More Money For You

Greater productiveness of trees—larger, cleaner, and finer fruit—more money. Isn't that fruit growers' reasoning? Nothing will contribute to this end more than effective spraying. And Effective Spraying can best be attained with

Bean Magic Spray Pumps

Effective spraying means **High Pressure Spraying** and till the advent of the Bean Magics a high pressure could not be maintained with a hand pump for any length of time, on account of the body-racking effort needed to operate it. The Bean patent spring divides the work between the two strokes of the handle and works against only one-half the pressure shown on the gauge and saves exactly one-third the labor.

We have these pumps in stock and will be pleased to show them. We cannot recommend them too strongly.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

SATAN'S MONSTROUS LIE; WHAT HARM IT DID

Pastor Russell, Quoting Jesus, Says Satan Is Father of Lies.

The First Lie—Where It Was Told. Why It Was Told—To Whom Told. Its Result—Its Repetition—The Disastrous Results to Humanity—All Manner of Crimes Are Its Fruitage—The Only Remedy—Why?—When?—How?

Reading, Pa., Feb. 8.—Pastor Russell today called attention to the fact that the Bible teaching respecting Satan has been seriously departed from by Christians. Nothing in it supports the thought that Satan is far away, superintending the torture of humanity, or that he has cloven hoofs, forked tail, horns, etc. On the contrary, the Bible describes him as originally one of God's noblest creatures—a "cherub."

Since his fall, Satan's residence is in our atmosphere—Tartarus. He is "the prince of the power of the air * * * that now worketh in the children of disobedience," presenting himself as "an angel of light" a servant of God.

When and How Satan Fell.

The Pastor stated that the Bible explicitly declares Satan's sin to be pride and improper ambition. Seeking to usurp Divine prerogatives, he ensnared himself and rebelled against God. His ambition found no opportunity for exercise until man's creation. Then, beholding this human pair, he perceived that to capture them would be to capture a race, and to achieve in this earth his ambitious plans.

Satan took advantage of the test of loyalty which God put upon our first parents. Obsessing the serpent, he guided it continually to eat of the forbidden tree. The serpent not only did not die, but was the wisest of beasts, thus seemingly giving the lie to God's statement, "Thou shalt surely die." The Pastor thinks it unnecessary to suppose [illegible] literally. Actions can speak.

Eve was convinced that the Divine Law was selfish and that the forbidden fruit was desirable, to make her wise. St. Paul explains that Adam was not deceived. Realizing that his beloved wife would die, he preferred to die with her. Hence he became a willful sinner. Presently God drove our first parents from Eden, that thus His death sentence might be executed.

Satan Adopted Another Plan.

Disappointed in that humanity were perishing, Satan formed another plan. He would cope with God by injecting new life into the human race. He would have an empire, despite the Divine will.

To do this he proposed to the angels that they materialize and live as men—contrary to their nature. To those who objected that this might displease God, Satan presented the argument that if God really possessed the power, He would have punished him, for he had been an enemy of God for some time. The argument was successful, according to the Bible.

For centuries a process of engrafting unseeli vitality upon Adamic stock progressed. We read, "The sons of God beheld the daughters of men that they were fair; and they took them wives of all they chose." We read that their children were "giants, men of renown." But they bore no stamp of Divine character. They were brutal, sensual, devilish.

The children of Adam became the slaves of these giants. Thus the Scriptures tell us that the earth was filled with violence, and men's thoughts were evil continually. Apparently Noah and his family remained pure Adamic stock. Then came the Deluge, already prepared for in the Divine Plan, and all mankind perished, except Noah and his family.

Satan's Lie Otherwise Supported.

Thwarted again, Satan began a new system of tactics—to persuade mankind that his original lie was truth—that those who seem to die really become more alive. To assist in this deception, he had the support of the fallen angels, sentenced with himself to remain in Tartarus—the atmosphere.

Necromancers, witches and wizards were developed. The fallen angels, speaking through these mediums, personated the dead. Gradually, this system of error spread, until no nation can be found where these evil spirits have not incorporated Satan's lie. Even amongst Christians, Satan's word is accepted, and God's Word rejected—"The soul that sinneth, it shall die."

The Foundation of All Errors.

Pastor Russell declared that nearly all theological errors are based upon this doctrine of demons—that men do not really die. Where, he asked, would be the doctrines of eternal torment, purgatory, masses for the dead, etc., if people really believed God's Word that the dead are dead, and that their only hope lies in the resurrection, secured for them by Jesus' death?

The speaker believes that mediums, who today support Satan's lie, are themselves deceived. His pamphlet on Spiritism has recovered many honest mediums, who after learning that they were agents of Satan and his demons, have become children of God.

News Is Stranger Than Fiction

By MOSS.

SUPPOSE advertising of all kinds the world over were wiped out for a month—utterly obliterated. Yes, it would ruin business. But it would do more—it would make this old world positively STUPID.

Why?

Because ADVERTISING IS NEWS, and we must keep pace with the news or grow stale.

Newspaper advertising THE BEST ON EARTH—is displayed news, paid for with a purpose.

The latest news in newspaper advertising, a special sale of furs, a big reduction in suits, a saving in groceries, furniture at annual sale prices or five bars of soap for the price of three—all this latest news is as important to every housewife and the husband who pays the bills as the last word from Mexico or an account of the newest municipal or society scandal.

Advertising is POSITIVELY and ABSOLUTELY news.

Successful advertisers make their ads. as NEWSY as possible. Read the ads. in this paper as NEWS. Keep up with them. Truth is stranger than fiction. So is news.
