CITY NOTICES.

PROPOSED CHANGE OF GRADE OF MADISON STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, By the Council of the City of Portland, Or., that it deems it expedient and proposes to change the grade of Madison street, in the City of Portland, at its intersection with Ford street, to-wit:

At a center line of Ford street and center line of Madison street at 247.50 feet.

At center line of Ford street and south line of Madison street at 246.50 feet.

At the center line of Ford street and north line of Madison street at 248.50 feet.

At center line of Madison street and east line Ford street at 251.0 feet.

At center line of Madison street and center line Ford street at 251.0 feet.

At center line of Madison street and west line of Ford street at 251.0 feet.

At north line of Madison street and center line of Ford street at 251.0 feet.

At south line of Madison street and center line of Ford street at 251.0 feet,

above the base of city grades.

Resolved, That the Auditor be and he is hereby directed to give notice of the proposed change of grade of said street as provided by the city charter.

Remonstrance against the above change of grade may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF DUPONT STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Or., deems it expedient and proposes to improve Dupont street from the east line of Larrabee street to the west line of Benton street, in the following manner, to-wit:

First—By grading said street to proper subgrade.

Second—By bringing the surface of the street to proper grade with gravel.

Third—By constructing artificial stone sidewalks.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 18th day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Dupont street from the east line of Larrabee street to the west line of Benton street and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially benefited thereby, and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet northerly from and parallel with the north line of Dupont street and a line 100 feet southerly from and parallel with the south line of Dupont street and between the easterly line of Larrabee street and the westerly line of Benton street.

The Engineer's estimate of the probable total cost for said improvement is $1,000.00.

The above improvement is to be classed as a gravel improvement and shall be maintained by the city for the period of four years, provided, that the owners of a majority of the property benefited by said improvement, or any portion thereof, shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Dupont street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF ANKENY STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to improve Ankeny street from the west line of Third street to the east line of Fourth street in the following manner, to-wit:

First—By paving said street to proper subgrade.

Second—By paving said street with stone blocks with a sand cushion on a concrete foundation six inches in thickness.

Third—By constructing artificial stone curbs.

The said improvement to be made in accordance with the charter and ordinances of the City of Portland, and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 18th day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Ankeny street from the west line of Third street to the east line of Fourth street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially benefited thereby and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet north of and parallel with the north line of Ankeny street and a line 100 feet south of and parallel with the south line of Ankeny street, and between the west line of Third street and the east line of Fourth street.

The Engineer's estimates of the probable total cost for said improvement is $1,7[illegible]00.

The above improvement is to be classed as a stone block pavement and shall be maintained by the city for the period of 25 years, provided, that the owners of a majority of the property benefited by said improvement or any portion thereof, shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Ankeny street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF FRONT STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to improve Front street from the north line of Arthur street to the north line of Seymour avenue in the following manner, to-wit:

First—By removing all loose earth, mud and debris of every kind from the surface of the street now macadamized.

Second—By grading all that portion of said street full width with full intersections not now macadamized to proper sub-grade.

Third—By bringing the surface of the street full width with full intersections to proper grade with macadam.

Fourth—By constructing artificial stone sidewalks and curbs.

Fifth—By laying wooden crosswalks six feet in width.

The foregoing improvement is to be made on all portions of said Front street, as follows:

First—From the north line of Arthur street to a line 184 feet south of the south line of Porter street.

Second—From a line 200 feet north of the north line of Gibbs street to a line 50 feet south of the north line of Gaines street.

Third—From a line 182 feet north of the north line of Abernethy street to the north line of Seymour avenue.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 23d day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Front street from the north line of Arthur street to the north line of Seymour avenue and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement is to be assessed as provided by the city charter upon the property specially benefited thereby and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet east of and parallel with the west line of Front street and between a line 100 feet north of and parallel with the north line of Arthur street and the north line of Seymour avenue.

The Engineer's estimate of the probable total cost of said improvement is $17,664.00.

The above improvement is to be classed as a macadam improvement and shall be maintained by the city for the period of four years, provided, that the owners of a majority of the property benefited by said improvement or any portion thereof shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Front street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

CITY NOTICES.

PROPOSED IMPROVEMENT OF PINE STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to improve Pine street from the west line of Third street to the east line of Sixth street, in the following manner, to-wit:

First—By grading said street full width with full intersections to the proper sub-grade.

Second—By paving the said street full width with full intersections with stone blocks with sand cushion on a concrete foundation six inches in thickness.

Third—By constructing artificial stone curbs.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 23d day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Pine street from the west line of Third street to the east line of Sixth street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement is to be assessed as provided by the city charter upon the property specially benefited thereby and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet north of and parallel with the north line of Pine street and a line 100 feet south of and parallel with the south line of Pine street, and between the west line of Third street and the east line of Sixth street.

The Engineer's estimates of the probable total cost for the improvement of said street is $11,052.00.

The above improvement is to be classed as a stone block pavement, and shall be maintained by the city for the period of 25 years, provided, that the owners of a majority of the property benefited by said improvement or any portion thereof shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Pine street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF OAK STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to improve Oak street from the east line of Front street to the west line of Park street, by constructing artificial stone sidewalks and relaying granite curb.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 23d day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Oak street from the east line of Front street to the west line of Park street and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially benefited thereby and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet north of and parallel with the north line of Oak street and a line 100 feet south of and parallel with the south line of Oak street, and between the west line of Front street and the west line of Park street.

The Engineer's estimate of the probable total cost for said improvement is $1,067.00.

The above improvement is to be classed as a macadam improvement, and shall be maintained by the city for the period of four years, provided, that the owners of a majority of the property benefited by said improvement, or any portion thereof, shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Oak street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF HOOKER STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Or., deems it expedient and proposes to improve Hooker street from 12 feet east of the west line of, Water street to the west line of Second street, in the following manner, to-wit:

First—By grading said street to the proper sub-grade.

Second—By bringing the street to proper grade with macadam.

Third—By constructing artificial stone sidewalks.

Fourth—By constructing crosswalks six feet wide.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 24th day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Hooker street from the south line of Albina avenue to the west line of Second street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially benefited thereby and which is hereby declared to be all the lots, parts of lots and parcels of land lying between the south line of Albina avenue and its westerly extension, in its present course, and a line 100 feet south of and parallel with the aforesaid south line of said Albina avenue and between a line 100 feet westerly from and parallel with the west line of River street and a line 100 feet easterly from and parallel with the east line of River street.

The Engineer's estimate of the probable total cost for said improvement is $425.00.

The above improvement is to be classed as a treated wood block pavement and shall be maintained by the city for the period of four years, provided, that the owners of a majority of the property benefited by said improvement, or any portion thereof, shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Hooker street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF RIVER STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to improve River street from the south line of Albina avenue to 100 feet south of the south line of Albina avenue, in the following manner, to-wit:

First—By grading said street to the proper sub-grade.

Second—By paving said street full width with wooden blocks treated with carbolineum avenarius, on a rock or gravel foundation.

Third—By constructing artificial stone curbs.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 29th day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of River street from the south line of Albina avenue to 100 feet south of the south line of Albina avenue, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially benefited thereby, and which is hereby declared to be all the lots, parts of lots and parcels of land lying between the south line of Albina avenue and its westerly extension, in its present course, and a line 100 feet south of and parallel with the aforesaid south line of said Albina avenue and between a line 100 feet westerly from and parallel with the west line of River street and a line 100 feet easterly from and parallel with the east line of River street.

The Engineer's estimate of the probable total cost for said improvement is $425.00.

The above improvement is to be classed as a treated wood block pavement and shall be maintained by the city for the period of four years, provided, that the owners of a majority of the property benefited by said improvement, or any portion thereof, shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said River street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

CITY NOTICES.

PROPOSED SEWER IN EAST THIRTEENTH STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Or., proposes to construct a sewer in East Thirteenth street from the north line of Broadway to a connection with the sewer in Hancock street of vitrified sewer pipe of eight inches clear inside diameter with all necessary catch-basins, man-holes, lamp-holes and branches, in accordance with the plans, specifications and estimates therefor prepared by the City Engineer and filed in the office of the Auditor of the City of Portland on the 4th day of May, 1903, indorsed, "City Engineer's plans and specifications for a sewer in East Thirteenth street from the north line of Broadway to sewer in Hancock street and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property benefited thereby and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet west of and parallel with the west line of East Thirteenth street and a line 100 feet east of and parallel with the east line of East Thirteenth street and between the north line of Broadway and a line 100 feet south of and parallel with the south line of Hancock street.

The Engineer's estimate of the probable total cost for constructing said sewer is $419.00.

The plans, specifications and estimates of the City Engineer for constructing a sewer in said East Thirteenth street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrance against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF BROADWAY.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to improve Broadway from the east line of Carter's Addition to East Portland to the center line of the County Road running north and south through Section 25, Twp. 1 N., R. 1 E., W. M., in the following manner, to-wit:

First—By grading the roadway full width with full intersections to the proper sub-grade.

Second—By bringing the surface of the roadway full width with full intersections to the proper grade with gravel.

Third—By constructing wooden sidewalks and curbs, according to the City Engineer's plans, specifications and estimates.

Fourth—By constructing stone gutters.

Fifth—By constructing wooden crosswalks six feet in width.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 29th day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Broadway from the east line of Carter's Addition to the center line of County Road running north and south through Section 25, Twp. 1 N., R. 1 E., W. M., and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially benefited thereby, and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet north of and parallel with the north line of Broadway, and a line 100 feet south of and parallel with the south line of Broadway, and between the east line of Carter's Addition to East Portland and the west line of the County Road running north and south through Section 25, Twp. 1 N., R. 1 E., W. M.

The Engineer's estimate of the probable total cost of said improvement is $6,134.00.

The above improvement is to be classed as a gravel improvement and shall be maintained by the city for the period of five years, provided, that the owners of a majority of the property benefited by said improvement, or any portion thereof, shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Broadway are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF WYGANT STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to improve Wygant street from the east line of Union avenue to the west line of East Seventh street, in the following manner, to-wit:

First—By grading the street full width with full intersections to the proper sub-grade.

Second—By graveling the street full width with full intersections with upland bank gravel.

Third—By constructing artificial stone sidewalks and curbs.

Fourth—By constructing wooden crosswalks six feet in width.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 17th day of March, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Wygant street, from the east line of Union avenue to the west line of East Seventh street, and estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter, upon the property specially benefited thereby and which is hereby declared to be all the property lying between the north line of Wygant street and a line 100 feet northerly from and parallel therewith, and between the south line of Wygant street and a line 100 feet southerly from and parallel therewith, and between the east line of Union avenue and the west line of East Seventh street.

The Engineer's estimate of the probable total cost for said improvement is $3,846.00.

The above improvement is classed as an upland bank gravel improvement, and shall be maintained by the city for the period of five years, provided, that the owners of a majority of the property benefited by said improvement or any portion thereof shall not voluntarily petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Wygant street are hereby adopted.

Resolved, That the Auditor be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF EAST THIRTY-FIRST STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and proposes to improve East Thirty-first street from the south line of Hancock street to the north line of Halsey street, in the following manner, to-wit:

First—By grading said street full width with full intersections to the established grade.

Second—By constructing 12-foot sidewalks with six-foot covering planks.

Third—By constructing wooden crosswalks six feet in width.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 4th day of May, 1903, indorsed, "City Engineer's plans and specifications for the improvement of East Thirty-first street from the south line of Hancock street to the north line of Halsey street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially benefited thereby, and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet north of and parallel with the north line of East Thirty-first street and a line 100 feet south of and parallel with the south line of East Thirty-first street and between the east line of Hancock street and the north line of Halsey street.

The Engineer's estimate of the probable total cost for said improvement is $2,054.00.

The plans, specifications and estimates of the City Engineer for the improvement of said East Thirty-first street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

CITY NOTICES.

PROPOSED IMPROVEMENT OF SIXTEENTH STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Or., deems it expedient and proposes to improve Sixteenth street from 12 feet south of the north line of Glisan street to 12 feet north of the south line of Hoyt street, by constructing artificial stone sidewalks and curbs.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 21st day of April, 1903, indorsed, "City Engineer's plans and specifications for the improvement of Sixteenth street from 12 feet south of the north line of Glisan street to 12 feet north of the south line of Hoyt street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially benefited thereby, and which is hereby declared to be all the lots, parts of lots and parcels of land lying between a line 100 feet west of and parallel with the west line of Sixteenth street and a line 100 feet east of and parallel with the east line of Sixteenth street and between the north line of Glisan street and the south line of Hoyt street.

The Engineer's estimate of the probable total cost for said improvement is $605.00.

The plans, specifications and estimates of the City Engineer for the improvement of said Sixteenth street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby instructed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrance against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.

May 9, 1903.

PROPOSED IMPROVEMENT OF ASH STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Or., held on the 6th day of May, 1903, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Or., deems it expedient and proposes to improve Ash street from the west line of Third street to the east line of Fourth street, in the following manner, to-wit:

First—By grading said street to the proper sub-grade.

Second—By paving said street with stone blocks, with sand cushion on a concrete foundation six inches in thickness.

Third—By constructing artificial stone curbs.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City
