SECRET RATE CUTTING

Railway Discrimination Fosters the Trusts.

THE FARMER MADE TO SUFFER.

How Promises of Reform by Republican Candidates Are Evaded. Farmers' Organizations Should Put This Question to the Front.

Judge Gaynor of New York stated it as his belief that rebates and secret rate cutting to favored shippers has led to the creation of trusts and combines and that if the law was amended to punish these discriminations the trusts would be curbed. Perhaps Judge Gaynor is a little too sanguine of the effect that putting all shippers by the railroads, be they great or small, on the same footing would have, but there is no doubt that taking from the trusts and combines the discriminations by the railways in their favor would abolish one of their great monopolies.

To the farmer of the west it does not matter which trunk line carries his wheat or corn to the seaboard or whether it eventually reaches New York or some other city on the Atlantic or some port on the gulf of Mexico. The interest of the farmer ceases when he has sold his grain to the buyer at the nearest railway station. But it does make a vast difference to him if he ships a carload of grain or cattle or hogs to Chicago or elsewhere that the freight rate charged him shall be no more than to the elevator company or the big cattle buyer. It is also of the utmost importance to the farmer that he should have an equal opportunity in being furnished cars like other shippers—in fact, that no discrimination in rates or opportunity shall be made against him.

As nearly all the railways are interstate corporations it is necessary that federal legislation should be enacted to give the interstate commerce commission power to punish railway officials who disobey the law. The present law as amended by the Elkins bill makes it a misdemeanor on the part of any person or corporation "to offer, grant or give or to solicit, accept or receive any rebate, concession or discrimination in respect of the transportation of any property named in interstate or foreign commerce at a less rate than that named in the tariffs published and filed."

But the law does not provide for a way to punish the lawless railway official and is therefore secretly and often openly violated with impunity. The Republican majority in congress have always refused to vote for an amendment to the law giving the interstate commerce commission the necessary power, though the Democrats have time and again proposed such an amendment. The same opposition from the Republicans prevented the monopoly breeding tariff from being revised, though the Democrats have struggled to reform it, but every Republican in congress has stood like a stone wall against even reducing the tariff on those products of the trusts that they sell cheaper abroad than here.

Republican candidates for congress and senators may declaim upon the stump and make promises that they will favor reasonable revision of tariff rates, but their votes show they had no such honest intention. Some of them seek shelter under the plea that in a caucus of Republican members of congress the majority decided to stand pat, and they had to keep within party lines. That is an ancient dodge at Washington, for the trusts and corporations always have a majority of the Republican members ready to do their bidding.

If the farmers will pass resolutions at their grange or farmers' clubs demanding a pledge from the candidate for congress that regardless of party lines he will vote in their interest and declaring that otherwise they will vote and work against such candidate's election, there would surely be a majority in the next congress that would pass the relief demanded.

THEIR EYES OPENED.

Republican Voters of Wisconsin Learn Something.

The Republican voter in Wisconsin must be getting a bad opinion of the leaders of both factions into which his party is split if he believes the evidence produced by both sides to prove their opponents are utterly unreliable.

This proof of the total political depravity of Postmaster General Payne, Chairman Babcock and Senators Spooner and Quarles is no news to those who have been long upon the watchtower and observed the trend of these leaders toward the corporations and combines. The common people are to them but sheep for the shearing and geese for the plucking. That the Republican voters of Wisconsin—and other states, for that matter—have so long shut their eyes and voted the straight ticket has been a wonder to political observers. How many of these voters will "take to the woods" or cut the ticket now their eyes are fully opened remains to be seen, but there should be enough to bury the trust party in Wisconsin and elsewhere beyond hope of resuscitation and a new deal be inaugurated.

LIVER TROUBLES

"I find Thedford's Black-Draught a good medicine for liver disease. It cured my son after he had spent $100 with doctors. It is all the medicine I take."—MRS. CAROLINE MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Thedford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile.

Thedford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and contagion. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Thedford's Black-Draught should always be kept in the house.

"I used Thedford's Black-Draught for liver and kidney complaints and found nothing to excel it."—WILLIAM COFFMAN, Marblehead, Ill.

Taken With Cramps.

Wm. Kimse, a member of the bridge gang working near Littleport was taken suddenly ill Thursday night with cramps and a kind of cholera. His case was so severe that he had to have the members of the crew wait upon him and Mr. Gifford was called and consulted. He told them he had a medicine in the form of Chamberlain's Colic, Cholera and Diarrhoea Remedy that he thought would help him out and accordingly several doses were administered with the result that the fellow was able to be around next day. The incident speaks quite highly of Mr Gifford's medicines.—Elkadere, Iowa, Argus. This remedy never fails. Keep it in your home, it may save life. For sale by Wilson Drug Co.

Only a Mask.

Many are not being benefited by the summer vacation as they should be. Now, notwithstanding much outdoor life, they are little if any stronger than they were. The tan on their faces is darker and makes them look healthier, but it is only a mask. They are still nervous, easily fired, upset by trifles, and they do not eat nor sleep well. What they need is what tones the nerves, perfects digestion, creates appetite, and makes sleep refreshing, and that is Hood's Sarsaparilla. Pupils and teachers generally will find the chief purpose of the vacation best subserved by this great medicine which, as we know, "builds up the whole system."

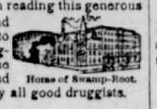
DO YOU GET UP WITH A LAME BACK?

Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's **Swamp-Root** is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.



Home of Swamp-Root.

Do not make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y. on every bottle.

A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
