NOTICE OF SHERIFF'S SALE
BY VIRTUE of an execution on foreclosure duly issued out of and under the seal of the Circuit Court of the State of Oregon, in and for the County of Jackson, to me directed and dated on the 2nd day of December, 1925, in a certain action therein, wherein Grace E. Dickey, as Plaintiff recovered judgment against Arthur S. Wells, and Martha Wells, his wife, John E. Moore, E. F. Heath and ..... Heath, his wife, the defendants, for the sum of Fifteen hundred and no-100 ($1500.00) dollars, with interest thereon from the 14th day of September, 1924 at 8 per cent per annum and the further sum of Thirty-eight and 53-100 ($38.53) dollars with interest at 8 per cent per annum from April 4th, 1923, and the sum of Fifteen and 85-100 ($15.85) dollars, with interest at 8 per cent from September 15, 1923, and the further sum of Forty-five and 50-100 ($45.50) dollars costs and disbursements and the further sum of One hundred fifty and no-100 ($150.00) dollars as attorney's fees, which judgment was enrolled and docketed in the Clerk's office of said Court in said County on the 23rd day of November, A. D. 1925.

Notice is hereby given that, pursuant to the terms of the said execution, I will on the 9th day of January, A. D. 1926, at 10.00 A. M. at the front door of the Courthouse in the City of Jacksonville, in Jackson County, Oregon, offer for sale and will sell at public auction for cash to the highest bidder, to satisfy said judgment, together with the costs of this sale, subject to redemption as provided by law, all of the right, title and interest that the said defendants, Arthur S. Wells and Martha Wells, had on the 14th day of September, 1923, or now have in and to the following described property, situated in the County of Jackson, State of Oregon, to-wit:—

Beginning at the southeast corner of the southwest quarter of section 5, township 39, south range 1, east of the Willamette Meridian, Oregon; thence west 10 chains; thence north 10 chains; thence north 89 degrees 54' east to the east line of said section, 10 chains; thence south 10 chains to the place of beginning, containing 10 acres, more or less, all in Jackson County, Oregon.

Also, an easement for a right of way from aforesaid premises for the purpose of maintaining the pipe line for water purposes.

Excepting and reserving from the above premises a strip 15 feet wide for road purposes along the east and south sides.

Dated at Jacksonville, Oregon, this 7th day of December, A. D. 1925.

RALPH G. JENNINGS,
Sheriff of Jackson County, Oregon.

NATION IS IN GREAT ERA OF PROSPERITY

(Continued From Page Two)

law deprives citizens of this country "of the comfort and society of those bound to them by close family ties, such modifications should be adopted as will afford relief, always in accordance with the principle that our government owes its first duty to our own people."

National Defense

"Never before in times of peace has our country maintained so large and effective a military force as it now has." It is "well trained, well equipped and high in morale." A law should be adopted "giving broad authority for mobilization in time of peril of all resources of the country, both persons and material." No radical change in the organization of the air service "seems necessary." The War, Navy and Commerce departments should be provided each with an additional assistant secretary "not necessarily with statutory duties, but who would be available under the direction of the secretary to give special attention to air navigation." Two additional brigadier generals should be provided for the army air service. Temporary rank corresponding to their duties should be awarded to active flying officers in both the army and navy.

Veterans

The budget expenditure of $650,000,000 for veterans should be sanctioned. Minor administrative changes suggested by veterans organizations should be enacted. The hospitalization program should be completed.

Federal Trade Commission

"If performs a useful function and should be continued and supported." Recent changes in rules should be made permanent.

Reorganization

Enactment of the long pending bill for reorganizing government departments should no longer be delayed.

The Negro

"They should be protected from all violence. Our country has no more loyal citizens. * * * Those who do violence to them should be punished for their crimes."

Then in conclusion the President declared, "we are reaching into an era of great prosperity."

"It will be continued only so long as we shall use it properly," he warned. "If the people have sufficient moderation and contentment to be willing to improve their conditions by the process of enlarging production, eliminating waste, and distributing equitably, a prosperity almost without limit lies before us."

Agriculture

A bill which is being prepared to enable the Agriculture department to help cooperate marketing should be adopted. Present federal aid agencies should be continued. Farmers themselves "do not wish to have meddling on the part of the government or to be placed under the inevitable restrictions involved in any system of direct or indirect price fixing, which would result from permitting the government to operate in the agricultural markets." There is "every reason to suppose that a new era in agricultural prosperity lies just before us, which will probably be unprecedented."

Muscle Shoals

This issue has been given too much importance, because the property does "not present in market value much more than a first class battleship." It ought to be developed for production of nitrates primarily, and incidentally for power purposes. A small joint special committee of the house and Senate should be appointed to receive bids, report the best bid with recommendations to Congress and Congress should then pass a law selling the plants to the highest bidder.

Reclamation

This work should be carried on and the coming report of the special investigating committee should form the basis for any legislation. States should be "required to exert some effort and assume some responsibility" especially in securing settlers and developing farms.
