GRANGE ORGANIZED.—A Grange was organized by Deputy E. Forbes of this county, on the 20th of December, in Cutling's Precinct, at the residence of A. N. Nichols, near Judge Ringo's farm, with sixteen members. David Wright was elected Master and J. P. Ringo Secretary.

REMARK.—Studies were resumed last Monday in the Oregon City Seminary and Prof. Pope's Grammar School. Both of these excellent institutions of learning are in a flourishing condition, and the attendance quite large.

ACCIDENT.—The express train did not come to time last Saturday. We learn that some accident occurred to the engine by which it was disabled. The cars were brought down in the afternoon by the regular mail train.

IN TOWN.—A. J. Marshall, D. D. G. P., was in town last Tuesday and installed the officers of Falls Encampment. Jos. Bachtel was also present on the occasion.

OLD.—We received exchanges from the Dalles and other parts of Eastern Oregon last Monday dated Dec. 3, 1873. A long time coming a short distance.

PERSONAL.—We had a call last evening from Mr. Washburn, late of the Vancouver Register.

SCARCE.—Local items are confounded scarce this week.

FOURTH VOLUME.—The last issue of the Jacksonville *Times* commenced its fourth volume. Notwithstanding the misfortunes which have befallen the *Times*, it appears to be in a flourishing condition. It is a good local newspaper, soundly Democratic, and in every respect deserving of the liberal support from the people of Southern Oregon. May success attend its enterprising publishers.

DON'T WANT ANY.—The *News* says that several of the Ring have signified their intention not to run for office next June. They say that "this d—d inquisition"—meaning the United States District Court—"makes it impossible for a man to be elected in this county"—a remark that is a whole sermon in itself.

THANKS.—The W. R. T. Company passed all the delegates to the Teacher's Institute at Salem to and from the place free of charge. We omitted last week to acknowledge the receipt of a pass. This Company displays a degree of liberality which entitles them to public patronage.

THANKS.—Senator Kelly and Representative Nesmith have our thanks for a copy of the Congressional *Record*.

Foreign Telegrapic News.

MADRID, Jan. 3.—In the Cortes today the Deputies on two votes gave a majority of 20 against President Castelar. General Pavia, who is friendly to Castelar, thereupon occupied the Palace of the Cortes and other public buildings with fourteen thousand troops, dissolved the Cortes, and summoned the most eminent men of all parties, including members of the present government, and only excepting Carlists and insurgents, to form a government. This, General Pavia declared, was the only way for the salvation of the country. He refused personally to become a member of the government. The streets are filled with people, and there is great excitement but no blood has been shed.

LONDON, Jan. 2.—Advices from Cape Coast Castle to Dec. 15th report the Ashantees driven across the river Praih, re-entering their own territory in great disorder. They left a large number of dead and wounded on the bank of the river. Wolsley was in pursuit with five hundred sailors. Troop ships *Hymalaya* and *Tamar* having arrived, everything was ready for an advance on Coomassie. The Gold Coast is very unhealthy.

LONDON, Jan. 2., 6 A. M.—A special to the *Daily Telegraph* says 300 Ashantees were drowned in the river Praih in their flight before Sir Grant Wolsley.

PARIS, Jan. 4.—The French Admiralty Court has pronounced a judgment declaring the manoeuvres of the steamer *Ville de Havre* to have been blameless, and holding the bad management of the *Loch Earn* as the cause of the disaster. The Court eulogized Capt. Surmont.

MADRID, Jan. 4.—A new ministry has been formed. The final decisive vote by which Castelar was beaten in the Cortes stood 120 to 100, the majority against him being 20 instead of 120 as first reported. As soon as the result was announced, General Pavia sent an officer to the Chamber with a letter demanding the dissolution of the Cortes. Salmeron and others urged Castelar to continue in power, but their prayer was refused, whereupon a company of the municipal guard entered the place of the Cortes and expelled deputies, while General Pavia, with his staff, held a position outside with cannon pointed at the building.

EVENING.—All strong points in the city were occupied by the militia last night. The civil and military authorities of nearly all the Provinces in communication with Madrid, have telegraphed to Gen. Pavia their approval of his conduct. No disturbance is reported in any quarter. A decree has been promulgated appointing Marshal Serrano chief of executive power.

A famine prevails in five districts of the Russian province Samara.

LONDON, Jan. 5.—A *Times* Madrid special says it was Serrano's wish that Castelar should be a member of the new Ministry, but the latter refused. On the defeat of Castelar, and previous to the interference of General Pavia, the Cortes elected Senor Vaienia President of the Cabinet.

The national militia in Madrid is being quietly disarmed.

A rumor is in circulation in Madrid that the late retreat of General Marionos was a concerted manoeuver in support of General Pavia's *coup d'etat*.

The *Standard* has intelligence from the Gold Coast that the British forces will enter the Ashantee territory on the 15th of this month.

LONDON, January 7—6 A. M.—A telegram from Cartagena says it is reported on good authority that the burning of the man-of-war Tetuan was intentional, and that the Numancia and Mendez Nunez, were to have been destroyed at the same time, but the plan was discovered and they were saved.

The *Statesman* learns that Hawley, Dodd & Co., of Portland, have made an arrangement for employing convict labor, under proper and efficient foremen, to carry on the building of wagons. They will set up a shop within the Penitentiary grounds, where abundant water power can be had. The hubs, spokes and felloes will be shipped, ready manufactured, by Messers. H. D. & Co., and the building done entirely by them.

The *Statesman* of Tuesday has this: A miller by the name of Greathouse, who was employed in Coolidge & McLain's flouring mill at Silverton, disappeared last Friday, and nothing has been heard of him since. When last seen he was going from the hotel to the mill, in the afternoon of Friday, but no trace of him could afterward be found.

GOOD NEWS.—We see it stated that a steamer will shortly be put on between Portland and San Francisco, to connect with the river boats of the W. R. T. Company. This is indeed good news to both shippers and the traveling public.

THE TEMPERANCE UNION.—The Oregon Temperance Union meets at Salem on Monday, February 16th. All accredited temperance organizations are entitled to representation in the Union.

A man named A. St Clair, with sundry aliases, has been arrested at Portland on a charge of having set Portland on fire last August. The evidence against him appears to be quite strong. Should he be proved guilty, hanging would be too good for him.

J. W. Snodgrass, of Union county, will in a short time kill 120 hogs, the average weight of which will be 400 pounds. The hogs are half-breed Berkshires.

The Capitol Commissioners have decided that the girders to be used in Capitol building shall be of iron. They will be shipped from New York.

The *Mountaineer* is informed that Mrs. J. G. Wilsom has received the appointment of Postmaster in that city, in place of Mr. J. H. Waldron, resigned, to take charge of the office on the first of April.

RUMOR.—The *News* of last evening stated that it is reported, in Portland, upon Ring authority, that Williams' nomination has been withdrawn.

The Double Service of Officers.

No, wonder (says the Portland *News*), that surveyor General Odell took the stump for the Hipple resolution last October. The fact is, the traffic in surveying contracts that has been going on between parties having influence over the Land Office—such, for instance, as the Meldrum-Williams contract—has had the effect to make the tenure by which the Surveyor holds his office, a very uncertain one. An agent of the Government was out here investigating into rumors affecting the Eugene office about the time that Odell was reading his scrap-book to empty benches in different parts of the valley. Of course, political campaign service would have a tendency to give the officer new claims upon the party, and such service on the Hipple endorsement resolution could have no other effect than to impose a heavy debt of gratitude on Hipple himself. Here is the secret of Odell's campaigning. If it shall end, however, as it now seems likely to end, (in the removal of Odell, and the appointment of Dave Thompson, or some other like him, to the place), there will be another illustration of the baseness of human nature, and the injustice of politics. There is no probable grounds for supposing that Odell is a corrupt man, or that he has made a wrongful use of his office for objects personal to himself. If the things intimated are true, they show that the corrupt men above him in office, and the rascals who wield the machinery of his party in the State, have forced him to comply with their wishes. For instance, it is not likely that the Surveyor got any of the money paid by John Meldrum to Jake Hoffman, in consideration of the contract awarded to Meldrum by that officer. Who did get it, the public can reasonably conjecture. Neither is it to be presumed that the contracts that were let to members of the Legislature, (as mentioned by the Oregon City *Enterprise*), were so let for any reason personal to himself. The man who wanted to be Senator, and his friends in and about the Legislature, are the ones who can probably give accurate information respecting then.

The facts make a picture of the political morals of this country. Offices and officers are nothing more than instruments to answer the purposes of a party and of party manipulators. If Mitchell wants "A," who is in the Legislature, to vote for him for the Senate, he gives him an order on Odell for a surveying contract, having a margin to correspond with "A's" influence and the importance of his vote in the Legislature. The caucus having selected Mitchell as the man for whom these agencies are to be employed, the Surveyor General knows that to refuse is to invite the wrath of that executor of the party will. He therefore yields. It is the attempted exercise of the same power over the United States District Attorney in this District, that has resulted, through his refusal to obey, in the removal of that officer, and the manifestation of personal and party rancor toward him that we daily see in the columns of the *Bulletin*.

Every man who holds a Federal office is held to a double service—that required by his office, and that required by his party; but so subordinate is the former to the latter that it really amounts, after all, to but one service.

Two Foes of Health.

Cold and damp are inimical to health, and we generally have an unwholesome combination of the two at this season. They penetrate the skin and integuments and affect the muscular, glandular and nervous organizations, producing rheumatism, neuralgia, chills and fever, and where there is a tendency to dyspepsia or liver complaint, provoking an attack of indigestion or billiousness. The best advice that can be given under such circumstances is to keep the external surface of the body warmly clothed, and to keep the internal organs in vigorous working order with the most wholesome and genial of all tonics, Hostetter's Stomach Bitters. Gradually but constantly this famous invigorant is superseding the adulterated liquors of commerce, as a medicinal stimulant and corrective, in all parts of the country. It will be a happy day for humanity, and it will surely come, when this pure restorative shall have taken the place of raw spirits as a stimulant in all our public and private hospitals. It is not, however, merely a harmless substitute for the fiery stimulants referred to. Its stimulating properties are not its chief merits, although in this regard it surpasses all the unmedicated products of the still, domestic or imported. The powerful influence it exercises over the torpid and toneless stomach, the disordered liver, the constipated bowels, and the relaxed nerves, render it a positive specific in dyspepsia, liver complaint, intestinal constriction, nervous weakness, hypocondria, rheumatism and sleeplessness. Affections of the kidneys are aggravated by a cold, moist atmosphere, and it is therefore particularly necessary for those who are afflicted with ailments of this nature, whatever their type may be, to meet this predisposing cause of sickness with a wholesome antidote. Hostetter's Bitters should be taken daily at this season by all persons laboring under chronic ailments that tend to weaken the system.

CURES ALL KINDS OF CATARRH.

So successful has Dr. Pierce's Golden Medical Discovery proven, as a constitutional treatment for Catarrh, when coupled with the use of Dr. Sage's Catarrh Remedy, applied locally by the use of Dr. Pierce's Nasal Douche (the only method of reaching the upper and back cavities of the head,) that the proprietor of these medicines has long offered a standing reward of $500 for a case he cannot cure. The two medicines, with instrument, for $2.00 by druggists.

DR. PIERCE, Buffalo, N. Y.:

Dear Sir:—It is with pleasure I make this statement to you that after taking medicine for twenty years for the Catarrh, I tried your Catarrh Remedy and effected a cure, so that it has not troubled me for two years. E. WHEELER.

Stealing our Thunder.

People should beware of those imposters who copy Dr. Pierce's original style of advertising, by offering various sized rewards for cases they cannot cure. Those who do not possess sufficient intelligence to write an original advertisement are not likely to have made great and valuable discoveries in Medicine.

WORTHY OF NOTE.—An exchange says there is scarcely a day passes that we do not hear, either from persons coming into our office or in some other way, of the success of *Johnson's Anodyne Liniment* in the cure of coughs and colds, so prevalent about town just now.

It we can benefit the readers of the ENTERPRISE any by recommending *Parsons' Purgative Pills* to be the best anti-bilious medicine in the country, we are willing to do so. We have had about as good a chance to know as any one.

A QUESTION OF TIME.—The recent cough, or cold, that without treatment may become chronic and last for months, can be radically cured by a few doses of that invaluable pectoral elixir, *Hale's Honey of Horehound and Tar*. Crittenton's, 76th Avenue. Sold by all Druggists.

PAIN-KILLER!

FOR OVER THIRTY YEARS

Perry Davis' Vegetable Pain-Killer

Has Been Tested in Every Variety of Climate, and by Almost Every Nation Known to Americans.

It is the constract companion and estimable friend of the missionary and the traveler, on sea and land, and no one should travel on our Lakes or rivers without.

It has been before the public over thirty years, and probably has a wider and better reputation than any other proprietary medicine of the present day. At this period there but few are unacquainted with the merits of the Pain-Killer; but while some extol it as a liniment, they know but little of its power in easing pain when taken internally, while others use it externally with great success, but are equally ignorant of its relaxing virtues when applied externally. We therefore wish to say to all that it is equally successful whether used internally or externally, and it stands to-day, unrivalled by all the great catalogue of family medicines. It is sufficient evidence of its virtues as a standard medicine, to know that it is now used in all parts of the world and that its sale is constantly increasing. No curative agent has had such wide spread sale or given such universal satisfaction. It is a purely vegetable compound, and perfectly safe in unskillful hands.

After thirty years, trial, is still receiving the most unqualified testimonials to its virtues, from persons of the highest character and responsibility. Physicians of the first respectability, recommend it as a most effectual preparation for the extinction of pain. It is not only the best remedy ever known for Bruises, Cuts, Burns, etc., but for Dysentery or Cholera or any sort of bowel complaint, it is a remedy unsurpassed for efficiency and rapidity of action. In the great cities of India, and other hot climates, it has become the Standard Medicine for all such complaints, as well as for Dyspepsia, Liver Complaints, and other kindred disorders. For Coughs and Colds, Canker, Asthma, and Rheumatic difficulties, it has been proved by the most abundant and convincing testimony to be an invaluable medicine.

Beware of all Imitations.

The Pain-Killer is sold by all respectible druggists throughout the United States and foreign countries.

Price—25 cents, 50 cents and $1 per bottle.

THE PARKER GUN.—We take pleasure in calling attention of our Valley friends to the wonderful merits of the double-barreled breech loading shot guns manufactured by Parker Brothers, West Meriden, Conn.

The highest testimonial received from all sections of the country, and the thorough test given it in the field by our friend Capt. Green B. Samuels, warrant us in asserting that it is the best breech-loading shot gun in the world. The simplicity of construction, the ease with which it can be loaded or unloaded, the facility with which the load can be changed from small to large shot—enabling the sportsman, in an instant, to adapt his change to any sized game that may present itself—the ease with which it may be kept clean i ts availability to a country where nothing but muzzle-loading ammunition can be procured, all combine to recommend it to every sportsman who can appreciate a perfect fowling piece.—"Warren Sentinel;" (Front Royal, Va.)

COLEMAN'S

EUCALYPTUS

No better evidence of the efficiency of Dr. J. S. Coleman's Compound Extract of Eucalyptus can be desired, than the following summary of cases, treated with this remedy alone, by that eminent physician, Dr. David Wooster, in the U. S. Marine Hospital, San Francisco, reported in the August No. (1872) Pacific Med. Jour.

	No Cases Treated	Cured	Improved.
Remittent Fever	5	5	...
Chills and Fever	19	19	...
Typhoid Fever	9	9	...
Inflamation of Kidneys	4	3	1
Diuretis	10	7	3
Incontinence of Urine	3	3	...
Stricture	6	4	2
Inflamation of Bladder	27	25	2
Blennorrhagia	13	10	3
Disease of the Heart	7	...	7
Dysentery	4	3	1
Chronic Diarrhœa	13	9	4
Gonorrhœa	15	15	...
Dropsy	6	3	3

EUCALYPTUS

Completely corroborative of the summary of Dr. Wooster, are the reports of the experiments with Eucalyptus by Dr. Lorrimer, of Berlin, Prussia, and Dr. Keeler, Chief Physician of the Austrian Railway Co., published in the American Medical Journal, July, 1872.

It will be found very efficacious in obstinate cases of Dyspepsia, Bronchitis, Hacking Cough, Chronic Sore Throat, Leucorrhea, etc., and in nausea during pregnancy.

Dr. Coleman's Double Extract of Eucalyptus is a special preparation for the treatment of **Fever and Ague**, and is **Warranted to Cure** every case treated according to directions, without the injurious results of the usual Quinine and arsenical remedies for that disease. Also pound bottles, for physicians' use. Beware of imitations and take none but Coleman's.

For sale everywhere, and by Charles Langley & Co., Druggists, Agents San Francisco.

No use for the ladies, or any one else, to think of going to Portland to buy goods for I am *Determined to Sell Cheap* and not to allow myself to be

UNDERSOLD IN THE STATE OF OREGON.

All I ask is a fair chance and quick payments, believing as I do that

Twenty Years Experience

in Oregon City enables me to know the requirements of the trade. Come one and all and see for yourselves that the old stand of

THOMAS CHARMAN

cannot be beaten in quality or price. It would be useless for me to tell you all the advantages I can offer you in the sale of goods, as every store that advertises does that, and probably you have been disappointed. All I wish to say is

Come, and See, and Examine for Yourselves

for I do not wish to make any mistakes. My object is to tell all my old friends now that I am still alive, and desirous to sell goods cheap, for cash, or upon such terms as agreed upon. Thanking all for the liberal patronage heretofore bestowed.
