. W. Warren, D D.

The Wheeler Bros. are having a nice little office built next Ladies Bazar. They are opening out a regular supply of agricultural implements, and we hope the boys will meet with success.

Scrofula, Old Ulcers and diseases of youthful indiscretions thoroughly eradicated from the system, and blood made rich and pure by a half dozen bottles of GOLDEN BLOOD SYRUP.

Venner is in the dead—Brodeck found he could not compete with him and left—and Venner is master of the situation; takes the finest pictures this side of California. Picture gallery over Red Store.

BUGGY RIDE.—And now comes "Red" and insists that we say that he took a buggy ride last Sunday with a lady, and that the team did not run away. Our devil suggests that the lady did the driving, and we concur.

J. C. ARNOLD met with quite a serious accident last Sunday. The team behind which he was riding ran away and pitched him out on his head. No particular damage except a sprained ankle and a few pickets knocked off a fence.

I. HATHAWAY has gone to the mines, but his accommodating brother is dispensing the finest article of soda water ever manufactured. There is no end of candies, nuts, oranges, lemons, figs, pine-apples, bananas, crackers and cheese, go and buy at the Red Store.

UNCLE GEORGE WEBB wants it to be remembered that he has now a complete assortment of all kinds of hardware, stoves, tinware, guns, pistols, rope, in fact everything that can be found in a first class hardware store, and he is selling at lowest prices.

STALLION.—Sam'l Anderson has purchased one of the best, if not the very best stallion in this county, and will have him in town every Friday and Saturday till July 1st. Horse raisers are requested to call on him and satisfy themselves before breeding elsewhere.

ON Tuesday, May 3d, Senator Slater presented a petition signed by a dozen bankers and five thousand other citizens of Oregon praying for an appropriation of $250,000 for the erection of a breakwater at the mouth of the Columbia river, in accordance with the plans of Col. Gillespie.

PERSONAL.—H. Metzger and Mr. Heilpruner gave us a call this week. Mr. M. is looking after the interest of Adolph & Cohn, dealers in hides, furs, wool, etc. See their ad. Wel' Metzger is a good manager and we shall be surprised if he does not give satisfaction to his house and to the persons he buys of.

PERSONAL.—J. C. Arnold is confined to his house, it seems the fall he got from the wagon last Sunday is more serious than anyone thought. It not only makes it hard for himself, but as he had engaged to do some surveying this week, he must needs disappoint others, for which disappointment, he feels sorely aggrieved.

LIEUT. FARROW is recommended by President Hayes for promotion on account of meritorious conduct during the Indian campaign. We hope he will be confirmed by the senate. He is detailed to again get his scouts (the Indian scouts) together for special service during the summer—by order of Gen. Howard.

Our enterprising townsman J. Lennox, who has been for many years a resident of town, has taken him a farm about four miles north of town, fenced and put in 13 acres of land. If he is as good a farmer as he proved himself to be a shoemaker, he must needs succeed. He says he got water at 20 feet depth, and he and the madam and little boy are enjoying themselves hugely.

GAMBLING.—It will be remembered that some twenty-five indictments were found in Union county last Circuit Court for violating the gambling law. Two of these cases have been tried at the present term in Union, and in both instances jury disagreed. By request of Prosecuting Attorney all the indictments were dismissed and the books are clear. You can't convict in Union unless you have a case.

The editor of the *Astorian* will be pleased to attend to business for people generally, in any part of the Atlantic or western States during his absence. Prior to July 15th correspondence may be addressed: D. C. Ireland, 141 Broadway, N Y; Ebbitt House, Washington; or in care of A. Booth & Co., Chicago, Ill. After that date Mr. Ireland will be on his way home, via Idaho and Eastern Oregon.

A MAN named Lorr shot at and hit Mrs. Langdon at Independence, Polk county. Her life was saved by one of the steel ribs in her corset, the ball making quite an indenture in it and knocking her down. After the lady fell he shot himself in the head and then through the breast. Quite an excitement was raised in town. Lorr is still alive but not expected to live. Love is supposed to have been the cause.

WEATHER.—At last it is clear. The rains we have had has set everything growing. The wheat fields north of town present a picture that all husbandmen can contemplate with pleasure; to the south the bunch grass has come forward, the complaints and forebodings of a month ago, are among the the things of the past. Good crops are almost assured. Nothing can prevent the best of crops unless the grasshopper makes his appearance in countless numbers and camps with the farmers, but we hope that as soon as he is able to fly he will rise and the strong winds that visit us may take him to other parts.

THE FIRE ENGINE has arrived, been tried and pronounced a No. 1 engine. Chief Worn can be touched on the top of his hat with a ten foot pole, but that is about all. He gets the boys out to drill and makes things generally lively for them. Many of the firemen being country raised don't well understand fire engines, and as a consequence require considerable drilling. The chief is entitled to much credit for the interest he takes in the matter, and we look forward to no distant day when Pendleton will have as well organized a fire department as there is in the State.

PERSONAL.—President Villard, of the O. R. R. & N. Co., gave us a call last Saturday. He had just arrived overland from the Dalles. He assured us that the railroad from Celilo to Umatilla would be completed this summer, and that it is the intention of the company to tap the interior next year, and that the most practical route across the Blue mountains would be adopted. He and his party were going through to Lewiston overland. The president is a practical man and means to see for himself the whole country, and then he can better judge as to its necessities. By the time he arrives at Lewiston he will have seen a section of country that will load his railroads with wheat for all time to come.

THE *Eastern Oregon Republican* has the following: we merely say Mr. Hopper is a son of "Old Uncle Ben" of Happy Canyon: "Mr. J. W. Hopper while on his way to his mine on Grand Ronde river, on the 7th inst., met with a painful accident. He was just leaving the Warm Spring canyon, walking and leading a pack horse, when the horse caught his load against a tree, lost its footing, and was thrown down the side of the hill. The rope by which Mr. Hopper was leading it, was unfortunately wet and stuck to his hand, owing to which he was hurled violently to the ground, breaking his colar bone and receiving some severe bruises. He had still some nine miles to travel before reaching the mines, where he stayed over Saturday, but feeling the necessity of a doctor's services, he on Sunday morning started back to La Grande, on foot, and accomplished the distance (40 miles) in thirteen hours, notwithstanding his crippled condition. We are happy to say that, thanks to the skillful treatment of Dr. Honan, Mr. Hopper was sufficiently recovered to be on the streets on Thursday.

ELI. STEWART, one of the first settlers of Umatilla county was in town, this week, looking as young as he did 20 years ago. His three score and ten years rest lightly on his head, and by the way he moves around, one would not think he was more than 50 years of age. He has the finest best fenced farm in the county, a large orchard and plenty of fine stock, all of which he has acquired by his own hands and head. The only thing one can say against him, is that he is a straight out and out Republican, and his counsels in the ranks have been much sought by his partizans. He is taking but little interest in politics at present, but we expect to hear from him after the presidential nomination.

WE INDORSE the following from The Dalles *Inland Empire*: "Now is the time for a total disregard of all private decency, in the way that some party papers in this state abuse candidates on the opposite side. In proof of this, witness the way that some of the radical sheets abuse Judge Kelly, who was until his re-nomination as pure as could be found. If people expect the *Empire* to work its way to popularity by abuse of the Republican candidates, they had better withdraw their subscriptions at once. Its editor has but little use for money acquired in that way."

We have made arrangements so that we can furnish the EAST OREGONIAN and the San Francisco *Chronicle* to all cash paying subscribers for the next year for the small sum of $4. Now is the time to subscribe; besides getting the local items of your county, you will have the *Chronicle*, which stands first and best as a weekly newspaper on the Pacific coast. tf

THE candidates for our county offices are on a tour, each trying to prove himself the better man for the position to which he aspires. We wish all could succeed, but they can't and we are sure that every person on our ticket will be elected June 7th, 1880.

POSTMASTER GENERAL KEY has informed a Pacific Coast delegation that he has decided not to interfere with the letter-carrying business of Wells, Fargo & Co. This is good news for the people of the Pacific Coast.

MCLYONS, our old stand by as a Tonsorial Artist has enlarged his shop, taken a partner, and is ready to lather and shave the whole town and country.

THE *Independent* accuses Jo. Keeney of having a competent clerk; we don't know of any person who will dispute it.

Judging from latest accounts Senator Grover is failing rapidly and is not expected to live to fill out his term.—*Ex.*

JUDGE S. V. KNOX has taken out a marriage license. His numerous friends will congratulate him.

M. C. GEORGE, Republican candidate for Congress, speaks at the court house this evening.

Indian Massacre.

(Special dispatch to the Oregonian.)

CHICAGO, May 15.—The *Times* this morning published a story from Leadville, told by John Allendorf to a reporter of that city, regarding a terrible massacre of white persons en route to the reservation. Allendorf says that he left his home in Linn county, Kansas, seven weeks ago with 17 others, equipped for an expedition in search of minerals which they found on the head waters of Gunnison river, in rich placers, which yielded two to four thousand dollars per day. On May 2d, while the party was widely scattered, Indians mounted and five hundred strong galloped down upon the camp, massacreing the whole party and cutting their bodies into pieces. Allendorf witnessed the affair from a mountain, whither he had gone hunting. The Utes carried off all the gold and the whole outfit. Allendorf escaped and walked for several days until he reached a settlement. He gives the following as the names of the murdered men: Charles and John Andrews, Ellis Morton, James Sanderson, John and Isaac Dittmore, Martin Fleming, Peter Amberty, Fred and Louis Stell, Edward Maron, Jerry and Adam Hourar, Julius Terry. Mr. Allendorf confesses that his story had been discredited by the settlers, to whom he told it, and who attributed it to a disordered brain.

Telegrams read at Leadville say that men coming from the reservation to Lake City report a party of 25 prospectors corralled on Gunnison and 12 killed. This is supposed to be Bradbury's party, which left Del Norte three weeks ago. Gen. McKenzie's column is on the way to the scene. A letter from Saguache says that the Utes are reported to have killed 12 miners forty miles west of that place, and troops from Fort Garland are en route to the scene. All these stories are subject to doubt and cannot be verified, as the roads are in a terrible condition, but it is believed that the Indians are making preparations for the war path and stirring news is expected soon.

Austrian Scab Exterminator.

State of Oregon, County of Umatilla—ss.

I. S. Olney, better known as Cap. Hopkins, being duly sworn, say that we, the firm of Hopkins & Hill, residing near Pendleton, have used the Australian Scab Exterminator, manufactured by C. E. Williams Stockton, Cal., and sold by R. Alexander & Co., Pendleton, since April last, and find it an efficient cure; that we had 2,000 head of sheep affected with the scab in its worst form and after using the Exterminator find them entirely cured and no signs or traces of the scab left; that we have six bucks running on a small range which has been the range of scabby sheep and said bucks are perfectly sound.

Subscribed and sworn to before me this 19th day of November 1879.

[Seal.] D. W. BAILEY, Notary Public.
