The City's News in Brief

Items of Local Interest for Busy Journal Readers.

WEATHER FORECAST

Showers and thunderstorms have occurred in Montana, Wyoming, South Dakota, Nebraska and Kansas.

It is much cooler in the North Pacific States, and correspondingly warmer in Northern California. The temperatures in the Dakotas, Minnesota and Iowa are from 10 to 12 degrees below normal.

The indications are for fair and warmer weather in this district Saturday.

HOTEL ARRIVALS

IMPERIAL—E. J. Drake, Oakland; H. J. Miller, Aurora; Dr. D. Y. K. Deering, Union; H. E. Case, Tacoma; E. H. Gillette, Des Moines; H. B. Snyder, San Francisco; F. E. Edwards, Mrs. Edwards, Corvallis; M. J. Forn, Mrs. Forn, Mrs. J. B. Gardner, F. C. Patterson, Baker City; A. W. Young, Cascade; E. E. Ferguson, The Dalles; C. P. Williams, San Francisco; L. J. Gay, Seattle; C. W. James, Salem; W. H. Lucas, Vancouver; A. P. Hayes, San Francisco; W. E. Frazier, Albany; C. Duncan, Chicago; J. Ellison, Minneapolis; Mrs. M. J. Creighton, Salem; W. A. Campbell, San Francisco; J. Martin, H. W. Rowley, W. T. Clark, Seattle; C. H. Page, H. D. Garner, Astoria; W. C. Morgan, Mrs. Morgan, Berkeley; Thomas A. McBride, Oregon City; C. S. Houston, Astoria; L. S. D. Blondin, Martindale, Que.; L. Hunziker, Pendleton; J. A. Gusdorf, Astoria; J. B. Lockwood, Seattle; F. G. Kellogg, Tacoma; J. H. MacLofferty, J. N. Brobart, W. J. Reed, San Francisco; Mrs. Louis Strahorn, Salem.

PORTLAND—L. H. Wolfetenkler and wife, Leavenworth; S. L. Deatherege, Chicago; W. B. Hancock and child, Gearhart; G. B. Comstock, J. G. Spalding, San Francisco; D. W. Henwood, Pocatello; Mrs. C. L. Tutt, Colorado Springs; Miss M. Williamson, Philadelphia; G. A. Keil and wife, W. H. Powers, San Francisco; Mrs. H. Bolander, Miss F. Bolander, Mrs. H. Carlene, Chicago; D. H. Tabor, New York; C. J. Smith, Seattle; J. J. Daly, Miss D. Daly, Miss R. Daly, Mary D. Brown, A. Daly, Salt Lake; R. W. Gantner, W. T. Flack, Quincy; J. H. Methan, San Francisco; F. D. Calhoun, Mrs. J. E. Calhoun and daughter, Minneapolis; W. S. Ring, Philadelphia; W. N. Mayhew, J. M. Cessynsky, Boston; E. M. Carpenter and wife, New York; H. L. McMeir, Denver; G. L. Holmes, Jr., Los Angeles; G. W. Hines, Louisville; J. B. Libby, Omaha; J. A. Walker, N. C. B.; A. J. McTier, Boise; J. B. Nottingham, M. G. Hall, Seattle; F. D. Calhoun, Mrs. J. F. Calhoun, Beatrice Z. Calhoun, Minneapolis; C. H. Chandler and wife, Knappton; Thomas Dunne, Chicago; Joe Harris, Mrs. F. R. Culbertson and child, Mrs. Mary E. Scott, Mr. and Mrs. A. J. Simmonds, Edward Kelly, San Francisco; W. S. Durkey, Mrs. J. R. Dwyer, Emmie Funk, Mr. and Mrs. A. P. Cox, New York; Mr. and Mrs. F. Hensham, Scranton, Pa.; M. McDonald, Gold Hill; J. M. Baird, John L. Baker, Chicago.

State Circuit Judge Cleland has set the trials of Houghton, arrested for robbery, for September 21, and Hanlon and Wolfe, charged with arson, for September 22.

In the divorce case of Mrs. B. Root against Thomas Root, Charles J. Schnabel, attorney for the plaintiff, asked for and was granted alimony for his client in the sum of $25 a month.

John Alstadt has begun a suit against F. S. Doernbacher of the Doernbacher Furniture Company for $205 for labor performed in improving the grounds of the defendant's property at Irvington.

Excursion boat leaves foot of Taylor street at 8:30 and 11:30 a. m., and 3 and 6:15 p. m., every day of the week for Oregon City and Willamette Falls. Steamer Leona. Fare, 45 cents round trip.

The Regulator line steamer "Bailey Gatzert" will not make her usual daily trips to Cascade Locks and return until Friday, July 31. Take regular steamer at 7 a. m.

The Southern Pacific Railroad has selected Mrs. G. D. Fountain to make a painting of Crater Lake for the company. Mrs. Fountain made some beautiful paintings of scenery in the National Park which won a reputation for her.

Take Regulator line steamer for The Dalles and all way landings, connecting at Lyle with Columbia River & Northern Railway for Goldendale and Klickitat Valley points. Alder-street wharf daily (except Sunday) 7 a. m. Phone, Main 914.

The Brightenbush Mining Company filed articles of incorporation this morning with a capitalization of $1,000,000. The incorporators are I. K. Hisey, J. J. Yackley and B. J. Mills. The company will operate mines in Oregon and British Columbia.

Dr. D. K. Rand, having returned, will resume practice in the offices occupied by him before the fire, 501-502 The Dekum, and not at the Marquam Building, as announced in the telephone directory. Residence telephone, Main 356; office telephone, Main 375.

Damp weather in the summer is the enemy of the hop grower. It breeds lice. The threatening condition of the weather of the past few days is looked upon with fear and trembling by the hop men, as it is already known that the crop in Oregon will be light.

Hawthorne Ribensdorf, the 6-year-old son of Henry Ribensdorf, is improving rapidly at St. Vincent's Hospital. Hawthorne was kicked by a runaway team several days ago, which resulted in a fractured skull. The boy is under the care of Dr. W. Jones and his rapid recovery is assured.

The material that will be used to finish the construction of the new fish hatchery at Ontario is now on the way to that point. It is thought the hatchery will be finished early in September, and will have a yearly capacity of 20,000,000 eggs. The racks will be placed in the Snake River within a few days.

A. H. Devers has received a souvenir program of the first annual picnic to be given near Clearbrook, Wash., by the Whatcom County Grocers' Association. The food sellers have planned a day most enjoyable, with sporting events of various kinds and a fine feast. It is not thought that many Portland merchants will attend this picnic.

People Who Eat—and most of us do—ought to be particular what we do eat. North Dakota No. 1 hard wheat flour is the best provender in that line to be had on earth. The world will never know an improvement on this product of the mill. Ask your grocer for a sack. He'll be glad to sell it to you. Nottingham & Co., Front and Alder, distributors.

Our August watch sale begins Saturday, and it will be to your interest to watch. To commence with we will sell, for Saturday only, jelly glasses for 26c dozen. Men's and boys' crash hats, the 25c ones, go at 15c, 35c ones at 20c and the 50c ones at 30c. Did you have one of the lists? Ask for one; it means much to you. "It's a fact," at the big East Side department store. Kennard & Adams, Albina.

Boy burglars are born of parental neglect. Our steam-heated ironer is the parent of a system of collar and cuff polishing that does not infract so much as the law of prudence. It does not weaken by scorching the fiber of the linen, nor does it "yellow" the goods—as fiber-heated ironers do. It is a law-abiding and a charming piece of machinery that every acquaintance likes. It's the only one in Portland. Union Laundry, Second and Columbia.

You'll be buying something for your Sunday dinner tomorrow, won't you? You'll want the best, too—and we have it, at the smallest prices in the town. Nowhere else in Oregon do they sell butter, eggs, hams, bacon and all sorts of cured meats at the little prices we ask for them. Our sardines, pickles, mustards and table sauces are among the best and alone in tiny prices. La Grande Creamery, 264 Yamhill street, near Third.

A live wire caused some excitement at Third and Washington streets yesterday afternoon when it broke just as an "M" car passed. It swung around into an aisle of the car and several passengers had very narrow escapes, one child being in particular danger, as the wire passed within an inch of its head. The dangerous obstruction was removed by the car crew with the help of a rope and a broom.

The daintiest noonday luncheon to be had in town is that served at the Royal Bakery and Confectionery, Park and Washington streets. If all those people who take luncheons down town at midday really knew the excellence of the delicacies provided there, the place would have difficulty in providing accommodations for them. And the charges are so little, too. The celebrated Aldon confections are sold there by the polite young ladies in attendance.

There are four daily, and on Sunday eight, excursions from Portland to Oregon City and Willamette Falls and return. Fare, week days, 45 cents, Sundays, 25 cents the round trip. Sunday the boat will be doing "all kinds of business," as hourly trips will be made to Magoon's Park on account of the Foresters' and newsboys' excursions. Saturday is an enjoyable time for a ride up and down the river. The Leona leaves Taylor-street dock at 8:30 and 11:30 a. m. and 3 and 6:15 p. m.; Sunday at 8:30, 10 and 11:30 a. m. and 1, 3, 4:30 and 6:15 p. m.

Do not miss the Special Round Trip of the steamer Bailey Gatzert next Sunday to Collins Hot Springs, Captain Belcher's new health resort on the upper Columbia; it will be an excellent opportunity for visitors and Portland people to view the magnificent scenery of the Columbia River as far as Wind Mountain, also giving everybody a chance to see the government $4,000,000 locks at Cascades in operation. Passengers can go up Saturday morning, at 8:30 o'clock, on the steamer Regulator, if desired, and return Sunday evening, thereby securing one day's bathing at the Hot Springs. Music by the famous Nineteenth United States Regiment Orchestra. Steamer leaves Alder-street wharf Saturday, 8:30 a. m.; Sunday, 9 a. m. Special round-trip ticket, $1.50. 'Phone Main 914.

WRITER OF RECENT FLOODS IN JAPAN

H. E. Dosch Tells of Typhoon that Was One of the Worst Ever Experienced.

The storm that swept over Japan at the beginning of July was one of the worst that empire has experienced for many years. Henry E. Dosch, Lewis and Clark Exposition Commissioner to the Osaka Fair, writes to George H. Lamberson, secretary of the State Board of Horticulture, telling of this storm. The letter says:

"Monday, the 6th of July, Japan experienced the severest earthquake she has had for years. It shook things in great shape, and lasted for nearly two minutes. This was followed by the first typhoon of the season. It had been raining for three weeks, hard, but on Tuesday afternoon it started to pour; at the beginning of the typhoon, and for 51 solid hours it was a deluge, and no mistake about it. Everything for 200 miles is under water—just one vast sea. Hundreds of people were drowned in the farming districts where the country is so flat there is no place to flee to except the straw roofs of their little shacks.

"I went to Kyoto Thursday and saw thousands of people camped on the railroad embankments which are about 12 feet high. The water is about four feet deep, and the entire distance of 50 miles was one sheet of water.

"It has quit raining and the water has receded into the river banks, and the streets are once more passable.

"Three weeks more and we shall shut up shop, and one month more and I will be afloat with no regrets. The steam heat we are now having is frightful. It gives me severe headaches, and like most foreigners, it causes my heart to flutter and palpitate. If I only could go slow like my neighbors I might eventually get used to it, but you see I can't go slow."

PERSONALS.

Dr. E. E. Ferguson is in the city from The Dalles.

C. L. Houston, a contractor of Astoria, is in Portland.

C. H. Page, an attorney of Astoria, is at the Imperial.

Mrs. Sadie Tausick of Walla Walla is registered at the Perkins.

Louis Hunziker, a Pendleton jeweler, is registered at the Imperial.

J. R. Dwyer, a San Francisco hardware merchant, is in Portland.

Judge Thomas A. McBride of Oregon City is registered at the Imperial.

Dr. E. Y. Carpenter, a New York physician, accompanied by his wife, is at the Portland.

C. J. Smith of Seattle is at the Portland. Mr. Smith was formerly in the railroad business in this city.

George W. Bainter, traveling passenger agent for the Rock Island system, is in Salem on business.

A. H. Gattis, chief clerk at the Hotel Imperial, returned this morning from a two weeks' vacation at Collins Springs, Wash.

G. S. Holmes of Los Angeles is in Portland on his way home from a month's visit to Alaska. He is a son of a prominent hotel man.

A. D. Charlton, assistant general passenger agent for the Northern Pacific, with offices in this city, has gone to Long Beach, where his family is spending the summer.

Chief Clerk George Suttle of the general passenger department of the Oregon Railroad & Navigation Company, has gone to Cascade Mountains for a two weeks' vacation.

THEATRICAL OFFERINGS

Empire Tonight.

Among the many attractions at the Empire Theatre, Clarence Lutz certainly has the most interesting history. Born with both arms broken, it was found necessary to amputate them when he was but 10 days old. Since then Lutz has used his feet for hands and has acquired a marvelous dexterity with them. Waldron Brothers do a most amusing sketch in German dialect, while George W. Moore, the monologist, sings two or three very entertaining parodies on topical songs. The bag-punching dog introduced by Loraine and Howell is an unusually amusing feature, the animal entering into the sport with laughable enthusiasm. Matinee tomorrow afternoon.

Empire Next Week.

Frederick, the conjuror, known in the vaudeville world as Frederick the Great, will be among the new acts at the Empire Theatre next week, commencing Monday, August 3. With him on the stage the audience is compelled to pay strict attention to the performance, as his marvelous feats are of the interest-compelling kind. Martin and Ridgeway are a duo who combine foolishness with a wire-walking act, causing much laughter. Lutz Brothers will retain their position as headliners owing to the exceedingly interested reception given them this week.

Next Week at Shields'.

Manager Shields has selected Sig. Francilla as his top-line attraction at Shields' Park for the bill commencing with the performance Sunday night. This is an act which has created a sensation wherever it has appeared in this country and in Europe. Sig. Francilla is a strong man and is considered one of the best in his line. His feats of strength are out of the ordinary rut and, with the assistance of his wife, he performs some stunts which would require the muscle of a giant of ancient days. The dog and monkey show of Professor Hunt will be held over next week, as it has proved such a sterling attraction during the run of the current bill. The monkeys are about the funniest animals that a Portland audience have watched perform in many moons. The polyscope will be supplied with new pictures and the illustrated songs promise to start the small boys of the town whistling something new in the musical world.

Shields' Park.

If there is anyone in Portland enjoying a hearty laugh it will be supplied at Shields' Park this week. The bill fairly sparkles with fun and comicalities. The monkey and dog circus of Professor Hunt is responsible for a great deal of hilarity but is pressed hard by Happy Hooligan, in the person of Edward Poulter, a really funny monologist. Tonight the stage will be given to the amateurs after the professionals have closed their part of the entertainment. A number of amateurs have applied to the management for an opportunity to prove that they have talent for the stage and a try-out will be given. This will be a rich treat for the audience.

MANY VISITORS FROM THE EAST

Portland Will Profit by G. A. R. Encampment at San Francisco and Commercial Congress at Seattle.

Officials of Eastern Lines Say Visitors Will Have Return Tickets Read via Oregon Metropolis.

Toward the latter part of August, Portland may expect an increased number of visitors from Eastern points, by reason of the annual Grand Army of the Republic encampment at San Francisco, August 17 to 22, inclusive, and the session of the Trans-Mississippi Commercial Congress and National Irrigation Association at Seattle, from the 18th to 21st of August, inclusive. While the travel from Portland to these two points is not expected to be large, Eastern railways having offices in this city look for exceptionally big sales of tickets over their lines.

"Nearly all people who come West desire to see Portland," said a New York Central official, "and a majority of them will have their return trip tickets read via Portland. The low rate will induce a great many to take this opportunity of seeing the Pacific Coast."

The Southern Pacific trains and the Oregon Railroad & Navigation boats will carry Portlanders to the G. A. R. encampment, the round trip for $25, with the privilege of going on rail and returning by water, or vice versa. The regular fare to San Francisco is $17.50, first class, and $15 second class. Sale days will be August 13, 14 and 15.

Local railway officials say it is the wrong time of the year to expect heavy attendance from Portland to the coming meetings because of the harvest season.

To the fourteenth annual session of the Trans-Mississippi Commercial Congress and National Irrigation Association at Seattle, transcontinental lines have declared a rate of 80 per cent of double locals, or, in other words, 80 per cent of the added fare each way. The Northern Pacific has not yet decided upon the rate from Portland, but it is expected to be one and one-third fare for the round trip.

To the American Bankers' Association meeting in San Francisco, October 20 to 23, inclusive, the Eastern lines have published a rate of 80 per cent of the double locals.

SHOW WEATHER RECORD

Observer Edward A. Beals Tells of the August Days During the Past Thirty-two Years.

Edward A. Beals of the local Weather Bureau, this morning issued a report showing the average weather during the month of August for the past 32 years. The report in brief is as follows:

Mean or normal temperature, 66 degrees. The warmest month was that of 1897, with an average of 71 degrees. The coldest month was that of 1899, with an average of 62 degrees. The highest temperature was 97 degrees on the 22d, 1891, and on the 10th, 1902. The lowest temperature was 43 degrees on the 29th, 1876.

The average rainfall, 0.64 inches. Average number of days with .01 of an inch or more, 4. The greatest monthly precipitation was 2.50 inches in 1899. The least monthly precipitation was 0.00 inches in 1885. Greatest amount of precipitation recorded in any 24 consecutive hours was 0.83 inches on the 25th and 26th, 1899.

The average number of clear days, 17; partly cloudy days, 9; cloudy days, 5.

The prevailing winds have been from the northwest. The highest velocity of the wind was 35 miles from the southwest on the 16th, 1893, and from the south on the 31st, 1897.

NEW GEAR FOR O. N. G.

Uncle Sam to Fit Out Oregon Soldiers in Uniforms Exactly Like the Regulars.

Adjutant-General C. U. Gantenbein of the Oregon National Guards this morning received word from the War Department at Washington City that the militia of this state had just been shipped 30 field desks of the latest pattern. These desks are the sort used in camp by the officers of the United States Army, and are to be put to the same use by the local guardsmen who hold commissioned ranks. The furniture was sent from Jeffersonville, Ind., on July 23 and is expected to reach this city within the next few days.

The Adjutant-General has also been advised of the shipment of 2,000 cap devices for the use of the Oregon soldiers, which were shipped from Philadelphia a week ago today. Regimental and company books are on the way to the O. N. G. headquarters here, also several new army bugles.

GERMANS MAY COME

Astoria Man Writes Local Board of Trade That Families from Fatherland Will Move.

Theodore Bracker of Astoria has written Max M. Shillock of the Board of Trade for Oregon literature printed in German. The Astoria man states that a number of his friends, who now reside in the northern part of Germany, are preparing to move to the land of the free and home of the brave, and he is of the opinion that if they are sent some literature which they could read, telling of the natural resources of this state, they might be induced to come to Oregon and locate.

Mr. Shillock will send a few copies of booklets to Germany which, it is thought, the people there can understand enough of them to learn that Oregon offers the best inducements of any state in the Union to settlers.

BAND CONCERT TONIGHT

Tonight in Holladay Park at 8 o'clock Brown's Park Band will render the following program:

March—Dixieland . . . . . Haines
Waltz—Wine, Women and Song. Strauss

Scenes from "The Chimes of Normandy" . . . . . Planquette
Johnnie on the Spot, "Hiawatha" . . . . . Monet

CHARLES L. BROWN, Conductor.

A concert will be given at the City Park Sunday at 2:30 p. m.

Preferred Stock Canned Goods. Allen & Lewis' Best Brand.

FACTORIES MAY BE BUILT IN PORTLAND

Many More Manufacturing Enterprises Are Headed for This Big City.

Although the present time is said to be the dull season in the matter of promoting new industries to come to this city, still, C. H. McIsaac, secretary of the local Manufacturers' Association, is kept busy answering letters written to him regarding new enterprises.

This morning the secretary wrote to the firm of Woodworth & Donaldson, of Shoshone, Ida., who have recently purchased the patent right to manufacture a new collapsible egg case, and wish to put up a plant to make the same in this city. The Idaho firm state that they have recently opened a factory for the manufacturing of the cases in Ogden, Utah, which is the first large one of its kind in the United States. As the demand for egg cases is said to be great in this state, Mr. McIsaac wrote to the Shoshone men for more particulars regarding the case, and if it is found that this is the sort needed by the Oregon poultry raisers, a plant for the manufacturing of the "hen fruit holders" may be erected in Portland.

Parr & Lehman of Chicago, large fruit importers and exporters, have written Mr. McIsaac for a list of names of Oregon concerns engaged in the drying and packing of prunes and apples. The firm states that it only wants the names of the smaller concerns engaged in the above-mentioned business, and which are located in the towns of this commonwealth. The list will be sent them as soon as the Secretary can collect one as nearly complete as possible.

The Pacific Engine Pump & Machine Company of Tacoma, want to erect some sort of a manufacturing plant in this city, which, the firm says, "will do a great deal towards the upbuilding of Portland and the Willamette Valley." But as the Tacoma people do not say just what the "upbuilding" plant is to be, Mr. McIsaac has written them for more light on the subject; he wants to be shown.

BEAUTIFUL WOODS FROM MARSHFIELD

Samples of Coos Bay Timber Products Received at Information Bureau.

A huge easel, over eight feet in height, containing one of the most beautiful collections of Oregon woods ever displayed in Portland, has just been received from Coos Bay by the Oregon Information Bureau. The collection consists of 16 specimens, all beautifully polished, and was presented to the bureau by the Marshfield Board of Trade.

The woods are for the most part knotty specimens, much prized for veneering purposes. The pieces are horizontal cuts from the stumps and the coloring and grain is well brought out by the polishing. The most striking piece in the collection is a huge myrtle slab, irregular in shape, of a deep, rich mottled brown and black color and over six feet broad. A specimen of maple burl is a very beautiful part of the huge easel.

The woods mounted on the easel are: Maple burl, curly white maple, chittim wood, alder, myrtle slab, curly red fir, vertical grain fir, curly myrtle, slash grain fir, curly red maple, curly white cedar, slash grain spruce, vertical grain red cedar, white cedar burl, white cedar and black myrtle.

Minerals From Baker County.

Office Secretary George G. Birrel this morning unboxed a cabinet of minerals from the White Swan and Virtue mining district in Baker County. The collection consists of ores from 25 different properties, each labeled and reposing in a bed of cotton. A box of unlabeled ores from Baker County was also received.

Among the recent vegetable additions to the bureau's rapidly growing exhibits is a huge white raddish from Clackamas County. The monster root is 19 inches in length and, with its top, extends over a yard along the table. It is 18½ inches in circumference at the largest part.

TEN STRIKERS KILLED

Troops Attempt to Disband Body of Men in Act of Stopping Train.

(Journal Special Service.)

ST. PETERSBURG, July 31.—Soldiers fired a volley into the ranks of striking workmen on the Tiflis-Batoum Railway Wednesday which resulted in the death of 10 of the latter. The strikers had attempted to stop a train and had been notified by the authorities to desist. This they failed to do and when the soldiers appeared they were greeted by a fusillade of stones. The strikers were told to withdraw, and again they refused to do so, when the command was given, with the results stated.

The Last Day of the Great Store, Mill and Factory Sale

Every advertised value of the week is on, and thousands of them not advertised. Tomorrow will be the biggest bargain day of the whole season, and let us remind you that in trading here, not only on Saturday, but every day of the week, and all the time, you are demonstrating your sympathy with liberal store methods, and helping in our efforts to make pleasanter and easier the conditions of our salespeople. This store, Saturday, as all other evenings, closes at 6 o'clock.

WHITNEY GO-CARTS AND BABY CARRIAGES SHARPLY REDUCED

Fourth Floor—Take Elevator.

For 40 years the Whitney Go-Carts and Baby Carriages have held the lead in all the makes of all the world. With the Whitney Anti-Friction Wheel Fastener, Patent Hub Cap preventing grease or dirt escaping from the axle to soil the clothing of the nurse or baby, Patent Foot Brake and Handsomely Enameled Running Gear and Finish, the Whitney Carriages and Go-Carts are absolutely the best in the world. No other make can compare with them in value.

A GRAND BARGAIN SALE

We merely remind all that first choosers always get best selections. Tomorrow, and until further notice, we will sell

THREE MONTHS TO FINISH NEW ROAD

Carpenters Are at Work on Last Bridge on Electric Line to Springwater.

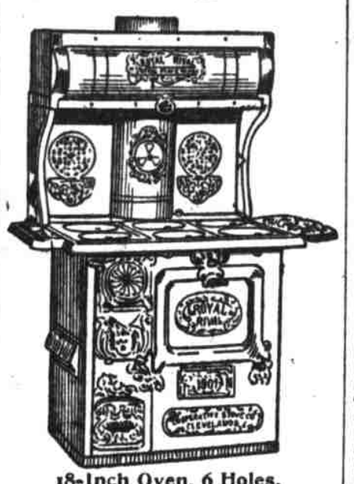
The Oregon Water Power & Railway Company has completed its bridge across Deep Creek on the extension to Springwater, and carpenters are now putting up a bridge over Eagle Creek, seven miles beyond. It will take at least 60 days to complete the Eagle Creek bridge, which is the last one on the line and after that the road will be rapidly completed.

Ties are laid and grading is finished to the terminus, 10 miles beyond Eagle Creek. The work of laying the rails from Deep Creek to Eagle Creek will take about a week. After the last bridge is completed it will take scarcely a month to lay the remaining half score miles of track.

Poles for the overhead wires are being set up and will be in place before the last rails are down.

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Electric Oil. Heals cuts, bruises, stings, sprains, Monarch over pain.

Steel Ranges



18-Inch Oven, 6 Holes.

All Royal Rival Ranges are made of double annealed, leveled steel. The lower bottom plates are double asbestos lined. The grates are removable and can be replaced at any time, and can be used either for wood or coal.

There is nothing better made. Our guarantee goes with every one.

NOW IS THE TIME to buy Steel Ranges — our regular summer prices are in force and the purchasers saves a few dollars.

Two Car Loads

Of these Ranges have just arrived and they are in our show room.
