DON'T THROW THAT BODY OVERBOARD

Admiral Schley is threatened by his enemies, and the cause is attributed to George E Graham, the War Correspondent, and his book—"Schley and Santiago."

This book contains an autograph letter of Schley's addresses to Graham, in which Admiral Sampson is by inference criticized for not having been present when the Spanish Fleet was destroyed.

What a horde of petty politicans are clamoring against Schley, and for what reason?

It has been suggested, that President Roosevelt is looking with great concern on the great and wonderful popularity Admiral Schley is creating in his trip around the country.

Is it possible Schley may prove a fotmidable presidential canidate?

Certainly, Roosevelt is too brave and sincere a man to assist Schley's enemies because of he having become a possible candidate.

Sampson's friends are afraid of the wonderful success this new book of Graham's is meeting with. Why?

Because this book with its 500 pages of eloquent facts, and its fifty pages of actual photographs so thoroughly refutes all the charges made in the first court-martial, and puts it entirely out of the question to start a second one, that the press antagonistic of Schley are turning heaven and earth to stop its sale and thus kill the wave of enthusiasm for Schley and his cause which is sweeping the country.

Mr W B Conkey, and well known Chicago publisher, is keeping his great million dollar plant at Hammond busy night and day, and the mail orders that are coming in, each letter containing one dollar and fifty cents for each copy of this wonderful book, serve to keep a small army of clerks very, very busy.

Here is an anecodote taken at random from Graham's book.

The Brooklyn was alone—"On our starboard side were the four Spanish vessels, each one of them plainly in view and each of them firing. If Schley had given the slightest indication at that moment that he was afraid of the result, or if he had ordered the helm put over to take the Brooklyn out of the fight, it is perfectly possible that panic would have seized us all. But as coolly as if he were saying he would join a pleasure cruise, Commodore Schley said to Cook all in the same breath, 'Well, we are going to stay with them, keep her in toward them,' and in the next instant, to Ellis, 'Get that range Ellis." Ellis stepped out from the shodow of the turret and took the range. '1,2000 yards,' he sang out and turned to step back. The next moment his headless body dropped to the deck. A six-pound shell had knocked his head off. Two men were about to throw the body overboard, but, in the midst of a rain of misseles, with every indication that the Brooklyn was to be sacrificed, with almost everything depending upon this man in front of the conning tower, Schley said quickly, "Don't throw that body overboard. Take it below and we'll give it Christian burial."

Schley's enemies must be right. He must be a coward and not a Christain.

NEW TAX LAW.

At the last session of the legislature a new law was past in regard to the collection of taxes, which law took effect on December 1st, 1901, and in substance is as follows;

1 If you pay your taxes on or before March 15th you will be allowed a rebate of three per cent.

3 If your taxee are not paid on or before the first Monday of April, they will become delinquent, when there will be added a penalty of 10 percent, and the tax will also draw interest at the rate of 12 per cent per annum in addition to the penalty.

4. If you pay one half of your taxes on or before the first Monday in April, then the remaining half may run up to and including the first Monday in October following; but if the last half of tax due is not paid by the first Monday of October, it becomes delinquent and there will be added to such balance, a penalty of 10 per cent, and in addition, such balance will bear interest at the rate of 12 per cent per annum from the first Monday in April until paid.

5 On all personal property taxes if one-half is not paid on or before the first Monday in April, the law compels the sheriff to levy upon and collect the same after May 1st hence to prevent a levy upon personal property after May 1st it will be necessary for one half to be paid as above stated.

TOURIST EXCURSIONS TO THE EAST.

The travelling public will be interested to learn of the system of personally conducted excursion cars operated over the Rio Grande System popularly known as "The Scenic Line of The World. They are the regular Pullmrn tourist or "ordinary" sleepers, provided with comfortable berths, bedding and linen of the Pullman standard. They have separated lavatories, are all well lighted and heated and, in fact, are a most successful substitute for the more expensive "standard" sleepers, the difference arising from the character of upholstering furnished. A colored porter is in attendance with every car and besides him an excursion conductor, whose sole duty is to look after the pleasure and comfort of passengers in his charge.

These cars are run through to Kansas City, Omaha, St. Louis and Chicago, making close connections for Boston, New York and all eastern points.

This feature of travel has become so popular that there is now established a regular service of nine cars each week, offering a variety of routes, and schedules so arranged that stop-overs may be made, if desired, at Salt Lake City, Denver, or any point between.

No extra charges is made beyond regular tourist rates.

To those interested will be glad to quote the lowest fares and furnish full information about the scenic beauties of the Rio Grande Route and its superior accomodations.

In going over the famous "Shasta Route" of the Southern Pacific Co. traveler ever finds something new to excite his admiration and interest. Starting at Portland, one travels the whole length of the Willamette Valley, the gem of the Northwest. Mt Hood, Mt Jefferson, and the Three Sisters and other snow-capped peaks are kept in sight for hours. The beautiful valleys of the Umpqua and Rogue Rivers, with their orchards of prunes, peaches, apples and other fruits are a delight in themselves. The crossing of the great mountain barrier between Oregon and California reveals the greatest mountain scenery in the United States. The wonderful turnings, twistings, and doublings of the railroad bring into view a grand array of towering mountains and profound gorges into which we gaze from dizzy heights forests clad mountain slopes streching up to the line of perpetual snow, and the foaming mountain streams dashing fiercely down deep canyons, now and then stopping for a short rest in some quiet pool. After a days enjoyment of old Mt Shasta, the finest peak on the continent we drop rapidly down the canyon of the Sacramento to the Broad plains of the Sacramento Valley in California, and thence through vineyards and orchards to San Francisco.

UNCLE TOM'S CABIN.

Terry's Uncle Tom's Cabin Co delighted an immense audience on last Friday evening. This company advertise one of the best shows on the road, and they without doubt have it. The parade formed on North street, at about 12:45 a m, marching around the square, east of East Main street, north on Line street and west on North street. The parade was of excellent puality, one of the best features being the band, which was the finest heard here for a long time. In the evening the band delighted a large crowd with a concert. Uncle Tom's Cabin is so well known that a description of the several parts in unnecessary, but to say that each part was given a first-class rendition, and the best ever seen in Knoxville, is not saying too much. Terry's Uncle Tom's Cabin Co. is composed of ladies and gentlemen whom it 's a pleasure to meet, and we hope we may again have the pleasure of welcoming them to our city.—The Knox Republican, Knoxville, Ill.
