SALT MEN ARE TIRED OF LOSING MONEY

INDICATIONS NOW POINT TO TRUCE

REFINERS NOT SEEKING TRADE AT THE PRESENT RULING PRICES—LOSSES ARE TOO HEAVY FOR CONTINUATION OF FIGHT—BUTTER IS FIRMER.

Front Street, May 31.—The principal features of the Portland wholesale markets today are:
Butter market very firm.
Poultry in good demand.
Eggs have an excellent tone.
Improved call for meats.
Two cars bananas arrive.
Strawberries come in faster.
Salt men not seeking trade.
Potatoes sell very low.
California onions drop again.

Salt Men Do Not Seek Trade.

Nowadays there is very little activity in the salt market, the prices being so low that the dealers hardly care to sell at all. One thing is apparent to all—the salt brokers are not running around after business and quotations on the main may be said to be slightly higher. Every ton of salt now being sold amounts to a loss of over $1 to the salt manufacturers and it is for this reason they are not anxious to talk the retailers into buying. During the past four months, according to the large manufacturers of salt, there have been more sales than during the year previous. What orders are now coming in are mainly being filled at advanced figures, as all of them are taken subject to confirmation by the refiners.

Say War Will Soon End.

According to recent advices received from the California salt men the present war will soon be a thing of the past, as both sides are becoming tired of going into their own pockets to pay the jobbers to handle their goods.

Poultry in Good Demand.

With the exception of a slightly weaker tone for old hens, the poultry market has a better tone and as receipts were rather light today the market carried over no surplus. There is an improved demand for the younger fowls and the trade generally is neglecting the hens. The receipts today consisted to a large extent of the latter grade. Some few turkeys arrived and sold at prices unchanged from those previously quoted.

Creamery Butter Very Firm.

The creamery butter market retains its former strong tone with a large amount of business. It is now thought that the market has reached its downward limit and inside of the next few weeks higher prices are possible. As matters now stand the demand from the outside is sufficient to keep the market in good shape at the present prices, but an advance now in the figures would very likely result in surplus stocks. The tone of country store butter is excellent, with the receipts not as large as the demand.

Eggs Have an Excellent Tone.

The receipts of eggs today were quite small with the demand excellent at the ruling prices. Prices today rule between 17½@18c, but a large per cent of the sales are made at the former figure. Stocks are now coming in such a condition that they have to be very carefully handled.

Improved Call for Meats.

For the better class of stocks there is an improved demand today for veal, but some very poor carcasses arrived which had to be dumped. There is a very large amount of veal in cold storage, but buyers as a rule pass these by and pay better figures for the fresh stocks. No hogs are now arriving. Good bull beef is finding a fair call, but as in veal the cold storage product is not wanted. Mutton and lambs continue their former very weak tone.

Strawberries Come in Faster.

The receipts today of strawberries showed a large increase from this state and lower prices are ruling. The arrivals from Hood River are not yet very large and prices stand about the same. California shipped in today some very fair goods, which sold at practically the same figures.

Potatoes Sell Very Low.

In the hands of the dealers potatoes are sprouting very badly and there is a large loss from this source. Today one of the dealers purchased a large lot of fair stock from eastern Oregon at 40c per sack—the cheapest price of late. New potatoes from California are showing every inclination of going higher during the next few days and this may help the old stocks.

California Onions Down Again.

A car load of red onions came in late morning and sold about 5c lower. Dealers are wary of buying very large stocks and are looking for lower figures. Stocks are arriving in good shape.

Merchants' Opinions on Today's Market.

W. B. Glafke Company—Butter market very active, but will not stand any advance; if higher prices rule the demand would fall off.

W. T. Turner & Co.—Not much poultry coming; eggs are coming in rather too much for the demand and market is weaker; otherwise market is the same; no change in country store butter.

Bell & Co.—Two cars of bananas arrived on street today in green but good condition; strawberries coming freely; California red onions lower; car cabbage also arrived.

Chatterton & Co.—Veal and hogs are in somewhat better demand; chickens firm sale; eggs moving all right at market prices; potato market has gone to pieces.

Levy & Spiegl—Two cars of bananas arrived today.

G. S. Smith Company—Two cars bananas came in this morning; car California red onions also; poultry scarce; eggs same.

Malarkey & Co.—No changes in fish situation; Columbia river salmon still scarce.

Boggess & Co.—There were 398 sacks of eastern Oregon potatoes bought on the Alder-street dock Saturday at 40c per sack.

D. E. Meikle—Quite a large amount of Mount Tabor strawberries came in this morning; sold at slightly lower prices.

Davenport-Thompson Company—Very fancy car oranges arrived in today.

Everding & Farrell—We had a veal that had to be dumped this morning on account of its poor condition; quite a lot of this kind of stuff arriving; old chickens quiet; springs are very firm; people are now neglecting the old ones and are calling for the young birds; hogs are steady at lower prices.

Dryer, O'Malley & Co.—New California onions are coming in pretty lively; looks like there will soon be higher prices on new potatoes; this will have tendency to help the old stock; eggs very scarce; chickens also.

Page & Son—Chickens are lower; eggs firm at printed prices; veal is hard to sell at any price.

Toft, Hine & Co.—Business opens out quiet in our lines this morning with no special change in prices.

ABSENCE OF DEMAND IN LIVESTOCK TODAY

Portland Union Stockyards, May 31.—There was no change in the tone of the livestock market from the dullness and lower figures of yesterday. In nearly all lines there is an absence of demand. The receipts consisted of 300 hogs, 75 cattle and 100 sheep. Official ruling prices show:

Cattle—Best eastern Oregon steers, $4.00; best valley steers, $3.65@3.85; medium steers, $3.10@3.25; cows, $3.10@3.25; bulls, $2.00@3.20; stags, $3.00.
Hogs—Best heavy, $5.00; block, $4.95; China fats, $4.80@4.85; stockers and feeders, $4.90.
Sheep—Prices nominal. Best grain-fed wethers and lambs, $2.50; mixed sheep, $1.00@1.50.

EASTERN HOGS STEADY.

Chicago, May 31.—Livestock receipts:

	Hogs.	Cattle.	Sheep.
Chicago	22,000	3,500	12,000
Kansas City	9,000	6,000	8,000
Omaha	10,000	4,000	1,000

Hogs opened steady with 4,000 left over from Saturday. Receipts a year ago were 16,000. Ruling hog prices show: Mixed and butchers, $4.35@4.82; rough, $4.25@4.65; light, $4.35@4.70.
Cattle—Steady to strong.
Sheep—Steady to strong.

San Francisco Grain Market.

San Francisco, May 31.—Close: Wheat—December, $1.31 bid.
Barley—December, 96½c.

OPENING WAS HIGHER BUT CLOSE IS DOWN

(Furnished by Overbeck, Starr & Cooke Co.)
New York, May 31.—Logan & Bryan say: The stock market opened up higher on Saturday's bank statement. This was extremely favorable. The market met with no support, however, from any source and the improvement was lost and it again lapsed into dullness. There seems nothing in sight to relieve this monotony. The uniform and continued loss in earnings which the statements of nearly all the properties show simply reflects the waiting mood of the public in every branch of business. So long as this mood continues they are not likely to be investors in the stock market to any great extent. Stocks may not sell down much but a bull market hardly seems likely and we are inclined to think they may be sold on the rallies. A little later when the conventions have been held, the tickets nominated and the crops harvested, it would not be strange if we had an upward move. We hardly look for it before then.
