WORLD'S MARKETS TODAY

SHIP POTATOES TO THE SOUTH

Small Trade Reported in Fancy and Choice—No Movement in Onions.

Wholesale market features:
Potato shipments to south.
Egg market is advanced.
All butter looks higher.
Cheese market very firm.
Chickens quoted at advance.
Linseed oil is lower today.
Two cars Dalles watermelons arrive.
Tomato market is lower.
Few hop deals reported.
Wheat market is firmer again.

Potato Shipments Have Started.

Shipments of potatoes have been started for the season to the south. While the volume of business is still very light, the demand is quite good for select stock. For best quality for southern shipment buyers are offering 85c per hundred pounds, while they are bidding 75c for choice stock. For ordinary stock there is no demand at the moment for shipping. In California they have liberal supplies of rivers which show unusually good quality this season, and these can be sold at lower figures than Oregon growers are willing to let go at. Along Front street there is but little doing in potatoes. Up to this time rather poor quality has been shown along the Front street arrivals. Sizes have been small, and a large amount of the stock have not been sufficiently matured. Front street handlers are for that reason doing but little buying.

Potato Men Fear Hard Frosts.

During the past few days there have been several hard frosts, and potato men here have been fearful that something would happen to the growing late crop. While it would take a rather hard frost to do much injury to the potatoes, this is the season of the year when such events can be expected. The potato market for that reason is awaiting weather conditions.

No Business in Local Onions.

While local people are not offering onions on the market in any great quantities, dealers are not willing to buy very heavily, and the market is therefore exceedingly quiet. A few carloads have been offered, according to W. I. Swank, around 65c per hundred pounds, but even at this price little business is resulting—none outside of pure local jobbing trade. In a small way growers are still asking $1 per hundred pounds, but jobbers are not offering over 90c, and they are able to buy at this figure from those who buy car lots at 65c. "My people in California," states Mr. Swank, "inform me that growers are selling in abundance around 50c a sack, and very good quality is shown."

Egg Market Is Advanced.

Another advance is noted in the local egg market. Supplies remain very scant and demand is increasing because of the cooler weather. Along the street eggs are being quoted at 29@30c, with both quotations finding sales. Best eastern eggs are ranging around 27½c, while other stock sells around 25c.

Chicken Market a Notch Higher.

While there is no dearth of arrivals in the chicken market, the demand is increasing and prices have been advanced another notch. Chickens are selling around 18c, while a slightly better price is obtainable for coops of fancy hens. Turkeys are usually slow in arriving, and prices are good with the demand unfilled.

Cheese market is rather mixed in price, but generally firm at yesterday's range.

Creamery butter market is gaining in firmness, although prices are unchanged for the day. The trade in general expects an advance in values early in the coming week.

Few Hop Deals Reported.

There continues a very slow tone in the local hop market. Dealers are not hurrying matters. In fact most of them say there is no business in sight. There seems to be a general desire on the part of dealers to await the arrival of samples in the east and in Europe. A transaction or two is reported between dealers. Hans Waalberg is reported to have purchased two lots, one of nine bales and another of 37 bales. The nine bale lot was sold to another dealer at 6½c, while the larger lot went at 7¾c a pound.

Brief Notes of the Trade.

Linseed oil is down 1c a gallon, according to the new list issued by the Portland Linseed Oil works.

Two cars of Dalles melons were reported in today. Fine condition.

Peach market is firmer, with a fractional advance in price.

Tomato market is lower, with larger supplies.

Local grapes are in larger supply and prices are slow.

While there is an easier tone in wheat futures on the Board of Trade, the market for cash stuff is holding quite well. There is a somewhat better demand for club and red Russian because of the scant offerings of bluestem and prices in these two lines are quoted at an advance of 1c a bushel today. On the Board of Trade today there was a limited amount of bidding and quotations on September are unchanged. For the December delivery the price is down ¼c a bushel from yesterday.

Cash barley and oats markets are are holding very firm with the trade quite freely offering $29@30 for No. 1 white oats, while $25.50 is the general offering for No. 1 feed barley. Trade in coarse grains was extremely dull on the Board of Trade today. There was no change in September or December delivery. In barley futures, September was 1c lower at $1.28 bid, but December barley was 5c a cental down.

There is a small amount of flour business offering from Japan and North China at figures slightly shaded from $3.70, the regular quotation. Local trade is somewhat better since the decline of 15c a barrel.

WASHINGTON WHEAT 29,700,000 BUSHELS

(United Press Leased Wire.)

Tacoma, Wash., Sept. 19.—Although the production of wheat in Washington this year is less than last, the price is better and the farmers will receive about $23,000,000 when their grain is marketed.

Last year's crop was 40,845,000 bushels, while this year only 29,700,000 bushels will be harvested, according to reports received by the grain commission which has just finished its sessions in this city. The average price per bushel this year is 77 cents as against 65 cents last season.

Chicago, Sept. 19.—There is some uneasiness felt here over the serious cholera reports from Russia. If the conditions are as bad as reported it may close all the ports of that country and force all European grain demand in this direction.

Chicago, Sept. 19.—There was a slightly lower and rather quiet opening of the wheat market here today following the loss of ½ to ⅝d at Liverpool. Trade became bullish after the initial trade and the low marks for the day were made generally at the opening.

With Europe still buying heavily in this market so long as foreigners continue to come after our surplus in such quantities, the market should by all means act strong, as it did after the opening today. It was stated at the close that export sales for the day reached about 1,000,000 bushels.

At the opening there was continued selling on the heavy run of cars at Minneapolis. As a matter of fact, however, the heavy supplies coming there at the present time, are easily taken care of by the trade because of the better flour demand. Dispatches said that the big millers took all the grade wheat before the opening at Friday's prices and were buying more toward the close of the day. Owners of elevator lines in the northwest say they have forwarded three times the amount of wheat thus far this season as they did in the same period a year ago.

Portland Union Stockyards, Sept. 19.—Killers are full up on cattle of ordinary quality and could not purchase more no matter what price ruled. There has been so much of this class of stuff arriving of late and such low prices have ruled that killers have anticipated requirements of the near future and are now out of the market for anything except select. For something out of the ordinary they are overanxious to bid up prices, for select quality is scarce. Steers that are well rounded out and weigh from 1,500 to 2,000 pounds are being eagerly sought and prices are quite favorable to shippers.

The yards still contain some off-grade hogs that no one seems to want. While there is a very liberal and pronounced call for well finished hogs, ranging around 200 and 250 pounds each, there is little of this stuff coming. Light weight hogs should be kept at home and fattened, say the packers, for even at the high cost of grain the difference in the price offered for good and bad stock is profitable to the feeder.

Sheep market is firmer, owing to the late decrease in arrivals. Such liberal supplies have been sent to the eastern markets that the movement in this direction is very light. Prices are as previously quoted.

Yard's Representative Sales.

The following sales are representative of those made in the Portland yards during the past 24 hours:

	Weight.	Price.
15 hogs	3,375	$7.00
5 hogs	1,200	7.25
8 hogs	2,028	7.00
5 steers	2,000	4.25

A year ago today hogs were easy and weak; cattle and sheep firm at unchanged values.

Following are the general range of values on stock ruling in the yards for late shipment:

Hogs—Best east of mountains, $7@7.25; ordinary, $6.75@7; blockers and China fats, $6; stockers and feeders, $5.

Cattle — Select east of mountains, steers, $4@$4.25; medium steers, $3.50@3.75; ordinary $3.25@3.50; best cows and heifers, $2.75@3.00; medium cows $2.00@2.25; stags, $2.50@3; bulls, $2.00.

Sheep—Best wethers, $2.50; ordinary wethers, $3.00@3.25; lambs, $4; straight ewes, $2.50; mixed lots, $2.50@2.75.

Veal — Choice young calves, $4.50; heavy and rough, $3.50@4.

Chicago	7,000	600	2,000
Kansas City	2,000	200	1,000
Omaha	2,000	200	2,000

Hogs are steady; left over yesterday, 5,600; receipts year ago, 8,500. Mixed, $6.60@7.40; heavy, $7.05@7.45; rough, $6.60@6.95; light, $6.00@7.30.

Cattle—Weak.

Sheep—Steady.

SEVERE LOSS RESULT OF BRYAN'S SPEECH

New York, Sept. 19.—The stock market was very weak today and severe losses were shown in the Portland yards of Saturday's short session. While financial people considered the speech of Bryan at Carnegie hall last night, of very conservative character, this was the direct cause of the lower prices today.

23 NEW BOYS FOR UNCLE SAM

Citizenship Papers Granted to Former Residents Across Atlantic.

Twenty-three new citizens were created in the circuit court this morning, when Presiding Judge Gantenbein formally approved the applications of that number of candidates for Americanism. The countries of the Teuton and the Norseman contibuted a large majority, there being eight who were born in Germany, five from Sweden, one Norwegian and one Dane. Switzerland and Austria were each represented by one of Teutonic origin. Two came from Ireland, two from England, one from Canada and one from Italy.

Wilhelm Alexander Lind was the only applicant disappointed. It developed that his first papers were procured before he was 21 years of age. It will be necessary for him to start all over again.

John Edward Henry Whitten Simpson, who was born in Ireland, attracted attention by reason of the long handle on his name. Clerk Lounsbury dropped one of the front sections when he called Simpson's case, and John Edward Henry Whitten was careful to correct it, so that none would be lost.

Following are the names and nativity of the new citizens: Matthew Ryberg, David Laukat, Charles Nicholas Stark, Frederick Herman Brunke, Alfred Ernest Amos, John Jack Febvet, Bernard Moritz and Herman Krouse, of Germany; Axel Fredrich Thorson, Anders Swenberg, August Rickson, Herman Johan and John Graulof, of Sweden; Fritz Anderson of Denmark; Hans Olsen Taug of Norway; Christian Meng of Switzerland; Franz Wagner of Austria; Walter Frank Paine and James William Fowler of England; John Edward Henry Whitten Simpson and Andrew David Allen of Ireland; William Andrew Wylie of Canada, and Gaetane Raglione of Italy.

WIFE HAD TOO MANY AFFINITIES

A. E. Edwards objects to his wife carrying on a "constant courtship" with other men. This is the burden of his cry in a complaint for divorce against Mrs. Florence Edwards, which is extended over several pages in telling of his wife's love-making.

Edwards says that she finds much enjoyment in Portland dance halls. Once, he says, when he caught her drinking, she only laughed at him. At another time, he relates, he went into a house at Grand avenue and Burnside strets to use the telephone and was astonished to see his wife there with another man. He alleges that she has often offended, and names Ed Snyder as his wife's affinity. He was married in Portland in July, 1902.

Dora A. Boyd has begun suit for divorce from Orville Boyd, to whom she was married in Walla Walla, Wash., in August, 1904. She alleges that she was deserted the next month after marriage. She desires to resume her former name, Dora A. Bettey.

DR. CHANEY'S BODY DUE HERE TOMORROW

The body of Dr. Fred R. Chaney, who was killed last week while scaling a mountain peak near Valdez, Alaska, will arrive in Portland tomorrow morning. The body is being brought to Seattle on the steamer Pennsylvania, and is expected to arrive some time this afternoon or evening.

The funeral of the young man will take place Monday afternoon at 4 o'clock from the Elks' temple. Mrs. F. B. Chaney, the boy's mother, lives at 55 East Fourteenth street.

Dr. Chaney was born in Brooklyn, N. Y., in 1885, and came to Oregon with his parents when he was 6 years old. He graduated from the Sunnyside grammar school, the high school, and in 1903 entered the medical department of the state university, where he graduated with the class of 1907. About 14 months ago he went to Valdez to practice medicine.

Call for Convention.

San Francisco, Sept. 19.—The Republican state central committee today issued a call for a state convention to meet at Oakland next Wednesday for the purpose of nominating a justice of the supreme court to fill the vacancy in the supreme bench caused by the death of Justice Thomas B. McFarland last Wednesday.

WORKED DOCTORS ON FAKE SUITS

Lawyer Who Has Also Been "Working" at Kelly Butte Released.

Eugene Spencer, a Scandinavian with a good education which he put to use by representing himself as a lawyer and seeking the collection of bad bills from professional men, was released from the Kelly Butte rock pile Thursday after serving a sentence of 364 days for defrauding his prospective clients.

Some time before Spencer left the rock quarry he told other prisoners he would "expose" everybody connected therewith.

So far as can be learned his work in the county's quarry and on the big crusher is the first genu
