LOCAL AND OTHER INTELLIGENCE.

To Let.—An office, up stairs, over the East Oregonian office.

Robt Thomson is building a large barn on the old Jewell farm. Bob never will quit doing well.

The water wagon is a success. Instead of dust we can now wade through mud in crossing the streets.

Sheep shearers have been plenty, this week, as Jerry Despain was having his sheep sheared near town.

Turner, Bailey & Conley have dissolved partnership, as will be seen by reference to their notice. Bailey withdraws from the firm.

That gold penholder presented us by Dr. Whitcomb, is a "daisey" and the very thing we needed. There are more just like it at the Drug store.

Artesian Wells.—The artesian well started at Prospect, has been discontinued. The rock became so hard that it could not be pierced further than 5 to 6 inches per day.

Arm Broken.—A son of Thos. Robbins had his arm broken last Monday, just above the elbow. Dr's Kremer and Pruett set it and it is doing well. The boy is about five years old.

A long felt want supplied. Mr. Frank Morgan, a first class tailor has located in Pendleton, and will do all kinds of work in his line, at reasonable prices. Cutting and making a specialty. All work guaranteed.

Do not neglect the present opportunity of getting pictures, as Mr. Venner will remain a short time longer in this town, and do not forget to remember that he has frames for sale cheap. No extra charges for framing pictures. Give him a call.

Israel Hathaway, of the Red Store, has added to his already full stock of candies, fruits and canned goods, about 160 pounds unadulterated Coffy. Hathaway went to Walla Walla this week, to make arrangements for all kinds of fruits, which he will keep on hand from this date.

New Hotel.—Abe Jacobson has had the foundation of his hotel laid. A large quantity of lumber is on the ground, and the builder, Dunn, is casting his eagle eye over the scene, preparatory for commencing operations. The house, we understand, will be built with all possible dispatch.

The people of Lewiston are agitating the question of building a bridge or running a free ferry in order to compete with other towns in Idaho Territory. Notwithstanding that goods can be purchased there cheaper than in other towns near by the price of ferriage more than makes up for the difference.

New Departure.—G. W. Webb has added to his large assortment of hardware, tinware, copperware, stoves, guns, pistols, etc., the agency for the home sewing machine, recommended to be the best machine now manufactured. All any one has to do to be convinced of its superiority over all others, is to call on Webb's. Examine it.

The Central Baptist Association which was in session last week at Carlton, Yamhill county, is engaged in an effort to raise $20,000 to erect a new college building at McMinnville. Several thousand dollars have already been pledged and it is expected the whole amount will be raised during the month of June.

If you want a new set of teeth, or all ones repaired, employ a man that understands his business. Don't throw off on a man simply because he lives in your midst. Dr. Lindsey is a first class dentist and does first class work, as cheap as such work can be done. Cheap men do cheap jobs and then it has to be done over again.

Lee Moorhouse visited us this week—reports business at Umatilla as flourishing. He is setting the poles and stretching the wire for the telephone between Umatilla and this place. It is now constructed as far out as Prospect farms, with the probabilities of its completion within two weeks, when we shall be connected with the outside world.

Dr. Dickerson, an old and esteemed citizen, was brought before Justice Bishop, on the complaint of one M B. Hunter. L. B. Cox, attorney for State, finding the points in the case could not be proved, moved to dismiss the Dr. The facts are it was one of the most frivolous cases that could well be conceived. We are glad it did the Dr. no harm.

When you employ a workingman, employ only 1st class ones. Iterant professional characters are generally humbugs, and the people find it out when it is too late. When a professional man goes from house to house, be he lawyer, doctor, dentist or what not, drumming up business, give him a wide birth and you will act sensible. This is intended for those it fits.

We have again been made happy. This time it was a nice plate of mushrooms, prepared by Mrs. Livermore and delivered at our sanctum by Lot. We can't do the subject justice or we would return our thanks and we can only say it was delicious, superbly prepared, as only Mrs. L. can prepare such things. May the Lord bless you Mrs. L., and may your Lot be a happy one.

Mr. Lyman Thomas, the Wallowa mail driver, met with a painful, though not serious accident on Wednesday. When in the neighborhood of the Wallowa bridge his horses for some reason became unmanageable, and fearing the buggy would be overturned, Mr. Thomas jumped out, and in doing so broke one of the bones of his arm close to the wrist. We understand that neither the horses nor vehicle received any injury.

Death of Andy Baker.

[From the Walla Walla Daily Statesman.]

On Tuesday last (8th inst.) Andy Baker, a gentleman known all over the Pacific coast, breathed his last in this city, regretted by all who knew him. For years he had been connected with different stage lines, but for the past few years has been employed by the Northwest Stage Co. and the Utah, Idaho and Oregon Line, running from The Dalles to Kelton and Winnemucca. Andy was one of the most trusted of the company's agents and possessed their full confidence. He was a man of the strictest integrity and honor—one who would stick to a friend through every trouble until the end came. He was the very impersonification of duty, and no matter what the undertaking was, was ever ready and willing to fill the breach. Oftentimes it has happened that when during the frequent Indian outbreaks the stages would fail to connect, or, as was more frequently the case, the poor drivers came in either killed or wounded, and no one else could be obtained to take their place, Andy was at once equal to the emergency, no matter how great the danger or responsibility; and he did all this in such a quiet, matter of course sort of way that he showed himself the hero that he was.

"He knew his duty—a dead sure thing,
And went for it there and then."

In his death the country has lost a true man and one of its best citizens, and as the news goes abroad that Andy Baker is dead, many a tear will be shed by those who knew and loved him so well. Quiet and unassuming in manner, zealous in the performance of his duty, courteous, civil and obliging to everyone, prompt in all that he was called upon to do, he developed a high sense of the responsibilities of his position and his loss is as great to the country as to the company by whom he was employed. The world could not have lost a better man. He was buried this afternoon by the I. O. O. F., of which order he was a member. A host of friends followed him to his last resting place. Peace to his ashes.

A Chapter of Events.—We learn that a man by the name of Strickland stabbed a man by the name of Harpool, on Rock creek, Wasco county, last week. The parties, it seems, got into a dispute over a horse race and it ended in a general bout with the above result. About the same time, Mr. J. Selling appeared in town and entered a complaint against Geo Snyder and J. Arrasmith, for committing an assault and battery on him. The case was tried before Justice Eastland, of Greasewood precinct. Last Friday Bill Tracy stole a horse and saddle from Thomas Ayers at Heppner, was followed and captured, the horse had been sold to a man in Weston. The man was taken to Heppner for trial. Sunday we received news that a man had been killed in the town of Milton. It seems that two rival saloon keepers had a difficulty and pistols were discharged, a short time afterwards a man was found dead in the street in front of the saloon where the shooting had occurred. The coroner was sent for but what the result of the investigations are we are unable to say at this writing. Both men who were engaged in the shooting, Kruiger and Lewis, were arrested and examined before Justice Kirkland, at Milton, on Monday, and discharged.

Fourth of July.

We are going to celebrate the 4th of July and we want everybody and their friends to come and help us. Patriotism rules supreme. Divisionists and Anti Divisionists are invited. The necessary funds have been raised and a general good time is expected. Processions, orations, singing, and music upon trumpets, tin and brass horns and sleepphones. All who come, be he stranger or Missourian, can have what may be called a regular old Cabinet jubilee. Children are invited to bring along their parents and see that good order prevails. Fire works to be exhibited in the evening and a grand Fourth of July ball to end the whole affair. It is hoped and believed by all who have given their cash, their heads and hand to the work, that it will be a grand success. Come and let us renew our patriotism, enjoy ourselves and see to it that every one present does the same. Come one, come all to Milarkey's Hall in the eve who are capable of tripping the light fantastic toe.

On Saturday night the 11th inst. a fight with pistols occurred at the saloon of I. Lewis, in Milton, between Kruiger saloon keeper, and I. Lewis, with pistols. Five or six shots were fired by the parties without injury to either of the parties engaged in the fight, but resulting in the killing of Frank Preston (incidentally) who was standing outside of the door with hand upon the knob of the door holding it a little way open. B[?] from Lewis' pistol striking him in the neck about one and a half inch above the breast bone and ranging downward, cutting one of the pulmonary arteries and causing death, as we suppose, almost instantly. No one knew that he was killed for ten or fifteen minutes, when he was found by one of the witnesses. Coroner's jury found crime committed by Kruiger and Lewis, but upon investigation before Justice Kirkland both were released from the charge brought against them, the killing having been done accidently by Lewis in defence of himself against Kruiger.

Drunk and Disorderly.—Last Tuesday three Indians were arrested for drunkenness and confined in jail. Some of them were boisterous, others passive. One was released next day and two kept for witnesses against the white man who gave them the fire water. Several other Indians were drunk but cannot be found. They drew their revolvers on some unarmed whites and made quite a demonstration but did not commit any assault. It is hoped by the citizens of this place that Judge Deady can find some law to warrant putting the whites, who sell the liquor, into the chain gang at Alcatraz—Eastern Oregon can get along without them.

Mr. Overholtzer, of Heppner, arrived in town last Monday on his way to Walla Walla, where his daughter is attending school. He intends taking her to Heppner to spend the summer. The young men of that town must look a "little out" for their hearts. He informs us that there is a good deal of rivalry, in Heppner, in the hotel business. That the proprietor of the Western rings the bell for dinner in his dreams at all hours during the forenoon, but that the proprietor of the City Hotel never fools his boarders in that way. Both are first class, but Bushee will give way to his feelings.

Dispensation as is a Dispensation.—Rothchild & Bean have paid out for Searight Bro.'s, over $60,000 in coin, to different stock raisers of the county, for cattle, since last April.

Another Fire.

IN THE OIL DISTRICT OF PENNSYLVANIA—LOSS, $200,000.

[Special to the Oregonian.]

Bradford, June 12.—This morning at 7 o'clock lightning struck a 20,000 barrel iron oil tank of the Tidioute Pipe Company located on an eminence above Titusville. The oil immediately took fire, and later the fire communicated to another tank of the same size, owned by the same company. At 1 o'clock the burning oil overflowed and ran down the hillside consuming everything in its course. The Octave refinery and Acme oil works, one of the largest refineries in the world is now burning. The oil ran into Oil creek and threatened the destruction of a large amount of property in the city. Persons residing in the neighborhood have moved their household goods and gone to places of safety. At 5 o'clock the fire was still increasing, having reached Franklin and Washington streets and is far and near destruction of the railroad bridge. Fire departments from Corey, Oil City and Warren are in the city in answer to a telegram from the mayor for aid, and are acting with the fire department of Titusville. At 7 o'clock buildings along both sides of Breed street were burning, and about one hundred thousand barrels of oil. The estimated total loss so far is about $200,000. There is great excitement in the city, but the business portion at this hour is believed to be safe, being mostly composed of brick buildings.

At 10 o'clock another iron tank burst and set fire to the Franklin street bridge. The Octave refinery on the north side is now in flames and the fire is spreading rapidly.

OREGON KIDNEY TEA.

Read the following testimonials, not from persons 3,000 miles away, whom no one knows, but from well-known and trustworthy citizens of Oregon, whose names, written with their own hands, can be seen at our office:

Portland, Oregon, July 29, 1879.

My kidneys were in a very bad condition. The urine was like brick dust, and I suffered a great deal with my back. All remedies were unavailing until I tried the **Oregon Kidney Tea**, which gave me almost immediate relief. H. HAMILTON.

Portland, Oregon, August 2, 1879.

Having a severe backache last Winter, I was induced to try the **Oregon Kidney Tea**. I found it very beneficial in its results. It is not more unpleasant to take than any other tea. I would recommend it to those afflicted as I was. JNO. P. FARMER.
