THOS. C. DEVLIN,
Auditor of the City of Portland, Oregon.
Portland, Oregon. Date of first publication, April 10, 1905.

ASSESSMENT FOR IMPROVEMENT OF FOURTH STREET.

Notice is hereby given that the Council of the City of Portland, Oregon, at a meeting held on the 5th day of April, 1905, declared the assessment by ordinance No. 14,532, for the improvement of Fourth street, from the south line of Hooker street to the north line of Woods street, in the manner provided by ordinance No. 14,132, upon each lot, part of lot and parcel of land, which are specially and peculiarly benefited, to be as follows, viz:

CARUTHERS' ADDITION TO CARUTHERS' ADDITION TO CITY OF PORTLAND—BLOCK 79, east 30 feet of north 100 feet, Balfour, Guthrie & Co., $78.43; west 50 feet of east 80 feet of north 100 feet, Louis Trummer, $13.18; west 20 feet of east 100 feet of north 100 feet, Agnes Walsh, $3.76; east 50 feet of north 8 feet of south 100 feet, Joseph and Victoria Kisenetter, $6.94; north 42 feet of south 82 feet of east 80 feet, Mary Jochemich, $45.65; east 74 feet of south 50 feet, Hattie Johnson, $48.98; west 26 feet of east 100 feet of south 50 feet, Victor Geoffrey, $2.67.

A parcel of land lying between the west line of Joseph street and a line 100 feet west thereof and bounded on the north by Chesswith, and between the north and south line of Porter street, extended westerly in its present course, Oregon Railroad & Navigation Company, $48.51.

A parcel of land bounded and described as follows: Commencing at the intersection of Porter street, extended westerly in its present course with the west line of Fourth street, as now established, said point being 60 feet south and 11.76 feet east of the southwest corner of block 67, Caruthers' Addition to Caruthers' Addition to the City of Portland, thence east on the south line of Porter street extended 78.25 feet, thence west and parallel with Porter street extended 158.03 feet to the east line of Fourth street as now established, thence southwesterly on the east line of Fourth street to beginning, Henry Thompson Estate, Heirs of, $81.97.

Westerly 100 feet of a parcel of land bounded and described as follows: Commencing at intersection of the north line of Woods street and the east line of Fourth street as now established, said point being 20.75 feet south and 50.22 feet east of the southwest corner of block 67, Caruthers' Addition to Caruthers' Addition to the City of Portland, thence east on the north line of Woods street 84.90 feet, thence north at right angles to Woods street 100 feet, thence west and parallel with the north line of Woods street 106.18 feet to the east line of Fourth street as now established, thence southeasterly on the east line of Fourth street to beginning, Oliver G. Holmes, $97.45.

All of that portion of a parcel of land lying westerly of a line 100 feet easterly of and parallel with the easterly line of Fourth street as now established which is bounded and described as follows: Commencing at intersection of north line of Woods street and west line of Oregon & California Railroad Company's right of way, thence west on north line of Woods street 92.7 feet, thence north at right angles to Woods street to a point 100 feet north of north line of Woods street, thence east and parallel with north line of Woods street 82.14 feet to point on west line of Oregon & California Railroad Company's right of way, thence southeasterly on westerly line of Oregon & California Railroad company's right of way to beginning, Louisa M. Foster, $1.08. Total $857.12.

A statement of aforesaid assessment has been entered in the Docket of City Liens, and is now due and payable at the office of the City Treasurer, in lawful money of the United States, and if not paid within 30 days from the date of this notice such proceedings will be taken for the collection of the same as are provided by the charter of the City of Portland.

The above assessment will bear interest 10 days after the first publication of this notice.

THOS. C. DEVLIN,
Auditor of the City of Portland, Oregon.
Portland, Oregon. Date of first publication, April 10, 1905.

ASSESSMENT FOR IMPROVEMENT OF FACTORY STREET.

Notice is hereby given that the Council of the City of Portland, Oregon, at a meeting held on the 5th day of April, 1905, declared the assessment by ordinance No. 14,527, for the improvement of Factory street, from the south line of Vaughn street to the north line of Thurman street, in the manner provided by ordinance No. 14,157, upon each lot, part of lot and parcel of land, which are specially and peculiarly benefited, to be as follows, viz:

WILSON'S ADDITION TO THE CITY OF PORTLAND—BLOCK 1, lot 2, George Good, $1.65; lot 3, George Good, $5.31; lot 6, Mary K. Wilson, $57.70; lot 7, Mary K. Wilson, $55.81; lot 10, William Reidt, $22.12.

A parcel of land lying between the south line of Upshur street and north line of Thurman street and between the east line of block 1, Wilson's Addition to the City of Portland, and a line 100 feet east of and parallel with the east line of Factory street, Sylvester Farrell, $5.58.

NORTH PORTLAND—BLOCK 2, south 33 feet of lot 1, William Reidt, $32.81; north 30 feet of lot 1, Joseph Dolph, $30.29; lot 2, H. P. Eliason, $62.76; south 40 feet of lot 3, Nick Jacobson, $45.04; north 10 feet of lot 3, William Reidt, $11.28; south ½ of lot 4, William Reidt, $20.90; north ½ of lot 4, Oscar Peterson, $30.91; east 40 feet of lot 5, Herman Hansen, $3.15; west 35 feet of lot 5, Oscar Peterson, $37.60.

All of block 8, Blackstone Addition to the City of Portland, lying west of a line 100 feet east of a parallel with the east line of Factory street, Amanda Reed, $5.38.

WILSON'S ADDITION TO THE CITY OF PORTLAND—BLOCK 2, lot 1, William C. Noon, $26.67; lot 4, William C. Noon, $55.54; lot 5, Peter Matson, $55.12; lot 8, Ladd & Tilton, $9.66; lot 9, Ladd & Tilton, $3.57.

NORTH PORTLAND—BLOCK 1, lot 1, Jacob Mayer, $61.45; lot 2, Jacob Mayer, $54.07; lot 3, Jacob Mayer, $57.42. Total, $774.60.

A statement of aforesaid assessment has been entered in the Docket of City Liens, and is now due and payable at the office of the City Treasurer, in lawful money of the United States, and if not paid within 30 days from the date of this notice such proceedings will be taken for the collection of the same as are provided by the charter of the City of Portland.

The above assessment will bear interest 10 days after the first publication of this notice.

THOS. C. DEVLIN,
Auditor of the City of Portland, Oregon.
Portland, Oregon. Date of first publication, April 10, 1905.

PROPOSED IMPROVEMENT OF BROADWAY.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to improve Broadway from the east line of Union avenue to the east line of East Seventeenth street, in the following manner, to-wit:

First—By grading the street as shown by the City Engineer's plans and specifications.

Second—By constructing artificial stone sidewalks in accordance with the City Engineer's plans, specifications and estimates.

Third—By constructing artificial stone curbs.

Fourth—By laying crosswalks.

Fifth—By constructing wooden sidewalks in accordance with the City Engineer's plans, specifications and estimates.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for the improvement of Broadway from the east line of Union avenue to the east line of East Seventeenth street and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet north of and parallel with the north line of Broadway and a line 100 feet south of and parallel with the south line of Broadway and between the east line of Union avenue and a line 100 feet east of and parallel with the east line of East Seventeenth street.

The Engineer's estimate of the probable total cost for the improvement of said Broadway is $2,734.00.

The plans, specifications and estimates of the City Engineer for the improvement of said Broadway are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrances against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED IMPROVEMENT OF WEST ONE-HALF OF WATER STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to improve West ½ of Water street from the south line of Clay street to the north line of Columbia street, and the southeast ¼ intersection of Water and Clay streets, in accordance with the plans and specifications of the City Engineer, in the following manner, to-wit:

First—By grading the street in accordance with the City Engineer's plans, specifications and estimates.

Second—By constructing artificial stone curbs in accordance with the City Engineer's plans, specifications and estimates.

Third—By constructing artificial stone sidewalks 12 feet wide, including curbs, in accordance with the City Engineer's plans, specifications and estimates.

Fourth—By constructing artificial stone sidewalks 6 feet wide in accordance with the City Engineer's plans, specifications and estimates.

Fifth—By bringing the street to grade with stone blocks on a bed of concrete not less than 6 inches in depth in accordance with the City Engineer's plans, specifications and estimates.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for the improvement of Water street from the south line of Clay street to the north line of Columbia street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet east of and parallel with the west line of Twenty-fourth street and a line 100 feet west of and parallel with the west line of Twenty-fourth street and between the north line of Flanders street and the south line of Glisan street.

The Engineer's estimate of the probable total cost for the improvement of said Water street is $6,122.00.

The above improvement is to be classed as a stone block improvement and shall be maintained by the city for a period of 20 years, provided that the owners of a majority of the property benefited by said improvement or any portion thereof shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Water street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrances against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED SEWER IN FORD STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to construct a sewer in Ford street from 25 feet north of the north line of Park avenue to the sewer in Twenty-third and Washington streets. Said sewer to be constructed of vitrified sewer pipe of 8 inches clear inside diameter with all necessary catchbasins, manholes, lampholes and branches.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in Ford street from a point 25 feet north of the north line of Park avenue to the sewer in Twenty-third and Washington streets, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between the east line of Ford street and a line 100 feet east thereof and parallel therewith, and between the south line of Washington street and the north line of Park avenue; also all the lots, parts thereof and parcels of land lying between the west line of Ford street and a line 100 feet west thereof and parallel therewith and between a line 100 feet south of and parallel with the south line of Washington street and the north line of Park avenue.

The engineer's estimate of the probable total cost for the construction of said sewer is $540.18.

The plans, specifications and estimates of the city engineer for the construction of said sewer are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrances against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED IMPROVEMENT OF TWENTY-FOURTH STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to improve Twenty-fourth street from the north line of Flanders street to the center line of Glisan street, in the following manner, to-wit:

First—By grading the street full width with full intersections to proper sub-grade.

Second—By constructing artificial stone sidewalks in accordance with the City Engineer's plans, specifications and estimates.

Third—By constructing artificial stone curbs.

Fourth—By laying crosswalks.

Fifth—By constructing stone gutters.

Sixth—By bringing the street full width with full intersections to the established grade with macadam.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for the improvement of Twenty-fourth street from the north line of Flanders street to the center line of Glisan street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet east of and parallel with the east line of Twenty-fourth street and a line 100 feet west of and parallel with the west line of Twenty-fourth street and between the north line of Flanders street and the south line of Glisan street.

The Engineer's estimate of the probable total cost for the improvement of said Twenty-fourth street is $975.00.

The above improvement is to be classed as a macadam improvement and shall be maintained by the city for a period of four years, provided that the owners of a majority of the property benefited by said improvement or any portion thereof shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Twenty-fourth street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrances against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

REASSESSMENT FOR IMPROVEMENT OF EAST 26½ FEET OF RIVER STREET.

In compliance with a resolution adopted at the regular meeting of the Council, held on the 5th day of April, 1905, declaring the district benefited by the improvement of the easterly 26½ feet of River street from the south line of Albina avenue to 100 feet south of the south line of Albina avenue, and directing the Auditor of the City of Portland to prepare a preliminary assessment upon the lots, blocks and parcels of land within said district.

Now, therefore, notice is hereby given that such assessment is on file in the office of the Auditor of the City of Portland and with whom any and all objections shall be filed in writing, and notice is further given that the Council at its regular meeting on May 3, 1905, will hear and consider all objections to said assessment by parties aggrieved thereby or interested therein, and all such parties are hereby warned not to depart therefrom until such reassessment is completed.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Date of first publication, April 8, 1905.

PROPOSED SEWER IN EAST MORRISON STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to construct a sewer in East Morrison street from the center line of East Thirty-ninth street to the sewer in East Morrison street at the west line of East Thirty-eighth street. Said sewer to be constructed of vitrified sewer pipe with all necessary catchbasins, manholes, lampholes and branches.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in East Morrison street from the center line of East Thirty-ninth street to the sewer in East Morrison street at the west line of East Thirty-eighth street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet northeasterly from and parallel with the northeasterly line of Benton street and a line 100 feet southwesterly from and parallel with the southwesterly line of Benton street and between the northwesterly line of Dixon street and a line 100 feet northwesterly from and parallel with the northwesterly line of Dupont street.

The Engineer's estimate of the probable total cost for the construction of said sewer is $272.28.

The plans, specifications and estimates of the City Engineer for the construction of said sewer are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrances against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED IMPROVEMENT OF NICOLAI STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to improve Nicolai street from the east line of Twenty-fourth street to the west line of Twenty-sixth street, in the following manner, to-wit:

First—By grading the street full width with full intersections to the subgrade as given by the City Engineer.

Second—By constructing artificial stone sidewalks.

Third—By constructing artificial stone curbs.

Fourth—By laying crosswalks.

Fifth—By constructing box and stone gutters.

Sixth—By bringing the surface of the street full width with full intersections to proper grade with macadam.

Said improvement to be made in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 5th day of April, 1905, indorsed: "City Engineer's plans and specifications for the improvement of Nicolai street from the east line of Twenty-fourth street to the west line of Twenty-sixth street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said improvement to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet northerly from and parallel with the northerly line of Nicolai street and a line 100 feet southerly from and parallel with the southerly line of Nicolai street, and between a line 100 feet easterly from and parallel with the easterly line of Twenty-fourth street and a line 100 feet westerly from and parallel with the westerly line of Twenty-sixth street.

The Engineer's estimate of the probable total cost for the improvement of said Nicolai street is $6,707.00.

The above improvement is to be classed as a macadam improvement and shall be maintained by the city for a period of five years, provided that the owners of a majority of the property benefited by said improvement or any portion thereof shall not petition for a new or different improvement before the expiration of such period.

The plans, specifications and estimates of the City Engineer for the improvement of said Nicolai street are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed improvement of said street as provided by the city charter.

Remonstrances against the above improvement may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED SEWER IN MELINDA AVENUE.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to construct a sewer in Melinda avenue from the west line of Fanny G. King tract to sewer in Melinda avenue at second bend of said avenue. Said sewer to be constructed of vitrified sewer pipe eight inches clear inside diameter, with all necessary catchbasins, manholes, lampholes and branches.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in Melinda avenue from the west line of Fanny G. King tract to the sewer in Melinda avenue at second bend, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet north of and parallel with the north line of Melinda avenue and a line 100 feet south of and parallel with the south line of Melinda avenue and between a line 50 feet west of and parallel with the west line of Melinda avenue and its extension southeasterly in its present course and a line 50 feet west of and parallel with the west line of the Fanny G. King tract.

The Engineer's estimate of the probable total cost for the construction of said sewer is $183.11.

The plans, specifications and estimates of the City Engineer for the construction of said sewer are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrances against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED SEWER IN VANCOUVER AVENUE.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to construct a sewer in Vancouver avenue from 25 feet south of the south line of Alberta street to the sewer in Vancouver avenue and Fremont street. Said sewer to be constructed of vitrified sewer pipe with all necessary catchbasins, manholes, lampholes and branches, and to be of the following dimensions: of 8 inches clear inside diameter from a point in Vancouver avenue 25 feet south of the south line of Alberta street to a point in Vancouver avenue at Bain street; thence of 10 inches clear inside diameter from a point in Vancouver avenue at Bain street to a point in Vancouver avenue at Blandena street; thence of 12 inches clear inside diameter from a point in Vancouver avenue at Blandena street to a point in Vancouver avenue at Skidmore street; thence of 14 inches clear inside diameter from a point in Vancouver avenue at Skidmore street to a point in Vancouver avenue at Shaver street; thence of 16 inches clear inside diameter from a point in Vancouver avenue at Shaver street to a point in Vancouver avenue at Failing street; thence of 24 inches clear inside diameter from a point in Vancouver avenue at Failing street to a connection with the sewer in Vancouver avenue at Fremont street.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer, filed in the office of the Auditor of the City of Portland on the 4th day of April ,1905, indorsed: "City Engineer's plans and specifications for a sewer in Vancouver avenue from 25 feet south of the south line of Alberta street to sewer in Vancouver avenue and Fremont street, and the estimates of the work to be done and the probable total cost thereof."

The said sewer is to be constructed for the purpose of sewering and draining all the lots, parts thereof and parcels of land within the district bounded and described as follows:

Commencing at a point in the east line of Vancouver avenue 100 feet north of the north line of Fremont street; thence east along a line 100 feet north of and parallel with the north line of Fremont street to a point 120 feet east of the east line of Vancouver avenue; thence north at right angles to a point in the center line of Alberta street; thence west along the center line of Alberta street to a point 108 feet west of the west line of Haight avenue; thence south along a line 108 feet west of and parallel with the west line of Haight avenue to a point 200 feet south of the south line of Failing street; thence east along a line 200 feet south of and parallel with the south line of Failing street to a point 108 feet west of the west line of Vancouver avenue; thence south along a line 108 feet west of and parallel with the west line of Vancouver avenue to a point 300 feet south of the south line of Beech street; thence east along a line 300 feet south of and parallel with the south line of Beech street to the place of beginning.

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying within the district hereinbefore bounded and described.

The Engineer's estimate of the probable total cost for the construction of said sewer is $9,940.92.

The plans, specifications and estimates of the City Engineer for the construction of said sewer are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrances against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED SEWER IN EAST TWENTIETH STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to construct a sewer in East Twentieth street from 45 feet south of the south line of East Stark street to the connection with the sewer in East Oak street at East Twentieth street. Said sewer to be constructed of vitrified sewer pipe of eight inches clear inside diameter with all necessary catchbasins, manholes, lampholes and branches.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in East Twentieth street from 45 feet south of the south line of East Stark street to the East Oak Street sewer, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet south of and parallel with the south line of East Stark street and a line 100 feet north of and parallel with the north line of East Stark street, and between the west line of East Twentieth street and a line 100 feet westerly thereof and parallel therewith, and between the east line of East Twentieth street and a line 100 feet easterly thereof and parallel therewith.

The Engineer's estimate of the probable total cost for the construction of said sewer is $262.45.

The plans, specifications and estimates of the City Engineer for the construction of said sewer are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrances against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.

PROPOSED SEWER IN FALL STREET, QUIMBY STREET AND TWENTY-NINTH STREET.

Notice is hereby given that at the meeting of the Council of the City of Portland, Oregon, held on the 5th day of April, 1905, the following resolution was adopted:

Resolved, That the Council of the City of Portland, Oregon, deems it expedient and purposes to construct a sewer in Fall street, Quimby street and Twenty-ninth street, from the north line of Pettygrove street in Fall street to a point in Quimby street; thence in Quimby street to a point in Twenty-ninth street; thence north in Twenty-ninth street to the sewer in Raleigh street. Said sewer to be constructed of vitrified sewer pipe of eight inches clear inside diameter, with all necessary catchbasins, manholes, lampholes and branches.

Said sewer to be constructed in accordance with the charter and ordinances of the City of Portland and the plans, specifications and estimates of the City Engineer filed in the office of the Auditor of the City of Portland on the 4th day of April, 1905, indorsed: "City Engineer's plans and specifications for a sewer in Fall street from the north line of Pettygrove street in Fall street to a point in Quimby street; thence in Quimby street to a point in Twenty-ninth street; thence north in Twenty-ninth street to the sewer in Raleigh street, and the estimates of the work to be done and the probable total cost thereof."

The cost of said sewer to be assessed as provided by the city charter upon the property specially and peculiarly benefited thereby, and which is hereby declared to be all the lots, parts thereof and parcels of land lying between a line 100 feet north of and parallel with the north line of Pettygrove street and a line 100 feet south of and parallel with the south line of Quimby street, and between the east line of Fall street and its extension northerly in its present course, and a line 100 feet west of and parallel with the west line of Fall street and its extension northerly in its present course.

The Engineer's estimate of the probable total cost for the construction of said sewer is $581.54.

The plans, specifications and estimates of the City Engineer for the construction of said sewer are hereby adopted.

Resolved, That the Auditor of the City of Portland be and he is hereby directed to give notice of the proposed construction of said sewer as provided by the city charter.

Remonstrances against the above sewer may be filed in writing with the undersigned within 20 days from the date of the first publication of this notice.

By order of the Council.

THOS. C. DEVLIN,
Auditor of the City of Portland.
Portland, Oregon. Date of first publication, April 8, 1905.
