BROWN'S IRON BITTERS never fails to cure all these diseases.

Boston, November 26, 1881.
BROWN CHEMICAL CO.
Gentlemen:—For years I have been a great sufferer from Dyspepsia, and could get no relief, having tried everything which was recommended) until, acting on the advice of a friend, who had been benefited by BROWN'S IRON BITTERS, I tried a bottle, with most surprising results. Since taking BROWN'S IRON BITTERS, all my troubles are at an end. Can eat any time without any disagreeable results. I am practically another person. MRS. W. J. FYFFE,

Sing a Song of Sixpence.

You all know this rhyme; but have you ever read what it is meant for?

The four-and-twenty blackbirds represent the twenty-four hours. The bottom of the pie is the world, while the top crust is the sky that overreaches it. The opening in the pie is the day dawn, when the birds begin to sing, and surely such a sight is fit for a king.

The king, who is represented as sitting in the parlor counting out his money, is the sun, while the gold pieces that slip through his fingers as he counts them are golden sunshine.

The queen, who sits in the dark kitchen, is the moon, and the honey, with which she regales herself, is the moonlight.

The industrious maid, who is in the garden at work before her king—the sun—is risen, is day dawn, and the clothes she hangs out are the clouds, while the bird, who so tragically ends the song by "nipping off her nose," is the hour of sunset. So we have the whole day, if not in a nut shell, in a pie.

The British Foreign Office, acting upon the conviction that the contemplated blockade by France of Chinese ports would never be respected by English ship-owners, has caused the strongest possible representations to be made to the French government to the effect that such blockade would be almost certain to disturb the peaceful relations of England and France. The French government has been categorically informed that should any British ships be captured while running the blockade by French war vessels, popular agitation would break out in England that would inevitably compel the interference of the British government in such a manner as could not be otherwise than disagreeable to France.

Writing of the progress of the Oregon Short Line, the Boise *Statesman* says: The track is laid and the cars running across the first channel of Snake river at St. Paul. The bridge across the slough next to the Oregon shore will be completed by the first of December, and the bridge near Washoe bottom, where the railroad re-crosses Snake river into Idaho, will be completed by New Year's day. Then there are the bridges across the Fayette and Weiser rivers, which will probably consume another month. At this rate Weiser City will be reached about the middle of February next at the farthest.

Commenting on the action of the legislature the Tacoma *Ledger* says: One of these legal lights was swearing about the streets to-night daunting a legislature that ten days ago passed a woman suffrage law, and today passed another law disfranchising all the women of Seattle. It appears that some amendments were wanted to the Seattle charter, and among other things an election was provided for. The amendments were drafted before the late accession to the voting population was made, and in prescribing the qualification of voters, the odious word "male" was in the bill. It escaped notice and passed both houses.

The estimate of the Eastern Oregon wheat crop this year was less than 150,000 tons, and of this amount 110,000 tons have already been shipped. Good judges estimate that at least 50,000 tons are still held by wheat growers, who are waiting for higher prices.

Oregon can scarcely be counted among the mining states, though the product of gold in 1881 amounted to $1,140,931, of silver $48,981, and pig iron 8,000 tons.

TUTT'S PILLS

TORPID BOWELS, DISORDERED LIVER, and MALARIA.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: **Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, A feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION,** and demand the use of a remedy that acts directly on the Liver. As a Liver medicine **TUTT'S PILLS** have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three **"scavengers of the system,"** producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. **TUTT'S PILLS** cause no nausea or griping nor interfere with daily work and are a perfect

BAD BLOOD

SCROFULOUS, INHERITED, CONTAGIOUS

IN 1870 Scrofulous Ulcers broke out on my body until my breast was one mass of corruption. Some of these ulcers were not less than one and one half inches in diameter, the edges rough, raged and seemingly dead, the cavity open to the bone and filled with offensive matter. Everything known to the medical faculty was tried in vain. Gradually the bone itself became diseased, and then the suffering began in earnest. Bone Ulcers began to take the place of those hitherto on the surface. I became a mere wreck. For months at a time I could not get my hands to my head because of extreme soreness.

COULD NOT TURN IN BED.

Knew not what it was to be an hour even free from pain. Had reason to look upon life itself as a curse. In the summer of 1881, after ten years of this wretched existence, I began to use the CUTICURA REMEDIES, and after two years' persistent use of them the last ulcer has healed. The dread disease has succumbed. All over the breast where was once a mass of corruption is now a healthy skin. My weight has increased from one hundred and twenty-three to one hundred and fifty-six pounds, and the good work is still going on. I feel myself a new man, and all through the Cuticura remedies. JAMES E. RICHARDSON, Custom House, New Orleans.

Sworn to before United States Commissioner. J. D. CRAWFORD.

TO CLEANSE THE BLOOD

of scrofulous, Inherited and Contagious Humors, and thus remove the most prolific cause of human suffering to clear the Skin of Disfiguring blotches, Itching Tortures, Humiliating Eruptions and Loathsome Sores caused by Impure or Poisoned Blood, to purify and beautify the Skin, and restore the Hair so that no trace of the disease remains, CUTICURA RESOLVENT, the new Blood Purifier, Diuretic and Aperient, and CUTICURA and CUTICURA SOAP, the great Skin Cures and Beautifiers are infallible. They are the only remedies that succeed when physicians and all other means fail.

GREAT BLOOD MEDICINES.

The world has not been told as to the great curative powers of the CUTICURA REMEDIES. I have paid hundreds of dollars for medicines to cure diseases of the blood and skin, and never found anything yet to equal the CUTICURA REMEDIES. CHAS. A. WILLIAMS, Providence, R. I.
