WEATHER REPORT.

A low pressure area, apparently of slight energy, is central this morning off the Washington coast. It has caused light rain in western Oregon and western Washington, and increasing cloudiness in the eastern portions of these states and in Idaho. The barometer is relatively low over Florida, and heavy rains have occurred in the south Atlantic states. Local rains are reported in New England, the middle Atlantic states, the lower lake region, Kansas, Nebraska and the Dakotas. A high pressure area of considerable magnitude is central over the upper lake region, and the barometer is relatively high off the California coast. The temperatures are above normal in the north Pacific states, and below normal in the upper Mississippi valley, the lake region and along the south Atlantic coast.

The indications are for showers and thunder storms in this district tonight and Tuesday.

NOTICE.

ADVERTISEMENT FOR BIDS FOR WATER SYSTEM.—The city council of the city of Wallowa, in the county of Wallowa, state of Oregon, will receive bids up to and including the sixteenth day of June, 1906, for the construction of a water system for said city.

The water shall be taken from Bear creek about 2¼ miles from said city and there shall be a 200-foot fall to the system.

The main pipe line to be constructed of 8-inch, machine-banded, wood stovepipe. There shall be on 8-inch gate valve at source of supply; one suitable brass-wire cloth strainer at least four times the area of the 8-inch pipe; such special fittings, curves, etc., as may be necessary to follow changes of direction in pipeline.

At the intake there shall be built a suitable manhole of concrete or adjacent stone, with a cover of iron with brass lock and key, to properly protect and prevent damage to the strainer and to allow examination.

The trench for the main pipeline shall be an average of not less than three feet deep and at no point shall the main pipe be covered less than two feet. In the distribution system all the mains and branches shall be covered at least three feet over the top of the pipe. The main shall be suitable for a 200-foot head and all mains and branches shall be properly bedded in the trenches to prevent settling.

The distribution system will require, approximately, 1,300 feet of 8-inch machine-banded wood stovepipe; 1,750 feet of 6-inch machine-banded wood stovepipe; 3,200 feet of 4-inch machine-banded wood stovepipe; four 8-inch iron-body brass-mounted gatevalves; four 6-inch iron-body brass-mounted gatevalves; five 4-inch iron-body brass-mounted gatevalves; 13 standard heavy adjustable cast-iron gateboxes and 8,000 pounds special cast-iron fittings. There shall be 15 fire hydrants, which shall have outlets for two 2½-inch hose and shall be frostproof. All hydrants shall be so blocked, braced and anchored to the pipes supplying them as to prevent being blown off by water ram.

The entire work to be completed and first class, and to be done in a good and workmanlike manner, and all material and labor to be furnished by the contractor.

The city council reserves the right to reject any and all bids without incurring any liability for such rejection.

Dated June 1, 1906.

C. T. McDANIEL,
Mayor of the City of Wallowa.
Attest: C. A. VURPILLAT,
Recorder of the City of Wallowa.

PROPOSALS INVITED FOR SUPPLIES FOR THE OREGON STATE PENITENTIARY FOR PERIOD ENDING DECEMBER 31, 1906.

Sealed bids for drugs, dry goods, groceries, leather and findings, plumbing supplies, hardware, flour, fish, meat, etc., will be received at the office of the superintendent of the Oregon State Penitentiary until June 26, 1906, at 2 o'clock p. m., at which time they will be opened:

A deposit of $200 cash or certified check, payable to the superintendent, must accompany each bid for meat and flour, and all other bids must be accompanied by an amount equal to 10 per cent of the amount of the bid.

Samples to accompany all bids where practicable. The right is reserved to reject any and all bids and to accept or reject any portion of a bid. On each envelope should be inscribed the nature of the bid. Goods of Oregon manufacture or production will receive preference, other things being equal. All goods and supplies must be delivered to the penitentiary within 20 days after the contract is awarded.

Schedules of the various lines of goods will be furnished upon application to the superintendent.

Vouchers will be issued for payment on the first of the month following the completion of the contract and monthly or continuous contracts.

Bidders will take notice that the appropriation for maintenance of the penitentiary is now available, and all claims for supplies after being audited by the secretary of state will be paid by state warrants.

C. W. JAMES,
Superintendent Oregon State Penitentiary.
Salem, Oregon, June 8, 1906.
