WEATHER REPORT.

The only noteworthy low pressure area this morning is a small disturbance central near Memphis, Tennessee. It has caused general rains in eastern Texas, eastern Oklahoma, the lower Mississippi valley, and the Ohio valley. Fair weather prevails on the Pacific slope, and light frosts occurred this morning in many places in the intermountain states. Abnormally low temperatures continue in the northwest, and frosts are again reported in Minnesota and Nebraska. Local rains have fallen in the lower lake region, middle Atlantic and New England states, and it was snowing this morning in upper Michigan.

The indications are for fair weather in this district tonight and Thursday, with light frosts east of the Cascade mountains. It will be cooler tonight in eastern Washington and also in northern and southeastern Idaho.
