Choir to Meet.—The choir of the First Baptist Church will meet this evening at 8:15 for rehearsal in the church.

Barbers Picnic.—The Marshfield barbers and their families are planning a picnic at the beach next Sunday. A big feast of clams and crabs is anticipated.

Go For Ducks.—Otto Schetter and Arthur McKeown left today for the Sand Hills to get some of the first ducks tomorrow morning. They will remain over Sunday.

Meet Friday Night.—The Junior Philathea Society of the Baptist Church will meet tomorrow evening at 7:30 in the church parlors when will occur the election of officers.

Vestry Meeting.—The Vestry of the Episcopal Church will meet Friday evening of this week at Guild hall, and the members are asked to be present especially at the mass meeting at 8 o'clock.

Moves Into Office.—In old clothes District Attorney Liljeqvist reported for duty in the Coke building this morning and began moving his office furniture into his rooms on the third floor. He expects to be entirely located there in two or three days.

Many Names Offered.—As a result of the offer of $10 for a new name for the Nasburg Grocery, the store up to last night was in receipt of about 150 replies. The suggestions will be turned over to the judges today and the winner announced tomorrow.

Last Day For Taxes.—Today is the last day for the paying of taxes at the office of Sheriff Johnson and it is said that all day the office has been a busy place. Many of the tax payers have been reported in person and thousands of dollars came in letters via the check method.

Are Now Members.—A check of $10 has been received at the Chamber of Commerce from the Portland, Eugene and Coos Bay Land Company and they are now full fledged members of the Chamber and have expressed the intention of making such a payment every month. This is the company that has Crawfords Point on the market.

Celebrates Birthday. — George Stephenson, manager of the North Bend Mill and Lumber company, was over yesterday from North Bend receiving the congratulations of his friends on his birthday. Some of them said that he admitted seeing 42 summers and that the day was also the 20th anniversary of his initiation into the Sigma Chi fraternity.

Basket Ball Chances.—With the football season hardly under way the basket ball fans are looking into the prospects of the basket ball season. The Independents will have another team this winter and play a series with the local aggregations and teams from the Valley. Professors Barragar and Leland, at the high school, are looked upon as fast material.

Go South On Court.—There comes up in the U. S. Federal court of appeals next week in San Francisca the appeal of the Smith-Powers Logging company for a damage decision of about $4,000 given in the case of Bernitt and Wittick versus the Smith-Powers logging company. Judge Hall and W. U. Douglas will go south to represent the appellees and John D. Goss, the appellants.

May Return Here.—I. N. Miller this morning received a letter from Dr. E. V. Morrow, who is at Le Panne Belgium. He said that his contract has just run out but he will stay three more months and then is expected to come home. He did not say that he would return here but his equipment and office is still the same as he left it and it i sbelieved he intends to return to Marshfield.

Traffic Decreases.—Captain Alex Hall, of the Eastside Ferry, says that the traffic of the boat has fallen off at least 400 persons this month over what it has been previously. He said that last night the figures were about 600 behind. A dolphin, authorized by the council, for the entrance to the Marshfield slip has not been put in and Captain Hall says that if bad weather comes on without this done he will have to stop the ferry.

Duck Season Coming.—At sunrise tomorrow morning the duck season opens and any unusual bombardment in the harbor need not be taken as a naval engagement or a submarine attack. The law says too, not more than 30 ducks in any week and Deputy Game Warden Thomas says that the law is going to be enforced. Ducks are said to be more plentiful this year than for several seasons, past though rain is needed to keep the flights from passing south.

Copper on Bottom.—Captain Dunson was up from the Cape Arago lighthouse this morning. He said that Jim Wasson, who lives at the South Inlet bridge and a few others took about $150 in copper off the bottom of the old Northwest in at Mussel Reef. He said that the vessel is about gone. She burned but very little when set afire but quickly went to pieces in the breakers.

Looks After Associations.—J. L. Smith, county agriculturist, left on the Sunrise this afternoon for Sumner where he will confer with William Black, tester of the Coos Bay Association. Mr. Smith expects soon to have his entire report for the cow testing associations. He says that Kenneth Nelson, a four years graduate of the O. A. C. dairying department has superseded R. J. Dryden as head of the Myrtle Point association.

Mr. Smith said that R. J. Dryden resigned because he has received an advance in position and salary.

Travels in Leisure.—"Dirty Dora" and her mud-eating antics, or Bosco, that "eats 'em alive" had nothing at all on Rattlesnake Jim, who, barefotted, with hair long and unkempt, and wearing a gunny sack for a shirt, arrived on the Bay last evening. He walked in here from somewhere and he's going somewhere else when he gets done. He says his name is Rattlesnake Jim, but fails to explain just how he obtained the appelation. The man says he is part Indian and part Swiss and is traveling for his health. He is a nature man, lives in the open and eats most everything from tin cans to potato peelings.
