If the Nehalem people really want their roads improved, why don't they send in a petition to the county court?

Looking at the splendid exhibit of hops, fruit, vegetables, grain and flax raised in Clatsop county is it any wonder that the farmers and townspeople want good roads?

It is whispered in the hotel corridors that the city council at its next meeting will do something towards the Commercial street extension, or at least that the ducks will all be killed by that time.

The motto of the Progressive Association, "Patronize Home Industry," might well be exemplified by some enterprising merchant building a public landing dock in front of his wharf out of Clatsop lumber and by Clatsop labor.

When the O. R. & N. Oriental steamer Braemar comes down the river on her return voyage to China and stops at Flavel for the first supply of coal ever taken here by a regular liner, it would not be out of place for a delegation to visit the Flavel dock and call upon the captain of the ship. Here is a chance for the Progressive Association.

Now that the labor of gathering together the magnificent exhibit of Clatsop county products and putting them up in creditable show form has almost been completed by the Astoria Progressive Commercial Association and an impetus thereby given to the movement for the development of Astoria, the association will give its more serious attention to the great questions of the hour which must be settled before any real growth can take place in this port. The two principle matters which lie near at hand and demand quick action are the establishment of a government quarantine station in the harbor and the building of a dry dock. Portland has signified her willingness to co-operate and the two cities pulling together can certainly induce congress to take up and complete its unfinished work for the dry dock. Another session of congress will soon open and the matter should be vigorously pushed at the capital, not only by memorials, but by personal representation from the two cities. All know the importance of a dry dock, and that same energy which brought to so successful an opening the exposition of last night will not tire until there is a dry dock here capable of taking care of the battleship Oregon. Another important question which the association should push with vim is the bringing about of such relations between Astoria and Portland merchants, working together for the accomplishment of the greatest good to the whole commonwealth of Oregon, as will make an easy solution of the problem of wheat traffic at Astoria by the transportation lines. It is a fight by all against the other ports of the Pacific coast. Many other lesser questions, but of equal importance in their way, remain to be adjusted, and no doubt all will be handled with intelligence to a successful issue. The Progressive Association is here to stay.

THE TREATMENT OF JURORS.

Within comparatively recent years a marked change in the treatment of jurors has been brought about. Not so many years ago it was customary to send a jury into retirement to deliberate upon a verdict without paying the slightest attention to the physical wants and the personal comfort of the men. They were given nothing to eat and the limit of physical endurance soon brought a verdict or a disagreement.

Nowadays jurors are treated with more consideration. As a rule they have fair meals and passable hotel accommodations during the trial, and their greatest privation is enforced seclusion. When the case is given into their hands, however, in the event of a difference of opinion, as in the Luetgert trial, a severe physical strain sometimes is placed upon them. A jury in a deadlock deserves better treatment than one which is harmonious. It is a mistake to attempt to starve a verdict out of a jury, or by lack of sleep to force an agreement as the only escape from the physical discomfort of the jury-room.

Whenever a juror is called to sit in judgment upon an important issue his mind should be clear and all his faculties alert. Otherwise an injustice is likely to result. It is impossible to appeal successfully to a man's reasoning faculties when he is worn out with fatigue and half asleep. It is impossible to convert a recalcitrant juror when he is half sick and ought to be under a physician's care. Good meals, good beds and good treatment furnish the best remedy for disagreements in the jury-room.

A mirror could not lie if it wanted to. The glass has nothing to gain by flattery. If the roses of health and plumpness of beauty are leaving your face, your mirror will tell you so. Health is the greatest beautifier in the world. When a woman sees the indications of ill-health in the face, she may with almost absolute certainty look for the cause in one or both of two conditions—constipation, and derangement of the organs distinctly feminine. Dr. Pierce's Favorite Prescription will cure permanently and positively any so-called "female complaint." Dr. Pierce's Pleasant Pellets will cure constipation. There is no reason in the world why a woman should not be perfectly healthy. She will gain in health, strength and flesh. Hollows and angles will give place to fullness and grace. She will be the noblest and most beautiful of all creation—a perfect woman.

Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008-page "Common Sense Medical Adviser," profusely illustrated.

It is very lovely to feel that you are going to have a smart new frock, but don't you always imagine you look like a rag bag when you come forth from tailor or modiste after a fitting?

A SYNDICATE TO PURCHASE KLONDYKE CLAIMS.

Late advices from London confirm rumors that have heretofore reached this side of the Atlantic that a financially powerful syndicate is in process of formation in England, France and Germany to buy all the paying claims of miners in the Klondyke region. Of course this lead to a vast amount of speculative valuation, but there is a claim in the Klondyke, as elsewhere, which it is impossible to underestimate, and that is the claim of Hostetter's Stomach Bitters to the foremost place among American remedies for liver complaint. The bilious and constipated derive prompt relief from this genial alterative, which remedies nausea, yellowness of the skin and eyeballs, fur upon the tongue, and unpleasant odor of the breath that characterize biliousness. It also remedies and prevents malarial and rheumatic ailments, kidney trouble, lack of stamina, dyspepsia and nervousness. Like all standard remedies that have established themselves in popular favor, it deserves a fair and persistent trial.

Take a ride into the suburbs on a trolley car Sunday afternoon if you wish to see genuine parental joy as exemplified by the young father with his offspring out for an airing.

We know whereof we affirm when we state that Ayer's Pills, taken promptly at the first symptoms of colds and fevers, arrest further progress of these disorders, and speedily restore the stomach, liver and bowels, to their normal and regular action.

When one discovers that a tiny neck scarf of Russian sable costs $175 it is not hard to guess why there are so many confirmed bachelors.

In many cases the first work of Ayre's Sarsaparilla is to expel the effects of the other medicines that have been tried in vain. It would be a saving of time and money if experimenters took Ayer's Sarsaparilla at first instead of at last.

And now we are dubbed "the unquiet sex."

Mary, Queen of Scotts, whose hair turned gray through fright, might have restored its color, had some preparation like Hall's Hair Renewer been known then.

Furs looked a wee bit more seasonable yesterday.

General Debility and Loss of Flesh

Scott's Emulsion has been the standard remedy for nearly a quarter of a century. Physicians readily admit that they obtain results from it that they cannot get from any other flesh-forming food.

There are many other preparations on the market that pretend to do what

SCOTT'S EMULSION

does, but they fail to perform it. The pure Norwegian Cod-liver Oil made into a delightful cream, skillfully blended with the Hypophosphites of Lime and Soda, which are such valuable tonics, makes this preparation an ideal one and checks the wasting tendency, and the patient almost immediately commences to put on flesh and gain a strength which surprises them.

Be sure you get SCOTT'S Emulsion. See that the man and fish are on the wrapper.

50c. and $1.00, all druggists.

SCOTT & BOWNE, Chemists, New York.

Pousse Pâté...

And why not a pie-pusher as well as a coffee-pusher? It's far more necessary. Do you suffer with dyspepsia? Ayer's Cathartic Pills will cure you. Take a

PILL AFTER PIE.

And now there is the football face, the tobacco face, and the smelling salts countenance. It seems as though almost every one were wearing a mask—and that's no joke.

CASTORIA.

The fac-simile signature of Chas. H. Fletcher. is on every wrapper.

You may think you are not in vain, but you can't help thrilling just a little bit when the modiste who takes your measure declares your figure to be all that it should be.

J. M. Thirswend, of Grosbeck, Tex., says that when he has a spell of indigestion and feels bad and sluggish, he takes two of DeWitt's Little Early Risers at night, and he is all right, the next morning. Many thousands of others do the same thing. Do you? Chas. Rogers.

Thoughtlessness costs the love of human hearts sometimes.

Small pill, safe pill, best pill. DeWitt's Little Early Risers cure biliousness, constipation, sick headache. Charles Rogers.

The colored silk purse with gold mounting has supplanted the silver one on the chain that the girl of fashion wears around her neck.

Warning.—Persons who suffer from coughs and colds should heed the warnings of danger and save themselves suffering and fatal results by using One Minute Cough Cure. It is an infallible remedy for coughs, colds, croup and all throat and lung troubles. Chas. Rogers.

A sense of humor may be a safeguard against folly, but it is also the death knell to sentiment when it crops out at the wrong time.

CASTORIA.

The fac-simile signature of Chas. H. Fletcher. is on every wrapper.

And now the man with an undying love for his wife brings in the plants at night and trots them out again in the morning.

There is no need of little children being tormented by scald head, eczema, and skin eruptions. DeWitt's Witch Hazel Salve gives instant relief and cures permanently. Charles Rogers.

The too brilliant woman tires one. It is like looking at the sun to listen to her continual conversational pyrotechnics.

You can't cure consumption but you can avoid it and cure every other form of throat or lung trouble by the use of One Minute Cough Cure. Charles Rogers.

Strange as it may seem the tailor made gown has added to the popularity of the fancy bodice.

Disfigurement for life by burns or scalds may be avoided by using DeWitt's Witch Hazel Salve, the great remedy for piles and for all kinds of sores and skin troubles. Charles Rogers.

The surest way to win popularity with the opposite sex is never to disparage your own.

The fac-simile signature of Chas. H. Fletcher. is on every wrapper.

Gold and enamel toilet sets are replacing those of silver on my lady's dressing table.

You can't afford to risk your life by allowing a cold to develop into pneumonia or consumption. Instant relief and a certain cure are afforded by One Minute Cough Cure. Charles Rogers.

The very newest idea in furs is in fichu form with no standing collar.

Those who believe chronic diarrhoea to be incurable should read what Mr. P. E. Grisham, of Gaars Mills, La., has to say on the subject, viz.: "I have been a sufferer from chronic diarrhoea ever since the war and have tried all kinds of medicines for it. At last I ound a remedy that effected a cure and that was Chamberlain's Colic, Cholera and Diarrhoea Remedy." This medicine can always be depended upon for colic, cholera morbus, dysentery and diarrhoea. It is pleasant to take and never fails to effect a cure. 25 and 50 cent sizes for sale by Estes-Conn Drug Co.

The best way to make a cosy corner is to put a pretty girl into it.

A pain in the chest is nature's warning that pneumonia is threatened. Dampen a piece of flannel with Chamberlain's Pain Balm and bind over the seat of the pain- and another on the back between the shoulders, and prompt relief will follow. Sold by Estes-Conn Drug Co.

It was a Philadelphia girl of great culture who could not bring herself to familiarly saying microbes, but astonished her friends and satisfied herself by dubbing them Michael-robes.

J. C. Berry, one of the best known citizens of Spencer, Mo., testifies that he cured himself of the worst kind of piles by using a few boxes of DeWitt's Witch Hazel Salve. He had been troubled with piles for over thirty years and had used many different kinds of so-called cures; the work and he will verify this statement, but DeWitt's was the only one that did ment if any one wishes to write to him. Chas. Rogers.
