LOCAL AND OTHER INTELLIGENCE.

Last week we gave an account of the arrest, trial and acquittal of young C. C. Brooks, on a charge of the murder of Thompson, the sheep herder, late of Solano county, California. Sheriff Sperry received a letter from the Sheriff of said county, stating that the young man was of a nice respectable family and he was always considered a good boy himself. After he was discharged, a man by the name of Barnett and two of the Penlands were arrested and examined before Justice Mallory and also acquitted. Suspicions now rest on two young men by the name of Thomason, and Sperry started on Monday last in pursuit of them. They were in the neighborhood the evening before the murder and have never been seen there since, but must have left for California, as Mr. E. R. Bishop, of Heppner, received a letter from them postmarked Astoria, requesting Mr. B. to forward their trunks to San Francisco. Sperry went by the way of Heppner in order to gather all the facts he could and will go to Salem, procure a requisition and follow them.

The Mount Pleasant Baptist Association will hold its thirteenth annual session with the First Baptist Church of Walla Walla, W. T., beginning on Friday before the third Sunday in June, 1880, at 10 o'clock A. M. The commodious and eligibly located Cumberland Presbyterian meeting house has been secured for the occasion, and there will be ample accommodations for all who come. Let there be a grand rally. Come all who can.

D. W. C. Barrt,
Clerk of Association.

Andy Baker, brother of Mr. E. Baker, proprietor of the Pendleton Hotel, died at Walla Walla, on Sunday night last. Mr. Baker was formerly Division Agent of the N. W. Stage Co., for the Pendleton and Walla Walla Division and afterwards agent of U. I. & O. Co. He had many friends in this place who are grieved at his loss. He was a general favorite wherever known. Peace to his ashes.

Grasshoppers.—That terrible scourge to Kansas and the adjoining states, have appeared in countless numbers in some parts of our county. Swarms of them are to be found in the Willow Creek country, Happy Canyon and the Walla Walla valley. We hear some talk among farmers of cutting their grain for hay, to save it from the ravages of these pests.

Mrs. Colwell, a sister of Mrs. N. C. Moore, wife of ex-clerk of this county, is now residing in this place. Her and her husband, like many others, lost a nice competency by one of those fatal "Spanish grants" that has been the ruin of many, and have come to this country in order to again build up with it. Give them encouragement.

On Saturday, June 5th, the canvass of the county closed with speaking in our town. There was quite a good attendance and everything passed off pleasantly. At its conclusion the various candidates betook themselves to their respective precints to "mend their fences" for the work of Monday, the result of which is given elsewhere.

E. S. McComas has spiked his bland carnon and we presume is now master of the field. We suppose, however, that such subjects should not be discussed publicly, for as the old nigger once said "A few such questions as Mc. propounds would destroy any system of theology in the world.

E. R. Bishop, of Heppner, has opened an office where he proposes to attend to all kinds of land business. Applicants for homesteads, pre-emptions or other land claims will do well to consult him. He will also prepare your papers for final proof.

Nicholas Bills, who murdered his wife in Wasco county, an account of which appeared in the East Oregonian, of last week, completed the tragedy by blowing his own brains out in the Dalles, a few days later before he could be apprehended.

Lieut. E. S. Farrow will visit us in a few days on his nuptial trip. He was married a short while ago to Miss Clara Dashiell, of Delaware. Who will say there is nothing in a name? We will gladly welcome them to our town.

Prof. J. C. Arnold has so far recovered from his recent accident as to be able to commence on Monday the work of taking the census in the western end of the county, to which district he was assigned.

Turner, Bailey & Conley have moved out of their old office and gone up higher into the upper story of the building formerly occupied by them.

The Grand Jury, of the United States District Court for California; Judge Hoffman is engaged in investigating the Tulare county troubles. The Judge instructed against the settlers.

The bill appropriating $40,000 for the improvement of Yaquina Bar, which passed the House, May 18th, passed the Senate June 2d. 'Rah for "Honest John" and Slater.

Judge Yoakum was in town on Wednesday and transacted such business of a probate nature, etc., as was pending before the County Court.

The excitement has subsided.

Everything quiet.

If e-o-l-o-n-e-l spells "kernel," why don't c-o-l-o-g-n-e spell "Kearney?" Ask Denis.

If women are angels, why don't they fly over a fence instead of making such a fearfully awkward job of climbing?

The trial of the Broomfield murderers is now in progress in Colfax. We have not yet learned the result but can well anticipate it.

We have received no *Standard* for the past two days, how is this Tony? Don't suspend, truth crushed to the earth will rise again.

If Judge Field should be nominated the women ought to be allowed to vote, as he is the handsomest man talked of for the Democratic nomination.

Somebody has discovered that cats can't live at a greater elevation than 13,000 feet, therefore back sheds should be built 13,500 feet high.—*Binghamton Republican.*

Abe Jacobson's new hotel is in progress of erection, the foundation is now being laid and soon we may look for its completion—Livermore and Ellis managers.

General Butler has been sojourning at Salt Lake, entertained by the Mormons. He is employed to defend young Kalloch in his coming trial for the murder of Chas. DeYoung.

A farmer in Giles county, Va., has a ewe from which he has clipped 27 lbs. of wool during the past year.

Who beats this in Oregon?

Big jollification meeting, in the court house, on Friday evening, everyone irrespective of party, is invited to attend. We have had our fight boys, so let's make it up now and take a congenial "smile."

We are under many obligations to L. B. Cox Esq. for valuable editorial assistance rendered us this week. When we were sick and unable to be at our post, he kindly took charge and conducted the issue.

"A young lady in Pen Yan, N. Y., wears twelve diamond rings on one finger." She should also wear a gold band around her head, to prevent the crack in her skull from becoming wider.—*Norristown Herald.*

Masters Tillman Taylor, Hardin Mansfield and Virgil Perringer have led their respective classes in District No. 17 during the school month ending June 4th.

No New York newspaper office is now complete without a puzzle editor. And he has to have his brain half-soled once a day. With fair treatment and prompt attention to repairs a good puzzle editor will last a week.

Editors all unite in asking Edison to invent a style of newspaper columns that will enable each separate advertiser to have a space next to the reading matter, and at the top of the column. There's millions in it.

Loring Pickering, publisher of the *S. F. Call*, has been arrested for libel by W. M. Neilson. He published Mayor Kalloch's speech at Metropolitan Temple scoring Neilson. A warrant is out for the arrest of Neilson for libeling Kalloch.

Our friend Dr. J. B. Lindsey brought into our editorial sanctum, the other day, a nice mess of potatoes raised in his garden. These are the first of the season we have heard of—wonder if his election had anything to do with it? Many thanks Doctor.

Turner, Bailey & Conley are now to be found in the addition to their old office building. Their office is fitted up in a stylish and comfortable manner and they will be glad to receive all friends—particularly those with legal business properly supported.

Notice.—Splendid ranch for sale, situated on Little Butter creek, 2½ miles above Lena post-office, 40 acres under fence, known as the Jake Burns place, can all be plowed, good soil and plenty of living water, good house and granary. For items, apply to S. H. Christian, Lena post-office, Oregon.

Shooting Affray.

We clip the following from the *Standard*:

From the Jacksonville *Sentinel* we learn that on Sunday afternoon an altercation took place between Jack Montgomery and John F. Earl, in which the former was dangerously, if not fatally shot. It seems that an electioneering party went out to Rafael's wine cellar, about a half mile north of town, and while there a political discussion arose between Earl and Montgomery, both having drank considerable wine. Montgomery wanted to fight Earl, to which the latter was unwilling to consent. Some of the party held Montgomery while Earl started for home. Montgomery got away from his friends and pursued Earl. The latter gave him warning not to approach him, which was unheeded. Earl then shot Montgomery, inflicting a supposed mortal wound. Earl was arrested, and after an examination discharged, as it was proven that the shooting was done in self-defense. Montgomery was spoiling for a fight, and having had one, now pays the penalty of his long career of vice.

Another Brutal Murder.

It is rumored that another murder has been added to the bloody list, already much too long. This time it is reported that a young man, living about twelve miles above Waitsburg, Columbia county, W. T., whose name we were not able to learn, was murdered, and his body burned to hide the evidences of the crime. The unfortunate victim had come from California about a year ago and taken up a ranch, upon which he had built a house, and was just on the eve of returning to California, to be married, when his sudden disappearance caused a search to be instituted, and his charred bones were found under the remains of a pile of lumber, near his house, which had been burned. It is supposed the atrocious deed was done for money, as deceased was thought to have had a considerable sum in his possession. It is believed that the guilty parties are known.

LATER.

Waitsburg, June 8, 1 p. m.—The *Times'* extra, just issued, contains a report of the inquest. The only material evidence developed is that a certain man took breakfast with the murdered man Hager on Saturday morning last, and promised to meet him the same evening, but this testimony is not credited. The parties previously suspected are still believed to be the guilty ones. The Ancient Order of United Workmen will offer a reward for the arrest of the murderers. The deceased was buried this morning at Dayton under the auspices of the above order to which he belonged. Sheriff Steen is on the trail of the murderers, whose arrest may shortly be expected. An autopsy of the skull made by Coroner Day, demonstrated that he was killed by a thirty-eight caliber bullet, which was found on the right side and that the brain had been sliced with a knife and roasted. The coroner's jury returned a verdict "killed by unknown persons." Men living in the locality of the murdered man are in town hunting up evidence.

—THE—

OREGON KIDNEY TEA.

Read the following testimonials, not from persons 2,000 miles away, whom no one knows, but from well-known and trustworthy citizens of Oregon, whose names, written with their own hands, can be seen at our office:

Silverton, March 19, 1880.

I take pleasure in testifying to the remedial properties of the Oregon Kidney Tea. For the past two or three years I have been troubled with derangement of the kidneys, during which time I have tried various remedies without obtaining relief. I bought a package of the Oregon Kidney Tea from J. C. Howes, and from the first dose began to feel better and am happy to say that after using the package, I am almost entirely cured.

SAMUEL COX.

The writer of the following is a Baptist minister of many years standing, well known as a Missionary to the Indians, and is now a teacher in the school recently established at Forest Grove for the education of Indian youth:

Forest Grove, Oregon, March 8, 1880.

I have been troubled many years with weakness of the kidneys and have tried many different remedies, sought aid from different physicians and even changed climates to obtain relief, but have met with indifferent success. Hearing through a friend of the value of the Oregon Kidney Tea, I obtained a box of it and have derived greater benefit from it than anything else I have yet found.
