The Farmer Boy.

Who hears the first carol of songbirds
When glad springtime awakes them to song,
Who catches the music of waters
As they're rushing so swiftly along?
Who inhales the rich odors of blossoms
With that perfume God drops from on high?
Who drinks the ozone of heaven
'Neath the dome of the far-jeweled sky?
Who revels in fruits from the orchard
As he nests 'neath the old apple tree?
Who's alert to the thrum of the pheasant
And the still sweeter hum of the bee?
He whose cheek bears the bronze of the sunbeams
And whose soul is o'erfull of earth's charm;
'Tis the youth who abides with Dame Nature—
Yea, the boy who lives out on the farm.

There are thousands who dwell in the city
With its whirl and its grime and its din,
Who'd exchangd all the gold in their coffers
To escape their environs of sin
They long to go back to the wildwood,
Where their brows may be cooled by the breeze,
And recall the dear scenes of their childhood
As they rest 'neath the shade of the trees.

—American Farmer.

You can't always judge from appearances, says an exchange. The man in the shabby suit may be an editor, while the fellow with the white vest and plug hat may be a delinquent subscriber, who finds fault because the little home paper does not contain as much news as the big city papers.

Senator Mulkey was evidently born to fame. Here is a young Oregon senator only a few days at Washington being banqueted and feted and declared the handsomest man in Congress. That ought to be glory enough even if it does put a quietus on his political prowess and aspirations. Every senator will naturally be jealous of him because of the marked preference shown him by the society matrons. And by-the-way, Mulkey is a graduate of the U. O.—Register.

The appointment of T. K. Campbell of this city as a member of the Railroad Commission for the state of Oregon meets with general approval throughout the entire state. Mr. Campbell is a thorough business man, has had much experience in large shipping, and railroading and is fully capable of performing the duties of commissioner.

High School Notes.

The members of the Junior class have been coming to school of late with boxes and bottles of various sizes. When a curious student opened one of these boxes, he was much horrified at its contents, for the box contained specimens for the new Zoology class.

Earle Steele, one of our High School students made us a pleasant visit Friday afternoon.

Eunice VanDenberg and Viola Docroft were absent from the Sophmore class Monday on account of illness.

Agnes Langdon spent Saturday and Sunday at her country home.

Outlook For Hops Not Encouraging.

Commenting on the recent sales of 106 bales of J. E. Smith's hops yesterday at 9½ cents, Frank Hyer, the buyer says:

"There is no telling where hops will land. There is little or no demand for them now and the price keeps dropping. The trouble is there were too many raised. Only a few years ago California's total product was less than 40,000 bales and this year their output is reported as over 100,000 bales. Oregon's increase in output has been marked this year also.

"In Lane county alone, there are probably 2800 bales in the hands of the producers and at this time of year this is very unusual. Some think there will be a reaction and they will go higher, while others think the bottom has not been reached. It is generally reported that the crop last year was 165,000 bales in excess of the demand. The high price of hops for several years has started so many to raising hops and there has been such an over-production that I can't see how the price can keep up.—Register.

Graphophone FREE

Occasionally persons desiring to purchase a Grapophone conclude that they can secure a lower price on a machine by buying at Eugene, Portland, or by sending East. We want to make those persons the following proposition:

Anyone laying proof before us to the effect that they or any of their friends have purchased or can purchase, any type of Edison, Columbia or Victor Graphophone or records at any of the above mentioned places, any cheaper than we are selling the same, will be given a Graphophone **absolutely free.** Every agent is bound by the same cast-iron contract to sell only at the prices fixed by the factory and any agent doing otherwise is promptly suspended.

When you buy elsewhere you are simply out the express, freight or your car fare in transaction.

Buy from your local dealer who is here to stay and make good all guarantee.

Nearly every person who is subject to attacks from the stomach suffers a morbid dread of a dietetic treatment for relief, that is three-fourths starvation and one-fourth toast and milk. On the other hand you can eat as you please and digest the food by the aid of a good digestant, thus giving the tired stomach equally as much rest. Eat what you please and take a little Kodol for indigestion after your meals. It digests what you eat. Sold by Bensons Pharmacy.

See Our Radiumite Window Display

We have received a fine new, special lot, of handsome, hand-forged, hollow ground Radiumite Razors that usually sell at $2.00 each at retail, which we will give away absolutely free to advertise the wonderful

RADIUMITE DOLLAR RAZOR STROP

which is light, pliable, durable, convenient, and safe, and which is revolutionizing the art of shaving.

A RAZOR GIVEN FREE To The PURCHASER of EACH STROP

CALL TODAY AS THEY ARE GOING FAST. We make this remarkable free offer of a most excellent razor, that sells at $2.00 at retail, to acquaint all with the marvelous and instantaneous honing and finishing properties of the Radiumite Strops, which will not harm the finest and most delicate razor. They make shaving a convenience and a delight, even to men having the hardest beards.

The secret of a quick, clean shave does not lie so much in a good razor as in a good strop. With the RADIUMITE STROPS the most inferior razors are brought up to a fine edge, and the effect of the strops upon the finest razors is to keep them at all times in the best possible condition, ready to shave the hardest beards easily and delightfully. Each Radiumite Strop is sold under the positive guarantee that if it is not satisfactory money will be refunded. They are for either Ordinary or Safety Razors.

Radiumite Strops, 50c to $2.50; Razors, $1 to $3

DANGER LURKS IN THE USE OF ANY STROP BUT A RADIUMITE!

Horrible skin diseases, such as CANCER, BARBERS' ITCH, ECZEMA and BLOOD POISON, often result from the use of imperfectly stropped razors that cut, irritate and open the skin, thus admitting the terrible bacilli that lurk in the animal parts of shaving soaps, hair shaving brushes, and in the air itself.

THE ONLY PERFECT STROP IS THE RADIUMITE

Don't use the worthless, heavy, double, common cow strops so generally sold, and with which nine dealers out of ten will try to afflict you. They are so much old junk, pure and simple. The word Radiumite stands for perfection in razor strop making. Buy a Radiumite strop and take no substitute—no matter how handsome it may appear. Danger lurks in the use of any strop but a Radiumite.

IF YOU TOUCH your tongue to ALUM

and look in the glass—you will see the effect—You can't help puckering—it makes you pucker to think of tasting it.

By the use of so called cheap Baking Powders you take this puckering, injurious Alum right into your system—you injure digestion, and ruin your stomach.

AVOID ALUM

Say plainly—

ROYAL BAKING POWDER

Royal is made from pure, refined Grape Cream of Tartar—Costs more than Alum but you have the profit of quality, the profit of good health.
