Send Girl Home.—Marshal Carter has Annie Pierce, a young girl who recently came here with a show troupe, under detention until he can send her to her father, F. E. Pierce at Haines, Oregon.

Wires Crossed.—An electric light wire and a telephone wire between here and North Bend became crossed this morning and as a result both lines were put out of commission for awhile. No serious damage was done.

J. M. Blake Coming.—R. O. Graves received a telegram from J. M. Blake this morning stating that he and a prominent railroad capitalist will arrive on the Bay next week. It is expected that Mr. Blake will then resume activities on his Marshfield and North Bend street car project.

Mother Agnes Here.—Mother Agnes, accompanied by Sister Pauline, arrived on the Ramona from Portland today. Mother Agnes has general charge of the Sisters of Mercy institutions in Oregon. It is expected that her visit here at this time is to perfect plans for converting the J. E. Oren property which they recently purchased into a boarding school.

Consider Franchise.—A joint committee of the Rapid Transit company and members of the Marshfield city council will probably be held this evening to consider the Rapid Transit company's request for a street car franchise here. It is possible that the city council will insist on the company putting up a bond of $5,000 or $10,000 to be forfeited in case the company does not complete its line as required.

WILL OBSERVE MOTHER'S DAY

Coos County to Unite in Recognition of Anniversary Sacred to Motherhood.

Sunday, May 8, will be Mothers' Day throughout the United States. It will be appropriately observed in Coos county and particularly on Coos Bay, if the plans of the Mothers' and Teachers' Club of North Bend are successful.

At a recent meeting of the club it was decided to co-operate with similar organizations throughout the country to secure a universal recognition of the day. The club has taken the matter up with the churches and other organizations in Marshfield and the Coquille valley to secure their co-operation in the matter. On that day every person will be asked to wear a white carnation for his mother. The Times has not been advised as to what provision the Mothers' and Teachers' club is making to furnish this flower but if sufficient cannot be obtained doubtless some other floral substitute will be used. The white carnation, emblematic of purity and fragrant with the spirit of motherhood, is the official flower. "Wear a flower for your mother," is the advice of the mothers' congress.

The idea of a mothers' day originated esss than four years ago and during that short time it has increased in popularity until now it is observed throughout the length and breadth of the land. On Wall street, the greatest financial district of the country; in the United States Senate, the highest legislative body of the land; in the Supreme Court, the highest tribunal of justice of the Nation, it is observed with the strictest attention. On that day, the white-haired statesmen, jurists and financiers wear a white carnation in honor of their mothers.

The movement has spread until in every city and village of the country, from the greatest to the humblest citizen, the white carnation is worn. Another part of the program is to remember your mother, if she is absent, with a letter or some token of love, and if present, through some appreciative act.
