Chamberlain's Cough Remedy a Safe Medicine for Children.

In buying a cough medicine for children, never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it, and relief is always sure to follow. It is intended especially for coughs, colds, croup and whooping cough, and there is no better medicine in the world for these diseases. It is not only a certain cure for croup, but, when given as soon as the croupy cough appears, will prevent the attack. Whooping cough is not dangerous when this remedy is given as directed. It contains no opium or other harmful drugs, and may be given as confidently to a baby as to an adult. For sale by Frank Hart and leading druggists.

SUNDAY TRAVEL TO PORTLAND

Increases and $2.50 Round Trip Rate via A. & C. R. R. is Popular.

Travel from this city to Portland on Sunday at the low round trip rate of $2.50 is on the increase and many enjoy that day in the metropolis each week. This rate will be continued throughout the winter and the volume of travel toward Portland every Sunday would indicate that the public appreciates it. 11-8-tf

Morning Astorian, 60 cents a month, delivered by carrier.

To Be Happy and Gay

Means not only good things to eat, but also the best of things to drink, and the best of all good drinks is Sund & Carlson's

Rye and Bourbon Whiskies, Choice Wines and Champagnes.

MARITIME MESSAGES

British Steamship Gymeric Comes in From Comax.

ROANOKE DUE IN TUESDAY

Everything Propitious for the Alice McDonald—She will Come Off the Sands Tomorrow—Columbia is Due In Tomorrow.

Chief Gritzmacher, of Portland, has made inquiry of British Vice Consul Cherry, of this city, as to the whereabouts of one of the stow-aways who arrived here on the unfortunate bark Peter Iredale, by the name of Walter E. Richards. The inquiry is made on behalf of the young man's mother, and will be as fully answered as is possible by Mr. Cherry, who has no definite knowledge of the young man. The young fellow was an American citizen and passed the scrutiny of the immigration officers here as such stow-away, and it is supposed he is still in Astoria or nearby, but nothing certain is known of his whereabouts and anyone in possession of any information to this effect would do well to make it known to the man sought, or to Mr. Cherry, without any delay.

The work of Captain Geneceaux on the stranded schooner Alice McDonald, was progressing finely all of yesterday, and the vessel was warped which will expedite her movement to successfully to a head-on position the channel on tomorrow's big tenfoot tide, and it is fully believed she will be afloat by sundown tomorrow evening, and ready for such repairs as are needed, before she loads lumber for her return voyage to San Francisco.

The steamer Roanoke is a full day behind her schedule here, not having left San Francisco until Tuesday evening last. She was forty-eight hours behind her get-away from San Pedro. Her Portland docks are congested with waiting freight and there is a big lot on the Callender pier here. She will probably get here on Tuesday morning.

The steamer Coaster is due down from Portland today on her way to the Bay City.

Captain Brew, of the British bark Holewood, is under orders to proceed to the Royal Roads, to take cargo, and will probably move out on Wednesday. Whether she will ship a crew for the working of the ship on the short a voyage or go over under tow, is still a mooted question, and Captain Brew is waiting an answer from his owners, in response to a cabled inquiry dispatched yesterday, on this score.

The pleasant news has been received in this city of the safe arrival in England of Captain Lawrence of the stranded bark Peter Iredale, who left here on the 8th of December and reached Liverpool on the 29th of that month. When he wrote Captain Lawrence had been in consultation with the owners of the Iredale's partner in misfortune, the British bark Galena.

Tomorrow's tide will, at midnight, run an even ten feet, the best of the season and should furnish all the water needed to release the Alice McDonald from the grip of the Clatsop Spit sands. It would be a good tide for the Japanese steamship Goto Maru now in Portland, ready loaded for the Orient, and it is hoped she will get down to take advantage of it.

The British ship Iverna came down from Portland yesterday on the hawsers of the Harvest Queen, and is now at anchor in the city channel, awaiting sea dispatch. She with the little schooner Addie, is all there is in the way of wind-jammers now in port, outward bound.

The steamer Redondo, heavily laden with good Washington lumber from the Simpson mills at Knappton, cleared for San Francisco yesterday and went to sea. She had 750,000 feet on board.

The British steamship Gymeric arrived yesterday afternoon from Comax, B. C. She is in ballast for Portland, and under consignment to load breadstuffs out for Europe. She will go on to the metropolis this morning sometime.

The British steamship Vermont is due in hourly from San Francisco. She is under charter to Taylor, Young & Company, and will carry grain to the Orient.

The freighting steamship Aztec is due to leave down from Portland at any hour if the ice and the weather generally do not impede her.

The steamer Elmore arrived in from Tillamook yesterday with her customary load of salmon and daily supplies.

The famous little Della did her little stunt yesterday and came in from the Nehalem right-side-up, with all the stuff she could carry.

The barkentine Amaranth went to sea an San Pedro yesterday on the moon flood, with her big cargo of lumber.

The steamship Columbia is due to arrive in from San Francisco some time tomorrow.

ASTORIA'S SCHOOLS.

Their Conditions As Reported by Superintendent A. L. Clark.

Astoria's seven schools, thirty-five teachers and 1,425 pupils are all in admirable condition, judging from the data summarized by Professor A. L. Clark, in his report to the board, for the school month beginning December 17, and ending January 11, last.

From this report it seems that out of a registered 1,425 children, 1,337 appeared by enrollment, with a per cent of attendance at 98.1 for the month; there were 11 cases of tardiness among the pupils none with the teachers, the average daily attendance being 1,285.8; the enrollment showing 667 girls and 672 boys.

Miss Davies has been acting as substitute for Miss Eva L. Todd (now Mrs. Norman Kidwell, of Oakland, Cal.); Miss Nowlen doing similar service for the Misses Morton and Reynolds.

Adair school holds the banner honors of the month for attendance at a percentage of 99.1, and 100, on punctuality; while Room 6, holding the "flag" at 99.9 on attendance and the round 100 on punctuality.

THE RIGHT NAME.

Mr. August Sherpe, the popular overseer of the poor at Fort Madison, Iowa, says: "Dr. King's New Life Pills are rightly named; they act more agreebly, do more good and make one feel better than any other laxative." Guaranteed to cure biliousness and constipation. 25c at Chas. Rogers' drug store.

Plumbers and Steam Fitters.

LIQUID VENEER

MAKES OLD THINGS NEW

Liquid Veneer is a wonder! It will make the whole interior of your house shine like new, making re-finishing or re-varnishing entirely unnecessary. It is not a varnish, but a surface food and cleaner, building up the original finish and making it brighter than ever. It is applied with a piece of cheese cloth and no experience is necessary. No drying to wait for. Removes all scratches, stains, dirt, dullness. It can be applied to any finish with beneficial results. Natural wood, as well as any color of paint, will be better for an application of Liquid Veneer.

Liquid Veneer will improve even the most beautiful furniture. It will take that smoky look from the Piano and other Mahogany, and is highly beneficial to Golden Oak, White Enamel, Gilt, Silver and other finishes.

Liquid Veneer sells at 50 cents a bottle, and a bottle is enough to renovate the ordinary home. Try it and you will always buy it.
