WEATHER REPORT.

Weather conditions and general forecast for Oregon, Washington and Idaho.—Fair weather prevails generally in the United States, except along its southern border, from the Atlantic to the Pacific, where it is quite unsettled. Rain has fallen in the Gulf states and there are indications of a disturbance of some severity off the southern California coast. Heavy frost is reported in the northern portion of the New England states, and the temperatures in the Red River valley of the North, eastern South Dakota, Nebraska, Kansas and Missouri are about five degrees below normal. At San Francisco it is 18 degrees warmer than yesterday, while in the Northwest states no marked changes in temperature have occurred.

The indications are for generally fair weather in this district tonight and Thursday. It will be slightly cooler in southeastern Washington, eastern Oregon and southern Idaho.

FOR LAYING MINES IN PUGET SOUND

QUARTERMASTER GRANT ASKS FOR BIDS FOR THE CONSTRUCTION OF BOATS TO BE USED IN THE PLACING OF SUBMARINE DEFENSES IN THE NORTHWEST.

(Special Dispatch to The Journal.)

Seattle, Wash., Sept. 7.—Acting under directions received from Washington, D. C., Quartermaster Grant yesterday inserted an advertisement for bids for the construction of 15 boats to be used in laying submarine mines about all the Puget Sound forts. The tenders will be opened here September 26. According to the specifications each of the boats will be 20 feet over all, with a six-foot beam. They will be constructed of wood and made capable of standing heavy weather.

In army circles the utmost reticence is maintained regarding the purpose of the vessels and answers to all inquiries are made by showing the specifications, which do not indicate other than that the boats are for laying mines. However, from reliable sources it is learned that the intention of the government is to have the boats on Puget sound ready to lay mines about the various forts at a moment's notice. In this way in the event of war being declared against the United States there would be no delay in protecting the north coast fortifications and make the entrance of a hostile fleet into the waters of Puget sound an impossibility.

The announcement of the calls of the government brought up a question as to whether or not there were any mines in these waters at the present time. Particularly was the question applied to the straits.

It is hinted that such might be the case, the location being such as to cause no hazard to shipping. The officers refuse to answer any questions, saying that it is against the rules of the department to give out any such information.

KEEPER ELOPES WITH A HELPLESS CRIPPLE

(Journal Special Service.)

San Bernardino, Cal., Sept. 7.—One of the most remarkable elopements ever recorded took place here Sunday night. Roscoe Humphreys, a livery stable man, ran away with Mrs. M. E. Carter, a widow, who is a helpless cripple, and was an inmate of the county hospital. Humphreys was an attendant at the hospital and met Mrs. Carter, who is remarkably pretty despite her infirmity. He fell in love with her and his affection was returned. The wedding will take place tomorrow at Long Beach. Mrs. Carter is unable to move except in a wheel chair.

ADDITIONAL SPORTING

FAIR GROUNDS AT CENTRALIA.

(Special Dispatch to The Journal.)

Centralia, Sept. 7.—Work is progressing favorably on the race track and stables of the Western Washington Live-stock and Agricultural association. The stables are being made to accommodate 100 horses. The track and grandstand will be completed in time for their races which the association intends to hold on the 10th of this month.

Next year a fair, lasting several days, will be held in Centralia, the plans of the association being similar to those of the Puyallup fairs. The Centralia Gun club has leased part of the fair grounds and the baseball club will probably have their diamond there also next year.

PENN STARTS PRACTICE.

(Journal Special Service.)

Philadelphia, Sept. 7.—Candidates for the University of Pennsylvania football eleven reported for work today. Though they are the first of the big university teams to begin work, the date is not considered an early one, in view of the fact that the eleven has its first game scheduled for September 24. A majority of last year's players have returned and the outlook for a successful team is considered bright by the coaches and athletic authorities of the university. The players will get into condition at the old training quarters at Franklin field.

SPORTS ARE DISAPPOINTED.

(Journal Special Service.)

Philadelphia, Sept. 7.—There is much disappointment in local sporting circles because of the abandonment of the Corbett-O'Brien fight, which was to have taken place at the Tuxedo Athletic club tonight. It is likely that an effort will be made to have the city authorities reconsider their refusal to issue a permit, so that the bout may be pulled off at a later date.

CENTRAL NEW YORK GOLF LEAGUE

(Journal Special Service.)

Auburn, N. Y., Sept. 7.—The annual tournament of the Central New York Golf league opened auspiciously today on the links of the Owasco Country club. The participants include representatives of the golf clubs of Elmira, Albany, Watertown, Schenectady, Syracuse, Utica and Auburn. The tournament will continue through the remainder of the week.

RACING MAN DROPS DEAD.

(Journal Special Service.)

Chicago, Sept. 7.—John Shields, of Oakland, Cal., the owner of a racing stable and well known in sporting circles, died suddenly of heart disease early this morning at the Hotel Warner. Shields arose at 4 o'clock to get some medicine, and while his room-mate was preparing it he dropped dead.

Why don't you go after the next special prize. It is to be awarded to the nearest correct estimate received before September 16. Two prizes on one guess is what you have a chance to win if you send in your estimate at once. See the Presidential contest in this issue.

$10.00 Complete Life Readings for This Week Only $1

Read carefully. An honest proposition. You to be full judge.

Extraordinary clairvoyant power, combined with his superior knowledge of occult forces, enables him to read human life with unerring accuracy from infancy to old age. His powers are wonderful and indisputable; his advice is reliable; his information clear, concise and to the point in Love, Courtship, Marriage, Divorce, Sales, Wills, Patents, Journeys, Pensions, Investments, Speculations, Property, Insurance, Mortgages, Oil and Mining Claims, Diseases, etc., etc.

Without Asking a Question.

Without any previous knowledge, and having no natural means of knowing who you are, whence or for what you came, he tells your name, age, occupation, where you live. He tells you of friends and enemies; who is true and who is false; tells you whom and when you will marry, giving names, dates, facts and locations, taking no fee in advance, and accepting none unless satisfaction is given.

$500.00 Forfeit.

I will forfeit $500 where I fail to teach you how to fascinate anyone you desire, how to make your enemies your friends, cause a speedy marriage with the one of your choice, give you good luck and make you successful in your business, remove evil influences, reunite the separated, give you lucky numbers, locate the earth's buried treasures, settle the old estates that time has placed beyond the lawyer's shrewdness, and positively complete your business.

He has been for years a resident of New York City. Sir Francis Drake is the original who predicted the Chicago fire and the great Galveston flood several months before they happened; he predicted the Oregon flood, and amongst President McKinley's papers was found a letter predicting his assassination. These reading of the tragedy may have seen also an account of this letter.
