ROOSEVELT'S APPEAL TO ILLINOIS.

Chicago Times-Herald:

Governor Roosevelt used an illustration at Galesburg which will make many a son of Illinois feel his responsibility to the government in the matter of the Philippines as he has never felt it before. "Suppose," said the gallant rough rider, "suppose Grant and Lincoln were here today, what would they do? What would Lincoln do? What would Grant do? Would they uphold the president or would they attempt to pull him down? Help President McKinley now to play the part that Lincoln and Grant did in '64 and '65."

Years of loving and deserved eulogy came to the speaker's aid with these words. There was not one of his auditors who did not hold it as a first article of faith that Lincoln and Grant were among the first of national benefactors and heroes. And with all the differences between '65 and '98 it was manifest that President McKinley stood for the national authority today as they did in the great crisis of the rebellion. Sophistries were dispelled by the governor's questions and by this telling appeal:

Show by your deeds in the present that you feel more than a lip-loyalty to the mighty past. Just so long as there stands a foe with arms in hand no treating for peace. As soon as the arms are laid down deal with them in all honor and equity, showing special consideration for the weak. When face to face with an armed force we must know no distinction of parties. When you get down to the water line the president stands for all men and no party.

The response of a throng of listeners proved that the patriotism of Illinois reaches to the water line and scorns the boundaries of the state.

THE CRIME OF 1896

A dispatch from Johnstown, Pa., tells that the Cambria Steel Company has posted notices of "a general advance of wages of 10 per cent." It adds that "about 8000 men are affected by the advance." A few days ago an announcement was made that "an advance, amounting on the average to about $1 a day, had been declared in the wages of 45,000 iron and steel workers." Nearly every day for months past there have been notices like these in the daily papers of the country. The democratic and populist papers are afraid to omit these notices of wage advances. They know, however, that they are death to their parties. They make no comment upon them.

A "famine in the iron market" is also announced. This means that though the iron and steel workers of the country are busier than they ever were before, they can not meet the demand. The output of pig iron and of the various iron and steel fabrics has touched the highest figures ever reached in this or any other country. The report that there is a "famine" in the market, that the demand far outruns the supply, shows that a further large increase in production will have to be made if the orders which are rushing in are to be filled. In a general way this is the case with all the important industries. Nobody ever saw before in the United States such an activity in the principal branches of trade. Nobody ever before saw so many wage advances in the same time as take place every week these days.

Not only are the ordinary wage workers benefited by the change which has come through the advent of the republican party to power, but farmers are also aided. The prices of all farm products are much above the line at which they stood a year ago. They were higher then than they were in 1896. Every person who works with his hands or his head throughout the United States is helped by the republican prosperity which has come to the country. Men buy more commodities because they get more wages. They get more wages now than they did at the latter part of last year. Some of them are likely to get still more before next year ends. More than 2,000,000 wage workers of the United States have had their income largely increased since the days of 1896, when the Bryanite reign of industrial terror was under way. Between $2,000,000 and $3,000,000 more wages is disbursed to the workers of the country every day at present than was given at the time that the republican party was making its canvass three years ago. The country hears nothing of the "crime of 1873" these days. It is the crime of 1896—the immense advance in the wages of the vast majority of American workers in all the industries and the general high tide in the wave of republican prosperity that is sweeping over the country—which is disturbing the democratic party today.

ONLY ONE CURE FOR SCROFULA.

S. S. S. Is the Only Remedy Equal to this Obstinate Disease.

There are dozens of remedies recommended for Scrofula, some of them no doubt being able to afford temporary relief, but S. S. S. is absolutely the only remedy which completely cures it. Scrofula is one of the most obstinate, deep-seated blood diseases, and is beyond the reach of the many so-called purifiers and tonics because something more than a mere tonic is required. S. S. S. is equal to any blood trouble, and never fails to cure Scrofula, because it goes down to the seat of the disease, thus permanently eliminating every trace of the taint.

The serious consequences to which Scrofula surely leads should impress upon those afflicted with it the vital importance of wasting no time upon treatment which can not possibly effect a cure. In many cases where the wrong treatment has been relied upon, complicated glandular swellings have resulted, for which the doctors insist that a dangerous surgical operation is necessary.

Mr. H. E. Thompson, of Milledgeville, Ga., writes: "A bad case of Scrofula broke out on the glands of my neck, which had to be lanced and caused me much suffering. I was treated for a long while, but the physicians were unable to cure me, and my condition was as bad as when I began their treatment. Many blood remedies were used, but without effect. Some one recommended S. S. S., and I began to improve as soon as I had taken a few bottles. Continuing the remedy, I was soon cured permanently, and have never had a sign of the disease to return." Swift's Specific—

S. S. S. FOR THE BLOOD

—is the only remedy which can promptly reach and cure obstinate, deep-seated blood diseases. By relying upon it, and not experimenting with the various so-called tonics, etc., all sufferers from blood troubles can be promptly cured, instead of enduring years of suffering which gradually but surely undermines the constitution. S. S. S. is guaranteed purely vegetable, and never fails to cure Scrofula, Eczema, Cancer, Rheumatism, Contagious Blood Poison, Boils, Tetter, Pimples, Sores, Ulcers, etc. Insist upon S. S. S.; nothing can take its place.

Books on blood and skin diseases will be mailed free to any address by the Swift Specific Company, Atlanta, Georgia.

Our own happiness would make a wilderness bloom like a rose.

Pneumonia, la grippe, coughs, colds, croup and whooping cough readily yield to One Minute Cough Cure. Use this remedy in time and save a doctor's bill—or the undertaker's. Charles Rogers.

You do not have to be very observant to know with your eyes shut when it is a colored person who laughs.

By allowing the accumulation in the bowels to remain, the entire system is poisoned. DeWitt's Little Early Risers regulate the bowels. Try them and you will always use them. Charles Rogers.

If a man's hat blows off all the passers-by will stand stock still to watch him run after it, but not one will attempt to stop it.

It is perfectly hopeless to expect that the meals will be bountiful in a house that has a motto in the dining room, "Man Wants But Little Here Below."

It doesn't seem right for men to have naturally curly hair.

Don't think you can cure that slight attack of dyspepsia by dieting, or that it will cure itself. Kodol Dyspepsia Cure will cure it; it "digests what you eat," and restores the digestive organs to health. Charles Rogers.

Many persons are so ready to give good advice when a beefsteak would do much better missionary work.

If you have piles, cure them. No use undergoing horrible operations that simply remove the results of the disease without disturbing the disease itself. Place your confidence in DeWitt's Witch Hazel Salve. It has never failed to cure others; it will not fail to cure you. Charles Rogers.

The self-made man ought never to put on airs, as it rarely happens that his work rises above the amateur class.

J. D. Bridge, editor and proprietor of the Democrat, Lancaster, N. H., says: "I would not be without One Minute Cough Cure for my boy, when troubled with a cough or cold. It is the best remedy for croup I ever used." Charles Rogers.

"Which Wins?"

In nearly every man's career there comes a time when he stands between the angel of life and the angel of death, both contending for his mortal frame, and the question arises, "Which wins?" Will he be carried away by disease and death or will the angel of life prove the stronger and bring him back to health and happiness? When a man's energy and physical force have gradually and wastefully weakened down to the lowest ebb, until perhaps consumption has already laid its grim hand upon him, and doctor after doctor and medicine after medicine have been tried in vain—now, perhaps, comes some kind friend who says, "Dr. Pierce can cure you, write to him. His 'Golden Medical Discovery' has rescued thousands who were further gone than you."

He is chief consulting physician of the Invalids Hotel and Surgical Institute, of Buffalo, N. Y.; he has been at the head of this great Sanitarium for thirty years; he has probably had more experience in treating severe chronic diseases than any other physician living. Write to him anyway, that will cost you nothing. He will gladly and freely answer your letters with friendly, fatherly advice which will be of value beyond all price.

Now is the critical instant. Will the patient give up in despair and let the angel of disease drag him away from wife and family and children, or will he grasp the hand of the angel of life in one more supreme effort for restoration? Are you standing between the contending angels? Which wins?

Mrs. Emily Howe, of 7 Park Avenue, Chicago, Ills., writes: "About two years ago my son was afflicted with what seemed to be symptoms of consumption. I purchased three bottles of Dr. Pierce's Golden Medical Discovery and it cured him completely."

The People's Common Sense Medical Adviser, a 1000-page illustrated volume by R. V. Pierce, M. D., will be sent free for cost of mailing only,—21 one-cent stamps. Address Dr. Pierce, Buffalo, N. Y. Or send 31 stamps for a heavier cloth-bound copy.

The bargain in the thing you want is generally advertised the day after you have bought it at the regular price.

Some of the results of neglected dyspeptic conditions of the stomach are cancer, consumption, heart disease and epilepsy. Kodol Dyspepsia Cure prevents all this by affecting a quick cure in all cases of dyspepsia. Charles Rogers.

Sympathy is really putting ourselves in someone else's place. This does not mean, however, trying to get another's job.

It makes no difference now bad the wound if you use DeWitt's Witch Hazel Salve; it will quickly heal and leave no scar. Charles Rogers.

DEAFNESS CANNOT BE CURED

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
