Groceries, Flour, Tobaccos, Cigars, and one hundred and one other varieties, cheap for cash, at

The OldStand, Canyon City.

BAKING IN JAPAN.

Bread and Cake Just Growing in Popular Favor.

Most noticeable is the universal [illegible] bread and similar heavy confections are becoming to enjoy. This article is [illegible] by Japanese, and selling forms unknown to manufacturers. Tinkle-pan, sold by peripatetic vendors, who push their cakes along in a tinkling-bell cart, is much liked by the poorer classes. It consists of slices thick, [illegible] dipped in rye and brown sugar, and then fried or toasted. Each slice has a skewer passed through it, which the buyer returns after demolishing the bread. One cannot speak highly of this bread. The dough is heavy and the color an unhealthy yellowish gray. But the best Japanese flour is equal it is said to California No. 2, which is high praise indeed.

Flour is now used in many other ways besides the manufacture of simple bread. There is Kasutera, "Yakee Cake," which is sold everywhere. As the name implies, it is a sort of sweet bread, [illegible] colors of various shades and delicacy of flavor. To a European palate this kind can be relished only [illegible] by much criticism. In the previous youth said of Salem Cramp. But it is very cheap. And for five cents one can get a large yellow bun full. Kasutera, or sponge-cake, is not so much sought after as it used to be. Very soon Japanese, such as the Fuseyasoshi and Tenkiya, excel in producing the lighter and more delicate forms of sponge-cake.—Yokohama Herald.

—Very Long.—"Your silkworm is long troubled, I believe," said the doctor to Mrs. Mellifluous on his first call. "Yes, sir," replied that good lady. "I've had it nigh on to twelve years."

A cartoon home from a long cruise couldn't sleep in the house, for it was in [illegible] feel more at home to lay out on the yard."

"THE Decline and Fall of Rome" is the title of the book which the great American tramp intends to write.—Indianapolis Journal.

Dyspepsia

Makes the lives of many people miserable, and often leads to self-destruction. Distress after eating, sour stomach, sick headache, heartburn, loss of appetite, a foul, "all gone" feeling, bad taste, coated tongue, and irregularity of the bowels, are some of the more common symptoms. Dyspepsia does not get well of itself. It requires careful, persistent attention, and a remedy like Hood's Sarsaparilla, which acts gently, yet surely and effectually. It tones the stomach and other organs, regulates the digestion, creates a good appetite, and by thus overcoming the local symptoms removes the symptomatic effects of the disease, banishes the headache, and refreshes the tired mind.

Distress After Eating

Sick Headache

"I have been troubled with dyspepsia. I had lost much appetite, and when I did eat it distressed me, or did me little good. To an hour after eating I would experience a fullness, or load, all mixed up, as though I had eaten nothing. My food did not digest, was aggravated by my business, which is that of a painter, and I was being more or less laid up to a great extent. Last spring I took Hood's Sarsaparilla, took three bottles. It did me an immense amount of good. It gave me an appetite, and my food digested and satisfied the craving I had previously experienced." Geo. W. A. Faun, Walnut St., Haverhill, Mass.

Heart-burn

Sour Stomach

Hood's Sarsaparilla

Sold by all druggists. $1; six for $5. Prepared only by C. I. HOOD & CO., Apothecaries, Lowell, Mass.

100 Doses One Dollar
