A FORTY-ACRE RANCH

Isn't a bad piece of property to own especially when located handy to town and on a good road, as this one is, and comprising what it does. It consists of cleared land suitable for farming, slashing and timber. There is a fairly good two room house and out buildings on the place, several hundred fruit trees, two good clear springs, ten or fifteen acres of plow land, enough large saw timber to more than pay for the place and over a thousand dollars worth of dry logs for stove wood, and the whole business is fenced and cross fenced with good rail fences. And I am going to sell this place

AT A GREAT BARGAIN

within the next sixty days, if I find a buyer. This place is a bargain at $600.00, and if you want it you will "have to hurry." It will bring a clean thousand dollars before the summer is over and is well worth it to the right man. He can make it bring him that during this year and have the place left. A proposition to trade for property in this city might be considered or a proposition to pay part in cord wood to be delivered here during the summer.
