No External Symptoms.

The blood may be in bad condition, yet with no external signs, no skin eruption or sores to indicate it. The symptoms in such cases being a variable appetite, poor digestion, an indescribable weakness and nervousness, loss of flesh and a general run-down condition of the system—clearly showing the blood has lost its nutritive qualities, has become thin and watery. It is in just such cases that S. S. S. has done some of its quickest and most effective work by building up the blood and supplying the elements lacking to make it strong and vigorous.

"My wife used several bottles of S. S. S. as a blood purifier and to tone up a weak and emaciated system with very marked effect by way of improvement.

"We regard it a great tonic and blood purifier."—J. F. DUFF, Princeton, Mo.

SSS is the greatest of all tonics, and you will find the appetite improves at once, strength returns, and nervousness vanishes as new rich pure blood once more circulates through all parts of the system.

S. S. S. is the only purely vegetable blood purifier known. It contains no minerals whatever. Send for our free book on blood and skin diseases and write our physicians for any information or advice wanted. No charge for medical advice.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

A meeting of the woolgrowers of Wallowa county has been called for to be held in Enterprise, Saturday. The object of the meeting is to form an association for mutual benefit and protection. It is understood that in many other counties in the state the wool growers have formed organizations and are preparing to stand together for a reduction in the price of stock salt and wool sacks.—Wallowa Chieftain.

When you want a modern, up-to-date physic, try Chamberlain's Stomach and Liver Tablets. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at Conser & Ayer's drug store.

The man who goes to a money shark to raise the wind pays dearly for his whistle.

HEARTBURN

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow, and especially so if the digestion has been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you feel a fullness and weight in the region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by Conser & Ayers, druggists.

An application of money will sometimes remove stains from a man's character.

THE BEST REMEDY FOR STOMACH AND BOWEL TROUBLES.

"I have been in the drug business for twenty years and have sold most all of the proprietary medicines of any note. Among the entire list I have never found anything to equal Chamberlain's Colic, Cholera and Diarrhoea Remedy for all stomach and bowel troubles," says O. W. Wakefield, of Columbus, Ga. "This remedy cured two severe cases of cholera morbus in my family and I have recommended and sold hundreds of bottles of it to my customers to their satisfaction. It affords a quick and sure cure in a pleasant form." For sale by Conser & Ayers Drug Co.

A wise girl doesn't think herself an angel just because some man tells her she is.

During last May an infant child of our neighbor was suffering from cholera infantum. The doctors had given up all hopes of recovery. I took a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy to the house, telling them I felt sure it would do good if used according to directions. In two days time the child had fully recovered. The child is now vigorous and healthy. I have recommended this remedy frequently and have never known it to fail.—MRS. CYRIS BAKER, Bookwalter, Ohio. Sold by Conser & Ayers Drug Co.

Youth and beauty cut a wide swath when backed by wealth and influence.

A GOOD COUGH MEDICINE.

Many thousands have been restored to health and happiness by the use of Chamberlain's Cough Remedy. If afflicted with any throat or lung trouble, give it a trial for it is certain to prove beneficial. Coughs that have resisted all other treatment for years, have yielded to this remedy and perfect health been restored. Cases that seemed hopeless, that the climate of famous health resorts failed to benefit, have been permanently cured by its use. For sale by Conser & Ayers Drug Co.

The elastic conscience was in use long before rubber was invented.

CLEANLY WOMAN.

Erroneously Thinks by Scouring Her Scalp That She Cures Dandruff.

Cleanly woman has an erroneous idea that by scouring her scalp, which removes the dandruff scales, she is curing the dandruff. She may wash her scalp every day, and yet have dandruff her life long, accompanied by falling hair, too. The only way in the world to cure dandruff is to kill the dandruff germ, and there is no hair preparation that will do that but Newbro's Herpicide. Herpicide kills the dandruff germ, leaving the hair free to grow as healthy Nature intended. Destroy the cause, you remove the effect. Kill the dandruff germ with Herpicide.

WEEKLY CROP BULLETIN.

Portland, July 1, 1901.

The forepart of the week was showery in the northern portion of the state and the latter portion was dry. Generally fair conditions continue in portions of Southern Oregon. The temperatures have averaged about [illegible] degrees higher than last week, and [illegible] have also been somewhat greater than usual for this season of the year. The maximum temperatures during the week in Western Oregon ranged between 66 and 70 degrees, and the minimum temperatures between 46 and 50 degrees. In Eastern Oregon the maximum temperatures ranged between 56 and 78 degrees, and the minimum temperatures between 36 degrees and 54 degrees.

Haying has been delayed by showery and cloudy weather, and some clover lying on the ground has been injured, but most of that cut has been safely housed. A big crop of timothy hay is now ready to cut, but the farmers are waiting for warmer, sunshiny weather before beginning its its harvest. The first crop of alfalfa has been secured and the yields averaged about the same as last year. Fall grain is ripening fast, and the harvest of barley and rye will begin next week. Fall wheat in the Willamette valley is generally in a promising condition. The grain aphis has made its appearance in considerable numbers in Clackamas, Marion, Polk and Yamhill counties, but they do not seem to be doing much damage. Spring wheat is heading nicely and fall oats are especially promising. In Eastern Oregon wheat is generally doing well, but the winds have been rather too strong in Umatilla county, and although they have not been hot they have been drying winds, and it is feared some slight damage has been done.

Hops are unusually thrifty, and the yards are, as a rule, free from lice. Gardens, potatoes and corn continue backward, but root crops have a healthy color and are doing well.

Cutworms have made their appearance in Coos county on the second crop of clover, but they have not as yet done much damage, while near Weston, Umatilla county, a species of army worm is to be found in considerable numbers on tar weed and thistles, and fears are entertained that this pest will later attack the cultivated crops. In portions of Marion county small snails or slugs have ruined whole fields of rape and damaged some gardens, but insect pests on the whole, are less numerous than usual at this season of the year and they have as yet done no material damage to the staple crops of the state.

BOSTON WOOL MARKET.

Boston, July 3.—Little or no change in the wool market here, except that values between fine and medium grades are wider apart. The market at present appears to be a fine wool market. The strictly fine grades are in best demand, but this is not extreme enough just now to force values up to any extent. Territory wools continue to lead the sales. Fine medium and fine staple is selling at 40@42c on the scoured basis, while the strictly staple article is quoted at 44@45c.

Territory, scoured basis: Montana, fine medium and fine, 40@42c; staple, 44@45c. Utah, Wyoming and Idaho fine medium and fine, 43@44c; Australian, scoured basis, spot prices combing superfine, 71@78c; good, 60@70c; average, 65@67c.

ST. LOUIS, June 25.—Wool—Steady, unchanged; territory and Western, medium, 14@15c; fine, 10@13c; coarse, 10@12c.

One hundred and three men took the civil service examination at Port Townsend Saturday for places in the customs service. This was the largest class since the Puget Sound district was placed under civil service.

The general executive committee of the Red Men's carnival has decided to postpone until September the carnival and street fair which was to have been given during the week of July 23, or at the time the grand lodge of the order will be in session in Baker City. The reason given for the postponement is that the committee finds it impossible to secure the necessary attractions to make the carnival and street fair a success, in the short time allowed between now and July 23.

What the Monthly World Newspaper Magazine Is.

The Monthly World is a 32-page Magazine with colored cover. It is copiously illustrated with pen drawings and half-tone reproductions of photographs. The illustrations are the result of the best artistic skill, aided by all the latest printing press appliances, making a magazine unrivalled in the quality of its contents and the beauty of its appearance.

Each issue contains stories of romance, love, adventure, travel; stories of fiction and fact; stories of things quaint and curious, gathered together from all over the world; the results of scientific research, and interesting editorial reviews. It numbers among its contributors the leading literary men and women of the day. Its comic pages will present the work of famous comic artists. There will be funny paragraphs and pictures.

A feature each month will be the large first page portrait of the most famed man or woman of the moment in the public eye.

In collecting and preparing for publication the literary matter and art subjects for the Monthly World no expense is spared. It is one of the most attractive publications issued from the great city of New York. It furnishes high class and widely varied entertainment to many thousand readers throughout North America. The size of the pages of the Monthly World is ten and a half by eighteen inches.
