Deafness Cannot be Cured.

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflamation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give $100 for any case of deafness, caused by catarrh, that cannot be cured by Hall's Catarrh cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by druggists, 75 cents. Take Hall's Family Pills for Constipation.

School Fair.

The school children will have a fair again next fall, and now is the time to begin our preparations. We have made arrangements with the Portland Seed company by which they will furnish the children of Dallas school seeds at half price. We shall call upon our friends in the near future to aid the good cause again by offering premiums as they did last year, as we do not wish to fall below last year's mark. We would like to have a better list this year. Yours truly,

On Thursday Evening, February 14th.

The Dallas lodge of K. P's at their meeting on Monday evening decided to give a grand masquerade ball on St. Valentine's evening. It will take place at the Woodman hall, than which there is no better place for such an event in the county, and judging by the committee in charge, will be one of the greatest occasions of the kind given here in many years. Music will be furnished by the Dallas orchestra of seven pieces, known by all to be the best musical organization extant, and they can be depended upon to give of the best at their command. Handsome and costly prizes will be awarded to the best sustained male and female characters. Masks and costumes may now be ordered of W. H. Roy & Co., and all orders must be put in by Wednesday, February 13th. The price of dance tickets has been placed at $1, and spectators will be charged 25 cents. All are invited and may rest assured that the Knights will spare no pains to make the evening one of great enjoyment to all. Supper will be served in the banquet hall below by those well known caterers, the Johnson Bros. Lady maskers will assemble in the banquet hall, preparatory to the grand march. The local lodge of Knights is composed of the very best business and social men to be found in Dallas, and they are unitedly working to make the affair a grand success. That it will be is an assured fact.

DALLAS.

WOULD YOU.

A crow can make as much noise as a canary.

If you were buying a bird for music would you buy the crow because it was cheaper?

Then why would you choose a noise machine instead of a music machine?

There is the same difference between the cheap machines and the Edison phonographs as there is with the noise bird and the music bird.

I have sold a large number of Edison phonographs and records, and am still selling them.

I have sold them to many music lovers in the county.

Ask these people if they did not get a square deal and are not satisfied.

If you would like the best machine made, I will sell it to you for the next thirty days for $5 down and $1 a week until paid for.

This is guaranteed to be the very latest model Edison phonograph and first class in every respect.

The price is the same for which the same machine can be bought for cash anywhere in the United States. You get the use of the phonograph while paying for it.

I have the largest and best stock of Edison records carried by any exclusive retail dealer in this section of the state.

I have just returned to factory all defective and soiled goods and have a clean stock. I receive the latest records on the 27th of each month.

Come in and hear the band play and make yourself or some one else a present which will wear and will not be forgotten in a week.
