SENATORS INTRODUCE BILLS.

Fulton and Bourne Begin Work for Their Home State.

Washington, Dec. 5.—Senator Fulton introduced an amendment to the interstate commerce law to prevent an increase in the lumber freight rates without a hearing.

Bills to promote General Thomas M. Anderson; establish an assay office at Portland; for a lighthouse at Cape Arago; provide for the acquisition of the canal and locks at Oregon City, at a cost of $600,000; to authorize the sale of lands to the Siletz Indians; establish an additional judicial district in Oregon; grant lands to maintain an Oregon fish hatchery; provide a monument for Fort Clatsop, and a number of pension and claim bills, were introduced by Senator Fulton.

Senator Bourne introduced bills to reimburse Postmaster Green at Oregon City for moneys lost by burglary; to pay volunteers who served in the Cayuse Indian war, and a number of pension bills.

That the annual report of the money-order department of the Portland postoffice, which will be issued on January 1, 1908, will show the astonishing increase of $3,000,000, in round numbers, over the report issued on January 1, 1907, is the belief of John W. Minto. Part of this will be the regular and natural increase in business, due to prosperous conditions and increase in population, but the greater part will be the result of the policy which, during the present banking troubles, has been pursued by a great many people—that of withdrawing all of the money that they possibly could from the banks and depositing it with the post office in the form of a money order. Hundreds of clerks, mechanics and laborers have chosen this means of finding a place of safe keeping for their small hoardings. The early receipts of the money order department of the Portland office with its substations reached the astonishing average of $54,000 last month. This money as it is paid in to the postoffice is deposited with the First National Bank and immediately shipped from there to the United States sub-treasury.

That our American forests abound in plants which possess the most valuable medicinal virtues is abundantly attested by scores of the most eminent medical writers and teachers. Even the untutored Indians had discovered the usefulness of many native plants before the advent of the white race. This information, imparted freely to the whites, led the latter to continue investigations until to-day we have a rich assortment of most valuable American medicinal roots.

Dr. Pierce believes that our American forests abound in most valuable medicinal roots for the cure of most obstinate and fatal diseases, if we would properly investigate them; and in confirmation of this conviction, he points with pride to the almost marvelous cures effected by his "Golden Medical Discovery," which has proven itself to be the most efficient stomach tonic, liver invigorator, heart tonic and regulator, and blood cleanser known to medical science. Dyspepsia, or indigestion, torpid liver, functional and even valvular and other affections of the heart yield to its curative action. The reason *why* it cures these and many other affections, is clearly shown in a little book of extracts from the standard medical works which is mailed *free* to any address by Dr. R. V. Pierce, of Buffalo, N. Y., to all sending request for the same.

Not less marvelous, in the unparalleled cures it is constantly making of woman's many peculiar affections, weaknesses and distressing derangements, is Dr. Pierce's Favorite Prescription, as is amply attested by thousands of unsolicited testimonials contributed by grateful patients who have been cured by it of catarrhal pelvic drains, painful periods, irregularities, prolapsus and other displacements caused by weakness, ulceration of uterus and kindred affections, often after many other advertised medicines and physicians had failed.

Both the above mentioned medicines are wholly made up from the glyceric extracts of native, medicinal roots. The processes employed in their manufacture were original with Dr. Pierce, and they are carried on by skilled chemists and pharmacists with the aid of apparatus and appliances specially designed and built for this purpose. Both medicines are entirely free from alcohol and all other harmful, habit-forming drugs. A full list of their ingredients is printed on each bottle-wrapper.

For the first time in years Sweet Home held a city election Monday, says the Albany Herald. There was much interest evinced and the vote cast in this thriving Linn county town was large in comparison with former times. The total vote cast was 35. Excitement centered in the election of a mayor and four councilmen. Two tickets were in the field. The Wildcat ticket, with M. Storey for mayor, and two councilmen, won.
