DON'T

let that cold of years run on. You think it is a light thing. But it may run into a catarrh, or into pneumonia. Or consumption.

Catarrh is disgusting. Pneumonia is dangerous. Consumption is death itself.

The breathing apparatus must be kept healthy and free of all obstructions and offensive matter. Otherwise there is trouble ahead.

All the diseases of these parts, head, nose, throat, bronchial tubes and lungs can be delightfully and entirely cured by the use of Boschee's German Syrup. If you don't know this already, thousands and thousands of people can tell you. They have been cured by it, and "know how it is, themselves." Bottle only 75. Ask any druggist.

WHAT AM I TO DO?

The symptoms of Biliousness are unhappy but not well known. They differ much from those of individuals in extent. A Bilious man is seldom a breakfast eater. Too fat perhaps, also, he has an excellent appetite for liquids but none for solids of a morning. His tongue will show a heavy incrustation, or, if it is not white and furred, it is rough, at all events.

The digestive system is wholly out of order and Diarrhœa or Constipation may be a symptom of the two, or, a tendency. There are often Hemorrhoids or even loss of blood. There may be giddiness and often headache and acidity or fullness and tenderness in the pit of the stomach. To correct all this if not effect a cure try Green's August Flower, it cost but a trifle and thousands attests its efficacy.

WHAT AILS YOU?

Do you feel dull, listless, low-spirited, lifeless, and habitually miserable, both physically and mentally; experience a sense of fullness or discomfort after eating, or of "emptiness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flashes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, drowsiness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from the most common of American maladies—Biliousness, or Torpid Liver, associated with Dyspepsia or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter which stage it has reached, **Dr. Pierce's Golden Medical Discovery** will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, produce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the kidneys, and other excretory organs, cleansing, strengthening, and healing their diseases. As a general, restorative tonic, it imparts strength and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine manifests a great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Blotch, or Eruption, to the worst Scrofula, or Blood Poison, "Fever-sores," Swelling, Tumors, White Swellings, and Enlargements, and Chronic Inflammations, Mercurial Disease, "White Swelling," Gatter, or Hip Joint, and Enlargements, Skin Diseases, Eruptions, Tetter, Salt-rheum, "Scaly Eruptions," and kindred diseases, Scrofulous Inflammations, Ulcers and Sores, Ulcerated Throat and Lungs, Scrofulous Consumption, Glandular Affections, and all Chronic Diseases in which the blood is the seat of disease, and vital health will be established.

"FOR THE BLOOD IS THE LIFE."

Especially do we claim it to be owing to Dr. Pierce's Golden Medical Discovery, and kindred diseases, that the Bloom of Health, vital strength and vigorous health will be established.

CONSUMPTION.

If you are afraid of the lungs, it is treated with Scrofula of the Lungs, it is treated [illegible] Consumption, [illegible] Cough, Weak Lungs, Asthma, Incipient Consumption, Severe Coughs, and all Chronic Diseases

LIVER, BLOOD AND LUNGS.

[illegible] Sick Headache, Biliousness, Torpid Liver, Piles, Constipation, and all kindred symptoms.

One bottle of the "Discovery" will cure Tetter or Salt-rheum. For Scaly Eruptions, Pimples, or Blotches, use freely internally and externally.

For a Scrofulous Humor, [illegible] Discovery, with the use of Dr. Pierce's Pellets and a vigorous course of the "Discovery" will cure the worst form of Scrofula.

Dr. Pierce's Pellets cure Constipation, Dyspepsia, Biliousness, Sick Headache, and Kindred Diseases.

In Ia now produces annually 7,000,000 tons of wheat.

Kangaroo leather is the toughest leather known, but not much used.

East Tennessee capitalists are preparing to develope some of the marble beds of that region.

Mirrors of 100 square feet surface are now manufactured in France with but little trouble.

The women engaged in the manufacture of cheap Bibles in London are said to be worse paid than almost any other wage-workers there.

In the small towns and cities of Kansas and Nebraska the average price of unskilled labor is $1.20 per day, mechanics $2, with no demand for either.

A Marion County, Fla., farmer has 165 acres planted in watermelons, which he expects will yield 440,000 melons, growing not more than three melons on a vine.

The South Florida Railroad has established a hospital at Sanford to be used by their employes in case of sickness or accident, each one being taxed 50 cents per month.

According to the views of a number of men in the rubber business, the factories of the United States could easily double their yearly production without increasing their plant.

Rolls of paper nine miles long, says the *Mechanical Engineer*, have been made from reground wood-paper. At some of the wood-paper mills rolls four miles long are made regularly.

The housekeepers are busy in every section of the city and in all the suburban cities and towns. And in many places new houses are be spoken for purchase or rent as soon as the foundations are laid.—*Boston Traveller.*

The solution of the problem of the legislative relations between labor and capital is the most important and pressing political enigma of the time, and on it depends our very existence as a free and happy nation.—*N. O. Picayune.*

In the counties of northern Illinois the wages of farm laborers the present season average $1 with board, $1.25 without board, $16.50 per month with board and $22.75 without board. Wages are lower in the central and southern portions of the state.

The culture of hemp has been revived in central Illinois the present season. The crop is sold to the manufacturers of twine for self-binders. It is thought that the demand for hemp for this purpose will cause this crop to be extensively raised in the future.

The Boston *Globe* is not surprised that American manufacturers are making money, and does thus from as "a magazine not to only being exempt to death by parasites of every description." Its severity commend with them is making money, while the shareholders, and sometimes the bondholders, are sent away empty.

The growth of some of the Southern States is illustrated by the statement concerning Charleston that it has increased since the war "from a village of wooden houses and shanties to a city of 25,000 inhabitants, from a tax roll of $1,500,000 to one of $7,000,000, and has increased its business capital from $200,000 to $5,000,000."

To those who remember the old grist mill, with its single or double run of stone, its water wheel, and the miller who was hired and all hands, the feat of one of the great Minneapolis mills in turning out 6,000 barrels of flour in one day seems to mark as great an advance in the mechanical appliances and business enterprises as can be shown in any manufactures.

Oxbride of zinc, so much used in galvanizing iron, has the effect of being unwholesome when used for soldering the iron that is employed to contain vegetables and other food. A new soldering material has been found which is free from these defects. It is made by mixing one pound of tin with eight pounds of glycerine and eight pounds of water.

The consumption of steel rails is enormous. For the production is now far ahead of the consuming power of the world. In 1882 there was about 247,000,000 feet of railroad in the world. Now it is the length of the United States. It is now of steel rails. Of tracks, there are not less than 500,000 miles of railroad in the world. These have required not less than 45,000,000 tons of metal.
