Peruvian Bitters.

Cinchona Rubra

The Count Cinchon was the Spanish Viceroy in Peru in 1630. The Countess, his wife, was prostrated by an intermittent fever, from which she was freed by the use of the native remedy, the Peruvian bark, or, as it was called in the language of the country, "Quiaquina." Grateful for her recovery, on her return to Europe in 1632, she introduced the remedy in Spain, where it was known under various names, until Linnæus called it Cinchona, in honor of the lady who had brought them that which was more precious than the gold of the Incas. To this day, after a lapse of two hundred and fifty years, science has given us nothing to take its place. It effectually cures a morbid appetite for stimulants, by restoring the natural tone of the stomach. It attacks excessive love of liquor as it does a fever, and destroys both alike. The powerful tonic virtue of the Cinchona is preserved in the Peruvian Bitters, which are as effective against malarial fever to-day as they were in the days of the old Spanish Viceroys. We guarantee the ingredients of these bitters to be absolutely pure, and of the best known quality. A trial will satisfy you that this is the best bitter in the world. "The proof of the pudding is in the eating," and we willingly abide this test. For sale by all druggists, grocers and liquor dealers. Order it.
