—and for so trifling a cost."

No matter how sultry it gets—your home will be cool and delightful if you install an electric fan.

For less than one cent an hour you can enjoy its invigorating breezes.

An oscillating fan will refresh a whole room full of people—or it will circulate the air in several rooms at the same time if properly placed.

Prices of oscillating fans range from **$14.00** upward. Other fans from **$8.50** to **$17.25.**

A cool electric fan should be in every electrically lighted home.

HOMESTEADS

If you want a good 320 acre homestead you should write me at once. I spent several hundred dollars and almost a years' time investigating the different homestead districts of the Northwest. I finally bought out a relinquishment here adjoining the town of Imperial. I now have two or three other first class relinquishments near mine for sale. The price is no more, if as much, as the usual location fee charged by locaters.

This valley is thickly settled, prosperous, has schools, the advantages of a small town, daily passenger and freight automobile service connecting with railroads. We will soon have a railroad. Plenty of water and wood, good even climate, grow almost any crop. Write me now, enclosing stamp, and I will tell you all about these claims. Address
