OBITUARY

CLARK—Georgia F. Clark, 87, of Florence, passed away peacefully in her sleep after battling several health concerns over the past several months.

She was born March 27, 1930, in Portland, Ore. She would meet the love of her life, Patrick E. Clark, whom she married on Feb 11, 1954, and then move to Southern California to support his career as a firefighter, raise a family and balance her own career in graphic art/typesetting for Continental Graphics.

Georgia Clark

She and her husband retired and moved back to their home state of Oregon in 1978 and built their home atop a hill north of the coastal city of Florence, where they would enjoy a life of golf and traveling.

Her husband left retirement and they moved a few different times as he took several positions in the upper ranks of fire disticts and departments which included Eugene, Gresham and a return to Florence, where both of them were actively involved for many years with the Siuslaw Rural Fire Protection District, he as assistant chief and she as clerk of the board and finance officer.

She was preceded in death by her husband, Pat (1995), and daughter, Gerri (Affa) (2012).

She is survived by three sons: Mike (Jeanne), Brian (Marli) and Tom; nine grandchildren and six great-grandchildren.

A graveside service is scheduled for Monday, March 19, at 1:30 p.m. at Willamette National Cemetery in Portland.

Burns's Riverside Chapel Florence Funeral Home.

Dunes City seeks applicants to Planning Commission

Dunes City is accepting applications for a planning commissioner. Anyone interested in applying for this position must reside in Dunes City and complete an Application for Appointive Office available at Dunes City Hall or from the City's website, www.dunescity.com /permits-and-forms.

Applications may be mailed or delivered to Dunes City Hall, 82877 Spruce St., Westlake, Ore. 97493, or emailed to planning@dunescityor.com.

This is a volunteer position with a term ending date of Jan. 10, 2019.

Applicants will be notified of the date the Dunes City Council will consider applications and should plan to attend that meeting.

The Planning Commission considers land use applications and revisions to Dunes City's land use code.

The Planning Commission also provides oversight of the Dunes City Citizen Involvement Program. This position offers an opportunity to learn how the implementation of land use code takes place, what must be done to change codes, and the process of conducting public hearings.

The Planning Commission meets at Dunes City Hall on the fourth Thursday of the month at 5 p.m., and in special sessions as necessary.

Applications being accepted for Master Recycler program

Lane County Waste Management Division is offering a free course this spring that provides comprehensive training on local solid waste issues. Hear from local experts, tour local facilities and learn why things are (or are not) recyclable.

The Waste Management Division hosts this course to help Lane County residents and businesses reduce, reuse, recycle and rethink waste habits.

Spring classes will be held Tuesdays, from 6 to 9 p.m., April 3 through May 29, at Lane County Waste Management Division (3100 E 17th Ave. in Eugene).

"Because of recent disruptions in the global recycling market and the growing awareness that we need to do more to keep materials out of the landfill, this is a great time for people who are interested in learning how they can change their habits and help lead their community to improve our recycling practices overall," said Master Recycler Coordinator Kelly Bell.

Applications are available at www.lanecounty.org/masterrecyclers or by calling 541-682-2059. Completed applications may be submitted by fax, email or regular mail.

Retirees, folks new to the area, teachers, green job seekers, parents, high school and college students studying sustainability, business owners and employees tasked with reducing solid waste in the workplace all find common purpose in the Master Recycler community.

The Master Recycler training course includes 35 hours of classroom instruction: nine consecutive Tuesday evening classes, a Saturday compost demonstration and two Saturday multi-site field trips to area solid waste and recycling sites.

Instructors are local experts in solid waste from business, government and non-profit sectors. The course is free for those who volunteer 30 hours to educate and assist their communities in the year following the training.

Those who do not wish to volunteer may pay a small fee. More than 960 Lane County master recyclers have contributed 41,000-plus hours of education and assistance to local citizens and businesses since the program began in 2000.

In addition to attending class sessions and tours with local experts, all participants enroll in Oregon State University's Recycling 101 online. The R101 course was developed by the Association of Oregon Recyclers.

Normally valued at $50–$75, R101 is free for Lane County Master Recycler students.

DAV seeks volunteer drivers

The Disabled American Veterans (DAV) is in desperate need of volunteer drivers who are willing to drive veterans to Portland in the DAV van for medical appointments.

The drive is about four hours to Portland, four hours for the return trip, plus four hours waiting for veteras at the hospital.

This is a total of about 330 miles and 12 hours.

Anyone interested in contributing time as a DAV van driver can call Jim Swant at 541-968-9512 or Tom Zahara at 541-997-1123 for more information.
