THE WEEKLY COURIER
TUESDAY JULY 14 1868.

That our printers might celebrate the Nation's birth, we gave our readers but a half-sheet lastweek.

We are told that Mr. Brown, of Dayton says, that the only money he knows of Clem. Eckles having, on the morning he was robbed, was ten dollars he borrowed Eckles represents that he kept his money in Brown's safe.

We give time for investigation, although Clem. says he cannot prove that he had any money, to be robbed of.

Mr. Bigham passed through town with a large drove of horses during the week

We have heard it reported that Stub Adams has deserted God's ministerial army to mix in the pool of politics and law Perhaps he is deserted by God.

DEFAULTER.

Clem. Eckles.—black and tan county Treasurer of Yamhill County, is defaulter to this County, about four thousand dollars; one thousand of which was legal tender.

Persons intimate with him do not profess to know what became of the money although vague rumors are afloat to the effect that it was lost on Logan.

NEXT SATURDAY.—there will be a Ratification meeting and Rally at Wheatland. Turn out, everybody.

What's the difference between the manner of death of a barber and a sculptor? One curls up and dyes—the other makes faces and busts.

Two horses, one a brown mare, branded J L on the left shoulder, and the other a bay mare, (brands, if any not remembered.) both shod all around, strayed or were stolen from the Ist place near Chehalem valley. They belong to T N. Young and W. Malone, who would be pleased to hear of their whereabouts. Please send them word, or direct letter to LaFayette Ogn.

PACIFIC
BUSINESS
COLLEGE,
MECHANIC'S INSTITUTE,
POST STREET,
Between Montgomery & Kearney,
SAN FRANCISCO.

The importance of a thorough and practical business training for those who contemplate entering the mercantile profession, is too well known to require much comment. Without such knowledge, the young merchant will become involved in many embarrassments which might otherwise be avoided. The youthful aspirant will find himself surrounded by inexperienced difficulties in seeking a situation, and in the discharge of its duties after employment is obtained. To have received instruction at a mercantile college, endorsed by the leading merchants of the city, is more effectually securing the favor and confidence of business men, than all the letters of introduction which friends can give. The

Pacific Business College

maintains a reputation for thoroughness and systematic training far surpassing any other similar institution on the Pacific coast. Most of the leading merchants of this city have employed graduates of this College, and bear testimony to the practical efficiency of the commercial education received. The system of actual practice pervades all the various departments of real business. A LADIES DEPARTMENT has lately been added to this popular institution, which alone comes full to draw forth the well wishes of the public.

Address for all information,

VINSONHALER & DE LAGUNA,

A CARD.

We, the undersigned, merchants and business men of San Francisco, California, are at the present time, employing men who have completed the prescribed course of study at the Pacific Business College, and we take pleasure in stating that we have found them well posted in accountancy and the general principles of business, showing conclusively that they have been subject to a thorough drill in those important matters by experienced and competent instructors.

We cheerfully recommend the College as being in our opinion, an institution of merit, and well worthy of the confidence and support of the community.
