Abe Reuf, of San Francisco, would no doubt agree with the suggestion that jail conditions should be improved.

Thomas Platt will have to dig up some lively literature in order to make his reminiscences more startling than current events.

England intends to abolish the office of play censor. The one they have had was, judging from some of the performances, that got by, near-sighted and hard of hearing.

Within the past week announcement has been made that in addition to the $25 fare from Missouri River points, $30.50 from St. Louis and $33 from Chicago, a proportionate rate is good from every point in the United States. For instance, New York $50, Boston $49.45, Cleveland, $39.75, Birmingham, $40.25, and Jacksonville $59.75 are given as illustrations.

The reproduction in last Sunday's Oregonian of its page in 1865 announcing Lincoln's assination is quite interesting from many standpoints. From a typographical standpoint it is especially unique. The column rules are turned, as was then the custom on the demise of an owner of the paper, but the pressmen were not able to do so in those days and avoid entirely the "throwing off" of lines of type. Many familiar faces of type greet the eye of an old printer, years ago consigned to the "Hell box," but still a number of them, such as the Gothic, are still in use today and will be until the end of time. Merchants in those days seemed to be extremly leary of taking any great amount of advertising space, confining themselves mostly to a simple announcement of their business.

It has gotten to be the usual thing everywhere to speak of Oregon as a state noted for an unusual rainfall, but statistics of weather observers prove such a statement to be entirely erroneous, in fact our annual rainfall is not in excess of many of the older states, and there are many that beat us away yonder. In Dallas the average years precipitation is 42 inches, in New York it is 45 and in New Orleans 62. Portland, Astoria and other towns adjacent to the coast have much more rain than we and help to bring up the average considerably for the state, while Eastern Oregon acts the other way and helps to keep it down. During 1908 the average precipitation for the year determined from all stations, was 29.31 inches, or 9,72 inches below the normal. The greatest annual amount was 115.95 inches at Glenora, Tillamook county, the least, 4.63 inches at Blalock, Gilliam county. The greatest monthly amount was 19.80 inches at Glenora, Tillamook county in March.

The death of James McClain on Thursday afternoon, February, 1909, at his home near Wellsdale, removes another of our pioneers. He was born in Missouri 77 years ago, and crossed the plains to Oregon in an early day. He leaves a wife and one son, and two grandchildren. He was a resident of this place for a number of years, and was highly respected by all. He was an active member of the Baptist church. He was a sufferer from cancer for a long time. The remains were laid to rest in the I. O. O. F. cemetery at this place.

Since our last issue the Oregons have played five games of basket ball, winning every one of them and always by a good majority. The game at Princeville on the 6th was the closest but they got away with that by 12 points to the good. Shenandoah, Malvern and Red Oak were simply not in their class. The boys are getting anxious for a sight of old Oregon's fir clad hills once more and will welcome the day that they finish their itiniary. They should now be addressed at Denver, from where they will go to Salt Lake, then to California and home. They will probably play a game with M. A. A. C. at Portland. This playing basket ball every night is not all fun by any means.

Everybody's Magazine

HAS GOT THIS MONTH

Two screaming stories by Ellis Parker Butler and Lindsay Denison, each racing to see which will bump your funny bone hardest.

One tragedy that will grip your heart.

And articles by Russell, Paine and Dickson that cut deep into things.

LOOK OUT FOR EVERYBODY'S THIS MONTH. THE CAT IS BACK

Do You Get Up With a Lame Back?

Kidney Trouble Makes You Miserable.

Almost everyone knows of Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy, because of its remarkable health restoring properties. Swamp-Root fulfills almost every wish in overcoming rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night.

Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble, it will be found just the remedy you need. It has been thoroughly tested in private practice, and has proved so successful that a special arrangement has been made by which all readers of this paper, who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root, and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Binghamton, N. Y. The regular fifty-cent and one-dollar size bottles are sold by all druggists. Don't make any mistake but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Home of Swamp-Root.

More Compliments.

SAVED FROM AN OPERATION

By Lydia E. Pinkham's Vegetable Compound

Louisville, Ky.—"Lydia E. Pinkham's Vegetable Compound has certainly done me a world of good and I cannot praise it enough. I suffered from irregularities, dizziness, nervousness, and a severe female trouble. Lydia E. Pinkham's Vegetable Compound has restored me to perfect health and kept me from the operating table. I will never be without this medicine in the house."—MRS. SAM'L LEE, 3523 Fourth St., Louisville, Ky.

Another Operation Avoided.

Adrian, Ga.—"I suffered untold misery from female troubles, and my doctor said an operation was my only chance, and I dreaded it almost as much as death. Lydia E. Pinkham's Vegetable Compound completely cured me without an operation."—LENA V. HENRY, R. F. D. 3.

Thirty years of unparalleled success confirms the power of Lydia E. Pinkham's Vegetable Compound to cure female diseases. The great volume of unsolicited testimony constantly pouring in proves conclusively that Lydia E. Pinkham's Vegetable Compound is a remarkable remedy for those distressing feminine ills from which so many women suffer.

INDIGESTION ENDS.

Stomach Distress Vanishes Five Minutes Later.

You can eat anything your stomach craves without fear of a case of indigestion or Dyspepsia, or that your food will ferment or sour on your stomach if you will occasionally take a little Diapepsin after eating. Your meals will taste good and anything you eat will be digested; nothing can ferment or turn into acid or poison or stomach gas, which causes belching, dizziness, a feeling of fullness after eating, nausea, indigestion, like a lump of lead in stomach, biliousness, heartburn, water brash, pain in stomach and intestines or other symptoms Headaches from the stomach are absolutely unknown where this effective remedy is used. Diapepsin really does all the work of a healthy stomach. It digests your meals when your stomach can't. Each triangule will digest all the food you can eat and leave nothing to ferment or sour. Get a large 50 cent case of Pape's Diapepsin from your druggist and start taking today and by tomorrow you will actually brag about your healthy strong stomach, for you then can eat anything and everything you want without the slightest discomfort or misery, and every particle of impurity and gas that is in your stomach and intestines is going to be carried away without the use of laxatives or any other assistance.

Our store windows are gaily decorated with Valentine offerings, which falls next Sunday.

The county court this morning appointed T. J. Merrick as road supervisor in district 22, Buell.

Sam Ray was up at Falls City this morning, where he disposed of several tons of salt to merchants there.

Dungan & Holman are kalsomining and renovating the La Creole club rooms today which will much improve its looks and the light facilities.

A special meeting of Naomi Chapter will be held on next Tuesday evening, February 16th, for initiatory work.—Libbie Muir, secretary.

The reception by the student body at the college last Saturday night was a particularly interesting one to all who were fortunate enough to be present.

At the Baptist church next Sunday morning there will be an illustrated sermon for children. The evening hour will be given to a Song service. Sunday school at 10:30. Prayer meeting 6:30. Everyone welcome.—Curtis P. Coe. pastor.

Do not forget the basket ball game at the college gym tomorrow night. Our boys will engage the Newberg team, and as Newberg only beat them one point at the latter place some time ago, you can look for a close and exciting game. There will be a preliminary game between the public school five and the college third team.

"I can truthfully say that I believe that, but for the use of your Emulsion I would long since have been in my grave. I was past work—could not walk up-hill without coughing very hard."

THIS, and much more was written by Mr. G. W. Howerton, Clark's Gap, W. Va. We would like to send you a full copy of his letter, or you might write him direct. His case was really marvelous, but is only one of the many proofs that

Scott's Emulsion

is the most strengthening and re-vitalizing preparation in the world. Even in that most stubborn of all diseases (consumption) it does wonders, and in less serious troubles, such as anemia, bronchitis, asthma, catarrh, or loss of flesh from any cause the effect is much quicker.

Do not delay. Get a bottle of SCOTT'S EMULSION—be sure it's SCOTT'S and try it.

There are 40 applicants for state papers occuping the court house this week, —36 ladies and four men. There are 17 writing for county papers, three of them being of masculine persuasion. This is the smallest class of embryo teachers applying for a long time. Seven teachers who aim to teach in this county are taking examinations elsewhere. The county papers will be ready for delivery by Saturday, but it takes about three weeks for the state papers to get back. Mrs. F. H. Morrison, Mrs. H. C. Seymour and the county school superintendent are the examining board.

Not Coughing Today?

Yet you may cough tomorrow! Better be prepared for it when it comes. Ask your doctor about keeping Ayer's Cherry Pectoral in the house. Then when the hard cold or cough first appears you have a doctor's medicine at hand. Your doctor's approval of its use will certainly set all doubt at rest. Do as he says. He knows. No alcohol in this cough medicine. *J. C. Ayer Co., Lowell, Mass.*

Robust health is a great safeguard against attacks of throat and lung troubles, but constipation will destroy the best of health. Ask your doctor about Ayer's Pills.
