HANDS CRACKED AND PEELED

Tried Many Remedies but Grew Worse —Impossible to Do Housework —Cured by Cuticura Soap and Ointment.

"About six years ago my hands began to crack and peel. I tried many remedies, but they grew worse all the time. At last they became so sore that it was impossible for me to do my housework. If I put my hands in water I was in agony; if I tried to cook, the heat caused intense pain. I consulted a doctor, but without the least satisfaction. After about a year of this suffering, I got my first relief when I tried Cuticura Soap and Cuticura Ointment. After using them for a week I found to my great delight that my hands were beginning to feel much better, the deep cracks began to heal up and stop running, and in a little while my hands were cured by using only one cake of Cuticura Soap and one box of Cuticura Ointment. I am very thankful to say that I have had no return of the skin disease since. I shall be glad if you will publish this so that others may know of Cuticura. Mrs. Minnie Drew, 23 Danforth St., Jamaica Plain, Mass., April 20, 1910."

For thirty years Cuticura Soap and Cuticura Ointment have afforded speedy relief to tens of thousands of skin-tortured and disfigured sufferers from eczemas, rashes, itchings, irritations and chafings, from infancy to age, bringing comfort and peace to distracted households when all else failed.

Cuticura Remedies are sold throughout the civilized world. Potter Drug & Chem. Corp., Sole Props., Boston. Mailed free, 32-page Cuticura Book "How to Care for and Treat the Skin and Scalp."
