ORIGINAL DEFECTIVE

THE ENTERPRISE.

OREGON CITY, OREGON, FEB. 12, 1875.

To the Citizens of Oregon City.

Whereas, the State Board of Immigration has recommended the formation of County Committees in each county of the State, "to whose care emigrants can be forwarded for guidance and assistance, and for the purpose of raising funds to publish information as to the local advantages, etc."

Therefore, to bring about the formation of such a Committee, for Clackamas county, I would respectfully request the citizens to meet at the Court House on Saturday, the 13th of February, at 7 o'clock P. M., and take such steps as in their judgment they may deem proper to induce immigration and disseminate information with regard to the resources of our county. We have immense quantities of valuable timber, coal, iron and undeveloped mines of precious metals, and the finest fruit growing region in the State, while our cereals command the best price in the market, all that is necessary to populate our country is to inform the starving thousands of the devastated States of Minnesota, Kansas, Iowa, and Nebraska that not only grasshoppers, drouths and failure of crops are unknown to our favored land, but that wealth lies out of doors to be had by competant industry.

F. O. McCown,
Mayor of Oregon City.

Alden Fruit Factory.

The Alden Fruit Preserving Company of Oregon City was incorporated last Saturday, with Messrs. Charman, Latourette, Warner and Hunsaker as incorporators. The capital stock was fixed at $12,000, and $8,000 is already subscribed. They have purchased the county right, and begin immediately the erection of suitable buildings for the reception of the necessary machinery on its arrival from New York. This is a much needed enterprise, and should receive the hearty encouragement of our citizens. Fruit growers should now prune their dilapidated orchards, and stimulate their trees into a new bearing life, for a market will be opened to them at their doors. The known integrity of the parties engaged in this enterprise, is a guarantee of its success. As a matter of course the first season will be an experiment, as with all new enterprises, so far as Oregon City is concerned. But the mole itself has been thoroughly tested, and several years experience fully sustain its reputation as the best and cheapest mode of utilizing the fruit interests of the country.

The coming season, we are informed, they will give employment to some twenty-five hands, and will consume about 50,000 bushels of apples, pears, plumbs, prunes, potatoes, onions, green peas, string beans etc. Producers should make early contracts for these products so as to secure a sale of their fruits and vegetables, and insure a continuous run of the factory. The company will soon be ready to contract, and the factory will be ready for the first fruit of summer.

OFFICERS.—Fountain Hose Co. No. 2 elected the following officers for the ensuing year at the meeting held last Wednesday evening: E. Mathers, Foreman; J. Kelly, First Assistant; L. Stal, Second Assistant; A. C. Bailey, Secretary; W. H. Highfield, Treasurer; John Myers, President. The Company also placed in nomination John Myers for Chief Engineer and J. L. Barlow for Assistant Engineer at the approaching election.

GONE.—Capt. Isaac Smith, who engineered the work on the Locks, left Portland last Wednesday with the intention of going to Peru. A. N. King, who was book-keeper for the Lock Co., left for Sitka the same day, where he has a position of Deputy Collector. We wish both these gentlemen a pleasant journey, and trust that they may soon be back to Oregon. E. C. Tilton accompanies Mr. Smith to South America.

APPOINTED.—We are glad to learn that Dr. S. Parker, of our city, has received an appointment from the Pension Bureau as Examining Surgeon for Pensions, a position formerly held by the late Dr. Barclay. This appointment will be a benefit to all pensioners in this county, some of whom have ordered as far as Roseburg for the necessary examinations.

GRAND BALL.—The Turn Vereins of this place are making extensive preparations for their ball next Monday evening. The Committee are sparing no pains to make it one of the finest balls of the season. Excellent music has been engaged, and we may expect to see Pope's Hall filled on the occason. Tickets, including supper $3.

CAME DOWN.—The steamer Alice, which was badly damaged last week, was sufficiently repaired to be brought down to this place, and reached the Company's basin last Monday, and will be speedily repaired. The damage done to her is rather more than was at first supposed, yet she will soon again be ready for service.

IN TOWN.—Ben. Hayden, of Polk, was in town last Tuesday, looking as natural as life. He says that if the action of the Radicals in the Louisiana affair does not curse it, it is beyond that stage.

NEW YEAR.—The Chinese in this place have had a week of holiday, and have made considerable noise in firing off crackers on the occasion of their New Year. In consequence of this, the factory has been closed.

SERVICES.—Rev. Mr. Sellwood will hold services on Wednesday morning, at 10½ o'clock, and Friday evening, at 7 o'clock, every week during the Lenten season.

GONE.—E. D. Whitlow, who recently came to this place from Albany, left us last Monday, to take up his residence in Portland. We have only space to say, in the language of a noted writer, Whit, "be virtuous, and you will be happy."

DIED.—The little daughter of Mr. R. N. Warsham, of this city, aged about four years, died last Sunday morning. The funeral took place from the M. E. Church on Monday, and was largely attended.

LETTER LIST.—The following is a list of the Letters remaining in the Post-office at Oregon City, Feb. 12, 1875:

Briggs, Thos.; Bramer, Miss Rosey; Dotson, Z. E.; Frankenfield, A. B.; Floyd, Charley; Feranson, Mrs. Mary; Gilfette, Hon. P. W.; Garrison, Solomon; Houston, Albert; Hull, Daniel O.; Hoyt, John; Johnson, Marie; McCrary, John; Taylor, Chistina; Tracy, Sarah; Walker, Aaron; Wyant, Isaac.

If called for, please say when "advertised.'

J. M. Bacon, P. M.

ALMANAC.—We acknowledge the receipt of the Benton County Almanac, published by W. B. Carter, of Corvallis. It is very creditable to Benton county.

PRESIDENT.—Mrs. J. DeVore Johnson, of this city, has been elected President of the Woman's Suffrage Association for Oregon.

The Last, the Greatest.

Should any "doubting Thomas" still cling to the absurd idea that there will be another postponement of the last Library Gift Concert, let him remember that Mr. Briggs, the new manager, fully endorses the promise of Gov. Bramlette, the former one, that if the concert does not take place at the time specified, the money will be refunded at once to the ticket-holders. Let him further observe that Mr. Briggs has secured, of course at enormous expense, the services of Gilmore, the greatest leader in America, with his orchestra of 100 select performers, who will conclude the series of concerts with such a burst of harmony as has never before awakened our Western homes. And, by the way, let him also remember that if he does not possess at least a coupon ticket, this music will never reach his ears.

Eagle Creek Letter.

EAGLE CREEK, Feb. 5, 1875.

EDITOR ENTERPRISE;—Being a patron of your valuable paper, and knowing you to be deeply interested in the prosperity of this county, I thought it would not be a miss to drop you a few lines concerning this locality and what we are doing in the way of producing grain, and other products.

I am of opinion that we have as productive soil as there is in the State. I have raised forty bushels of wheat to the acre and fifty bushels of oats, and all kinds of vegetables do well. I have raised carrots twenty-eight inches in length and four inches at the big end. I have raised potatoes weighing two and a half pounds and apples one and a half pounds, and other vegetables do fully as well as those mentioned.

Persons desiring a home in such a locality as this, can find some railroad and government land, and I know of two or three farms for sale. We have the finest quality of timber to be found in Oregon, and our water power cannot be beat to saw the timber and grind the large crops of wheat that we raise in this section. But we are badly in need of mills. We have no grist-mill within convenient reach, and only two saw-mills, at a great distance off. Any person wishing to invest a little capital, could not do better than to build a grist-mill in this vicinity, and also a saw-mill would be a profitable investment. We raise a great deal of wheat, of the very best quality, and the quantity is increasing every year, and we have no grist-mill above Marshfield on this side of the Clackamas river. There is also a great deal of sociability among our people, parties and dances being the general order, which are gotten up by our people.

If any should see this letter who desire to locate in this section, by calling at Philip Foster's they will find Mr. A. J. Burnett residing there who takes great pleasure in showing the new-comers the best lands vacant, and he is well qualified for the business, as he has surveyed nearly all the land in this vicinity. We need industrious farmers, and to such, this section offers superior inducements. Yours truly,

W. F. D.

A Washington special says there is universal indignation and surprise at the President's message on Arkansas matters, as it is held that all parties in Arkansas except a few carpet-bagging malcontents are contented with the present condition of affairs in the State. The action of the President is regarded as especially surprising in the face of the Poland Committee's almost unanimous report in the case.

A dispatch says the President has approved the following: An act granting the right of way and depot grounds to the Oregon Central Pacific Railroad through the public lands of the United States from Winnemucca, in the State of Nevada, to the Columbia river, via Portland, in the State of Oregon.

NO IMMEDIATE DANGER.—There is no immediate danger, remarks the Indianapolis *Union*, of the President's message upon Louisiana affairs being adopted by our public schools as a text-book upon the science of Republican government.

David Goff, an old citizen, who lives near Dixie, and is father of Mrs. J. W. Nesmith, died last Saturday.

It is seldom that we notice anything in the medical line, nor would we now, unless we could be convinced that we are not doing our duty as a journalist in recommending to the public the celebrated botanical preparation of Dr. Henry. Whoever induces the victim of scrofula or any other disease of the blood, to use Dr. Henry's Extract of Sarsparilla, has begun a good work. There is no question as to the result of this medicine if persevered in. It is a sure cure for scrofula, rheumatism, Salt Rheum, and indeed all complaints arising from vitiated or impure blood. It is just what a good physician would prescribe for these complaints, and we confidently recommend it as being the best article now in use. Dr. Henry's Cough Balsam is the most affective remedy for affection of the throat or lungs that we have ever known. It contains no deleterious drugs, and can be taken with impunity and certainty of relief. For the cure of coughs colds, sore throat, etc., it stands without a rival. Dr. Henry's Liniment as an alleviator of pain, is unrivaled by any preparation before the public; the most skeptical will be convinced by a single trial. It will prove itself a friend in need which no family should be without. jan15m6

A Triumph Over Humbug.

It is not difficult to alarm the timid, and invalids are proverbially so. Aware of this fact, the venders of pseudo bitters "entirely free from alcohol," have raised a false cry against tonic preparations containing spirits, and no doubt have frightened a few sick folks into purchasing the fermented rubbish which they sell, and which is infinitely more injurious than the vilest drams drunk at tavern bars. But already a tremendous reaction has set in against these abominable nostrums, which, being devoid of the alcoholic basis which alone prevents liquid botanical preparations from turning sour, decompose almost as soon as made. Hostetter's Stomach Bitters has lived and will live down multitudes of such impostures. A regular recurrence of the demand for the great alterative invigorant from those who have always been its patrons, showing that they have not swerved in their time-honored allegiance to America's most popular remedy; and a constant influx of new orders demonstrates how little impression, after all, the blatant denunciations of the mock bitters men have made upon the general public. So long as Hostetter's Bitters continue to cure and prevent intermittent and remittent fevers, dyspepsia, constipation, kidney disease, and the numerous other ailments to which they are adapted, they will continue to dominate the factious opposition of humbugs, and will be just as long as they are manufactured and sold. Be it known to all bogus nostrum venders, of every degree of audacity and knavery, that they can never hope to puff themselves into public favor at the expense of Hostetter's Bitters, the reputation of which is founded, as it were, upon a rock.

Religious.

Rev. George H. Atkinson will hold regular services in the Congregational Church, in this city, on the first and second Sabbaths of each month. Morning services at 10½ o'clock. On the first Sabbath at Holmes' School House at 3 o'clock, P. M.

Croup Disarmed of its Terrors.

The croupy cough—so alarming to the ear and so dangerous to life—to which children are subject, may be immediately relieved by administering a dose of HALE'S HONEY OF HOREHOUND AND TAR. When given to a child who seems to be choking under the effects of a spasmodic and husky cough, the effect is electrical, as many a mother will testify. In fact there is no affection of the throat or the lungs, short of the actual disorganization of the tissues and membranes, which it will not cure.

PIKE'S TOOTH-ACHE DROPS—Cure in one minute.

In the Hands of Science all things become valuable by *adaptment*, and salutary by *application*. Thus, DR. J. W. WALKER has obtained from certain vegetable products of California, that have been trampled upon for centuries by the ignorant, the invaluable curative known as the California VINEGAR BITTERS, a medicine which is exciting the wonder of the community by its beneficial operation in the worst cases of Rheumatism, Pulmonary Disease, General Debility, Congestion of the Liver, Constipation, Scrofula and Malarious Fevers.

THE SUN.

WEEKLY AND DAILY FOR 1875.

THE APPROACH OF THE PRESIDENTIAL election gives unusual importance to the events and developments of 1875. We endeavor to describe them fully, faithfully and fearlessly.

She Weekly Sun has now attained a circulation of over seventy thousand copies. Its readers are found in every State and Territory, and its quality is well known to the public. We shall not only endeavor to keep it fully up to the old standard, but to improve and add to its variety and power.

The Weekly Sun will continue to be a thorough newspaper. All the news of the day will be found in it, condensed when unimportant, and at full lenghth when of moment, and always, we trust, treated in a clear, interesting and instructive manner.

It is our aim to make the *Weekly Sun* the best family newspaper in the world. It will be full of entertaining and appropriate reading of every sort, but will print nothing to offend the most scrupulous and delicate taste. It will always contain the most interesting stories and romances of the day, carefully selected and legible printed.

The Agricultural Department is a prominent feature in the *Weekly Sun*, and its articles will always be found fresh and useful to the farmer.

The number of men independent in politics is increasing, and the *Weekly Sun* is their paper especially. It belongs to no party, and obeys no dictation, contending for principle, and for the election of the best men. It exposes the corruption that disgraces the country and threatens the overthrow of republican institutions. It has no fear of knaves, and seeks no favor from their supporters.

The markets of every kind and the fashions are reported in its columns.

The price of the *Weekly Sun* is one dollar a year for a sheet of eight pages, and fifty-six columns. As this barely pays the expenses of paper and printing, we are not able to make any discount or allow any premium to friends who may make special efforts to extend its circulation. Under the new law, which required payment of postage in advance, one dollar a year, with twenty cents the cost of prepaid postage added, is the rate of subscription. It is not necessary to get up a club in order to have the *Weekly Sun* at this rate. Anyone who sends one dollar and twenty cents will get the paper, post-paid, for a year.

We have no traveling agents.

THE WEEKLY SUN.—Eight pages, fifty-six columns. Only $1 20 a year, postage prepaid. No discounts from this rate.

THE DAILY SUN.—A large four-page newspaper of twenty-eight columns. Daily circulation over 120,000. All the news for 2 cents. Supscription, postage prepaid 55 cents a month, or $6 50 a year. To clubs of 10 or over, a discount of 20 per cent.

Address, THE SUN, New York City.

FOR SALE.

THE UNDERSIGNED OFFERS HIS premises, in Oswego, for sale at a bargain, for cash. There is a fine dwelling and out buildings, orchard and about three acres of land. Finely situated for a boarding house for the hands employed in the Iron Works. J. W. CAINE.

LANGLEY'S SARSAPARILLA COMPOUND

THE GREAT RENOVATOR!

A Certain Cure for Rheumatism and Mercurial affections, Scrofula, Salt Rheum, Liver and Kidney complaints, Female Weakness, and all Diseases arising from an impure State of the Blood.

Contains no Mercurial or Poisonous Substance.

THE STRONGEST WILL FIND THIS a *Searching Cure*. It may be taken by the most delicate, with impunity, and the remarkable success attending its use warrants the proprietors in claiming it as the

Most Reliable Blood Purifier in Use.

Its gentle action renders it remarkably effications in Dyspepsia and Constipation, giving the organs the assistance needed, and impairing a tone and strength soon dispensees with artificial aid.

Put up in quart bottles. Sold by all dealers.

Farm to Rent.

THE UNDERSIGNED WILL RENT his farm situated on the Willamette river two miles below Oregon City, and containing 316 acres, for two, three or four years, on liberal terms. The farm has 180 acres under new fence, 20 acres of which is beaver-dam land, nicely seeded down to timothy, and is one of the best meadows of the size in the State. Adjoining this meadow, on the one side, is a field of 14 acres, well set in timothy and clover; and on the other side is 90 of slashing, done over a year ago, and burned over this fall.

It's convenience to market, whether to Portland or Oregon City gives it superior advantages. I will only rent to a person who will live upon and work the farm.

I have also a half section of good land, 40 acres of which is under fence, situated about three miles from Aurora, which I will sell on reasonable terms.

For further particulars apply to the undersigned at his residence in Oregon City.
JOHN W. MELDRUM.

Ayer's Sarsaparilla

Is widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of **Scrofula,** and all scrofulous diseases, **Ulcers, Eruptions,** and eruptive disorders of the skin, **Tumors, Blotches, Boils, Pimples, Pustules, Sores, St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm,** and internal **Ulcerations of the Uterus, Stomach, and Liver.** It also cures other complaints, to which it would not seem especially adapted, such as **Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility,** and **Leucorrhœa,** when they are manifestations of the scrofulous poisons

It is an excellent restorer of health and strength in the Spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

PREPARED BY

Dr. J. C. AYER & CO., Lowell, Mass.,

Practical and Analytical Chemists.

SOLD BY ALL DRUGGISTS EVERYWHERE.

Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY OR FADED HAIR to its youthful color, making it soft, lustrous, and silken. The scalp, by its use, becomes white and clean. It removes all eruptions and dandruff, and, by its tonic properties, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR DRESSING ever used, as it requires fewer applications, and gives the hair a splendid, glossy appearance. A. A. Hayes, M.D., State Assayer of Massachusetts, says, "The constituents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."

Sold by all Druggists, and Dealers in Medicines.

Price One Dollar.

Buckingham's Dye

FOR THE WHISKERS.

As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in *one preparation*; which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price Fifty Cents.
