WYOMING BATTALION.

San Francisco, May 24.—The latest arrivals at the military camp at the Bay District track are comfortably quartered, although Utah and Wyoming are somewhat short of tents. Wyoming has the promise of the government that its solitary battalion shall not be put in to fill up a regiment, but will go into service as an independent battalion. It has assurance also that it and the Utah batteries will be sent away together about the first of June.

Idaho and Kansas are the two camps that lack equipment. Idaho has only three companies uniformed. When a rumor arrived that, all unequipped as they are, the Idaho men were to sail for Manila at once, the camp was audibly glad.

"That's good news," grinned a big private, "the sooner the better."

The sandy ground on which the camp is situated is too soft for drilling purposes. The Utah batteries are unable as yet to use their guns and the carriages are sunk deep in the sand. The horses have not yet arrived, and there is but one equine in the camp, a beautiful racking pacer, presented to Captain Young by the Salt Lake City bar.

The Minnesota men have a beautiful camp but they pine for a competitive drill with some company. They say they are prepared to meet all comers and are prepared to match 50 of their men against 50 sharpshooters from any other regiment.

Colonel J. F. Bratt, in command of Nebraska's regiment, was presented with a trestle by Phillip A. Williams.

Many of the officers have very fine horses, which they are going to take to Manila if allowed to do so.

Colorado is distinguished by its beautiful flags. It has the only garrison flag in the camp, and its hospital flags are unusually beautiful. Colorado is unique in having a yellow fever nurse who knows all about the disease and a cook who has cared to yellow fever patients. Colorado has also a hospital corps which is made up entirely of physicians and pharmacists.

The chief surgeon, Major Parkhill, gave up a $10,000 practice to enlist.

Private Henry of Minnesota is ill with typhoid fever, but is expected to recover.

PHILIPPINE FORCES ORGANIZED.

San Francisco, May 24.—An order has been issued by General Merriam, commanding the department of California, transferring all the troops now here with the exception of the Third artillery, Fourth cavalry and the First Washington volunteers, to General Otis command, is the preliminary step in the thorough organization of the forces destined for the Philippines. General Otis and his staff are now actively engaged in arranging for the work and within a day or two his headquarters will be removed from the Phelan building to Camp Richmond. The general and his staff will go into camp with the troops living under canvass with the others and his first work will be the organization of the troops into brigades. The men will be thoroughly drilled before their departure for the Philippines.

MANGROVE CAPTURED.

Chicago, May 24.—A special to the Chronicle from Key West says:

It is rumored here that the lighthouse tender Mangrove has been captured by the Spaniards. The little vessel is said to have been picked up by a Spanish gunboat off the coast of southern Cuba, where it was supposed she was grappling for the Santiago cable to cut off communication from Madrid. The Mangrove was especially equipped for the service. All attempts to obtain confirmation of the capture have been without success.

GOVERNMENT NOT RESPONSIBLE.

Washington, May 24.—The state department has made a formal response to the Austrian government in regard to the Hungarians killed at Hazleton, Pa., in the riots last fall. The governor holds that it was not responsible under the circumstances for the killing.

CHARLESTON HEARD FROM.

San Francisco, May 24.—The following was brought to the Examiner office by a carrier pigeon:

"On board the U. S. S. Charleston, in a. m. Sunday, May 22.—Grison, naval pay office, San Francisco: Please report us now passing lightship. Good weather; all well. HENRY GLASS."

Seems as if all the things we like disagree with us, and all the things we don't like, agree with us. Dyspepsia lurks in most of the good things we eat, and indigestion follows the gratification of appetite. Of course it isn't nature's fault. Nature does the best she can, and if a man will only help her a little bit at the right time, he may eat what he likes and as much as he likes. Dr. Pierce's Pleasant Pellets are for the people who are troubled with indigestion. Particularly for those in whom it manifests itself in the form of constipation. The "Pellets" are quick and easy in their action. They are in perfect harmony with nature. They effect a permanent cure. You need take them regularly only a little while. After that, use them occasionally when you need them—when you have eaten anything that disagrees with you. They may be taken just as freely as you would take water or any other necessity of life. Once used they are always in favor.

As a rule so-called common sense is in reality uncommon.

YELLOW JAUNDICE CURED.

Suffering humanity should be supplied with every means possible for its relief. It is with pleasure we puplish the following: "This is to certify that I was a terrible sufferer from Yellow Jaundice for over six months, and was treated by some of the best physicians in our city and all to no avail. Dr. Bell, our druggist, recommended Electric Bitters; and after taking two bottles, I was entirely cured. I now take great pleasure in recommending them to any person suffering from this terrible malady. I am gratefully yours, M. A. Hogarty, Lexington, Ky." Sold by Estes-Conn Drug Co.

Guitar and banjo attachments can now be placed on any piano.

ANOTHER CASE OF RHEUMATISM CURED BY CHAMBERLAIN'S PAIN BALM.

My son was afflicted with rheumatism which contracted his right limb until he was unable to walk. After using one and a half bottles of Chamberlain's Pain Balm he was able to be about again. I can heartily recommend it to persons suffering from rheumatism.—John Snider Freed, Calhoun Co., W. Va. For sale by Charles Rogers, druggist.

Our Special Transportation Offer

is the best now before the public.

Send for free copy of The Alaska News, and also for our special offer, including transportation to the Klondike and food for one year for six hundred dollars. This will interest you if you intend going; if not, our stock offer should interest you, and you should become one of our stockholders.

A limited amount of stock has just been assigned to the western agency for sale at $1 per share. A man or woman of small means has the same opportunity as a rich person. If you cannot go to Aaska nothing should prevent you being a profitable shareholder.
