VOTERS ASK TO CONDEMN THE BILL

Million - Dollar Appropriation Measure is Classed as Extravagant and Unjust.

YAMHILL COMMITTEE DRAFTS AN APPEAL

While Many Items Are Meritorious, They Are Coupled With Objectionable Ones.

(Special Dispatch to The Journal.)

McMinnville, Or., Mar. 3.—The committee recently appointed to draft an appeal to the voters of Oregon, urging $1,000,000 house appropriation bill, has decided upon an appeal which reads as follows:

"When any number of citizens desire to invoke the referendum upon the acts of the legislature, a candid statement of their reasons for such a course should be made to the voters who will be called upon to render judgment at the ballot box. It is not the purpose of the committee to further or to decry the interest of any politician or political party, nor to unduly censure the legislature that passed the act in question, was only practicing the same methods, perhaps in a greater degree, that has characterized all preceding legislatures. Nor do we intend to inaugurate a needless crusade against state institutions that are entitled to ample support and careful maintenance, but the extravagances and abuses that are continually creeping into our biennial appropriations calls for an emphatic veto at the ballot box.

"In the house bill No. 370, passed by the last legislature, the measure which we demand shall be submitted to a popular vote, there are many items that are meritorious, but they are coupled with others we decry as extravagant and unjust that we call upon the voters of the state to condemn the entire bill in order to eliminate the offensive features, and thereby put down the methods that compel the members as well as the voters at large to vote for unjust measures or to vote against institutions will not materially suffer by voting down the entire appropriation, and the benefits of such a vote to the people of the state will be of a wholesome and lasting nature in the years to come. Some of the most serious features of the bill are the open and flagrant violations of the constitution of our state, which compels every member of the legislature who votes for such a measure to violate his oath of office, and every voter at the polls who votes to sustain them, participants in the crime.

"President Roosevelt, immediately after his election said, 'The American people shall have a fair deal.' The voters of Oregon by their self-governing laws are in a position to demand a fair deal, and we submit to their judgment the measure in question at the election in June, 1906."

The interest in this movement is steadily on the increase. The committee has met with excellent success thus far in their labor. Requests have been made by Washington, Polk, Linn and Lane counties, desiring petitions to circulate among their voters. Voters of Yamhill county, regardless of party, stand solid for the movement.

HOW INJURED GIRL SECURED REVENGE

Back of Scandal Involving Late Millionaire Oliver Lies Dramatic Story.

(Journal Special Service.)

New York, March 3.—Back of the scandal involving the late millionaire Oliver of Pittsburg and Margaret Kinsley-Carpenter, the hotel stenographer, who later got $400,000 from Oliver's estate on the ground that he was the parent of her child, lies the story of a wronged girl's revenge.

Nonie Irving is the girl who figures in the dramatic story. She came from Syracuse, N. Y., the city which produced Mrs. Kinsley-Carpenter, who induced the girl to come to New York to live with her in the magnificent house provided for Mrs. Kingsley-Carpenter by Oliver.

Nonie Irving was plied with wine and subjected to heartless treatment. Realizing how she had been wronged, she was heart-broken, and full of resentment she devised an effective revenge. Concealing her feelings, she remained with Mrs. Kingsley-Carpenter for a year as her companion and emanuensis. She collected data and saved copies of letters which were later laid before Oliver as proof that Mrs. Carpenter was untrue to him. She was able to prove that during the periods of Oliver's absence from the house Mrs. Kingsley-Carpenter received callers, on whom she squandered her $5,000 each month. The revelations caused an upheaval, her allowance was stopped and relations broken off.

GOVERNOR USES PARDONING POWER

Three Men Now Imprisoned in Penitentiary Will Receive Their Freedom.

TWO HAD BEEN SENT TO PRISON FOR LIFE

Chinaman Who Was Given Liberty Short Time Ago Taken to Seattle by Warden.

(Special Dispatch to The Journal.)

Salem, Or., Mar. 3.—Governor George E. Chamberlain yesterday afternoon used his pardoning power in three different cases, and three men now doing time in the Oregon penitentiary will receive their freedom on Saturday.

Two of the men are life timers. They are Evon Carver and William A. Henderson. Carver was convicted of murder by the circuit court of Union county on December 4, 1892, and sentenced to life imprisonment. The reasons for his pardon were that he has served at least 15 years in the Marion county jail and penitentiary, has had an excellent record as a prisoner, has served the state faithfully in whatever capacity he has been employed, and will no doubt restore himself to useful citizenship when given his freedom.

Henderson was sent to the penitentiary from Clackamas county on May 8, 1893, to serve a life sentence for the crime of murder. The district attorney who prosecuted him recommended his pardon. The prison records show that he has been a model prisoner and rendered the state faithful service.

The third man to receive his freedom at the hands of the governor was Walter Huber, sentenced to serve two and a half years for assault. According to statements of the doctors Huber has been paralyzed from the hips downward since childhood. The district attorney also gave reasons why he should be pardoned.

Wong Gee, the Chinaman, who received his pardon from the penitentiary a few days ago, through the efforts of his fellow countryman, Prince Wei, was yesterday started for Seattle, where he will be placed on board a steamer bound for China. One of the stipulations in his pardon was that he should be transported back to his native land. He goes in the custody of Warden Curtis, who will see him safely on board the steamer.

CENSUS TAKERS WILL SOON BE IN THE FIELD

Assessor Sigler Preparing for a Count of Noses to Begin in May.

Assessor B. D. Sigler will make preparations to take the 1905 census as soon as the blanks are received from Secretary of State F. I. Dunbar, who has sent an order to the state printer for them. Assessor Sigler has not yet been apprised of the exact nature of the census that must be taken, and will not know until the blanks arrive.

"The census will be taken on the same blank on which the annual military roll is taken," said Mr. Sigler. "This will save some expense, and not decrease the value of the two lists."

It is understood that the 1905 census will comprehend the taking of facts showing the population, number of voters, males and females, acres under cultivation, quantities of wheat, oats, barley, corn, rye, apples, potatoes, hay, wool, butter, cheese, tobacco, gold dust, lumber and salmon produced, and the mules, horses and cattle raised.

The enumeration must begin before May 10, and probably will begin this year about May 1. County assessors must take the census, and in some counties they must pay the expense from their own funds, no provision having been made otherwise. In this county the commissioners provide men at the county expense for this work.
